Interpreting the Old Testament Theologically Andrew T. Abernethy, 2018-12-18 How should Christians read the Old Testament today Answers to this guestion gravitate between two poles On the one hand some pay little attention to the gap between the Old Testament and today reading the Old Testament like a devotional allegory that points the Christian directly to Jesus On the other hand there are folks who prioritize an Old Testament passage s original context to such an extent that it is by no means clear if and how a given Old Testament text might bear witness to Christ and address the church This volume is a tribute to Willem A VanGemeren an ecclesial scholar who operated amidst the tension between understanding texts in their original context and their theological witness to Christ and the church The contributors in this volume share a conviction that Christians must read the Old Testament with a theological concern for how it bears witness to Christ and nourishes the church while not undermining the basic principles of exegesis Two questions drive these essays as they address the topic of reading the Old Testament theologically Christology If the Old Testament bears witness to Christ how do we move from an Old Testament text theme or book to Christ Ecclesiology If the Old Testament is meant to nourish the church how do scriptures originally given to Israel address the church today The volume unfolds by first considering exegetical habits that are essential for interpreting the Old Testament theologically Then several essays wrestle with how topics from select Old Testament books can be read theologically Finally it concludes by addressing several communal matters that arise when reading the Old Testament theologically A Monastic Introduction to Sacred Scripture Thomas Merton, 2022-10-27 Thomas Merton gave numerous conferences during his decade 1955 1965 as novice master at the Cistercian Abbey of Gethsemani In A Monastic Introduction to Sacred Scripture Patrick F O Connell presents one of these a wide ranging introduction to biblical studies Drawing on church tradition teaching of recent papal documents and scholarly resources of the time Merton reveals the central importance of the Scriptures for the spiritual growth of his listeners For Merton at the heart of any meaningful reading of the Scriptures not only for monks but for all Christians is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them O Connell's extensive introduction situates this reflection in the context of Merton's evolving engagement with the Bible from his own days as a
