Romania The Unfinished Revolution:

Romania Steven D. Roper, 2000 The Romanian revolution was motivated by a desire for greater political and intellectual freedom and economic prosperity It was the bloodiest of the eastern European transitions due to Ceausescu's cult of personality However many of the goals of the revolution are still unfulfilled The lack of civil society charges of political corruption the failure to transform the economy and concerns over the protection of ethnic minority rights are all factors in Romania's failure to become a fully integrated European country Tracing the country's political history and examining Romania's postcommunist politics economic transition and foreign policy this book contemplates the prospects for this country as it enters the twenty first century

Romania's Unfinished Revolution Anneli Ute Gabanyi, 1991 **The Unfinished Revolution** Minky Worden, 2012-07-04 CUSTOMERS IN NORTH AMERICA COPIES ARE AVAILABLE FROM WWW SEVENSTORIES COM Women's rights have progressed significantly in the last two decades but major challenges remain in order to end global gender discrimination The unfinished revolution *Voices from the global fight for women's rights* outlines the recent history of the battle to secure basic rights for women and girls including in the Middle East where the hopes raised by the Arab Spring are yet to be fulfilled This anthology opens with a foreword by Christiane Amanpour and features essays by more than 30 writers activists policymakers and human rights experts including Nobel laureates Shirin Ebadi and Jody Williams Most important are contributions from women who have fought against human rights abuses and have become agents of change Contributors propose new workable solutions to ongoing rights violations including human trafficking and harmful traditional practices such as child marriage and female genital mutilation As a whole the book shows that the struggle for women's equality is far from over and is essential reading for everyone involved in the fight to realise the full potential for half the world's population

Romania since the Second World War Florin Abraham, 2016-11-17 CHOICE Outstanding Academic Title 2017 *Romania since the Second World War* is the first book about Romania designed to chart the progress of the nation under the communist regime as well as the transition period that followed providing detailed analysis of the aspects of continuity and change that can be identified over the period as a whole The book begins with Romania's involvement in the Second World War looking at the communist regime in depth It examines how communism took hold and the elimination of traditional elites took place before discussing the impact of Gheorghiu Dej and Nicolae Ceausescu the two most important leaders of the communist era The following chapters cover the main social and economic changes during the communist regime The second part of the book explores the transition period following the end of communism in 1989 with special attention given to international relations and Romania's drive for inclusion in NATO and the EU *Romania since the Second World War* assesses socio demographic trends across the postwar period before concluding with some thoughts on the nation's development during this time The book includes a useful appendix covering the key figures in Romania's recent history and a helpful bibliography making this a key text for anyone interested in the modern history of

Eastern Europe *Romania Since 1989* Henry F. Carey, 2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania's journey from sultanistic national communism to a yet unreached democratic government **Disaster Response by Ceaușescu's Communist Regime in Romania** Karin Steinbrueck, 2024-10-21 This book contains the first comprehensive history using extensive primary sources to trace the 1977 earthquake disaster response by the Ceaușescu communist regime contextualizing its contribution to the public risk that remains in Romania's capital Bucharest It traces a history of one authoritarian government's disaster response linking its decisions and ultimate inactions to contemporary public risk The book begins with a stand alone chapter to introduce readers to twentieth century Communist Romania and contextualize the Ceaușescu regime's response It provides insights into how Radio Free Europe filled the information vacuum how the political police the Securitate worked as first responders and how scientific experts debated the best course of action It examines how the regime requested specific foreign assistance and activated its Securitate abroad to encourage such prioritized restoration of the economy and encouraged domestic cash and labor contributions in the name of recovery The book examines how the disaster response abruptly ended leaving thousands of structurally unsafe buildings It explains the contemporary seismic risk and post communist mitigation efforts to reduce it This book will be of interest to students researchers and policy makers in the fields of history disaster studies urban planning politics and those interested in communist era Romania Europe and Eurasia totalitarian and authoritarian regimes The Memorialization of Genocide Simone Gigliotti, 2017-10-02 Divided societies tormented pasts and unrepentant perpetrators Why are some countries more intent on vanquishing uncomfortable pasts than others How do public and often unsightly attempts at memorialisation both fail the victims and valorize their oppressors This book offers fresh and original perspectives on dictatorship fascism and victimization from the bloodiest decades in Europe's Australia's and Central America's colonial and modern history Chapters include analyses of Francoist memorials in Spain assessments of the El Mozote massacre in El Salvador the forgetting of frontier colonial violence in Tasmania Romania's treatment of its Roma populations in the midst of Holocaust memorialisation in Bucharest's urban development and whether or not the Holocaust continues to serve as an instructional model or impossible aspiration for cross cultural genocide memorialisation strategies In an era of ongoing political ethnic and religious conflict and unrepentant insurgent activity around the world this collection reminds readers that genocidal actions wherever and whenever they occurred must be held to account by more than rhetoric and concrete memory This book was originally published as a special issue of the Journal of Genocide Research Transitional Justice in Post-Communist Romania Lavinia Stan, 2013 This is the first volume to overview the complex Romanian transitional justice effort detail the political negotiations that have led to the adoption and implementation of relevant legislation and assess these processes in terms of their timing sequencing and impact on democratization *Romania Confronts its Communist Past* Vladimir Tismaneanu, Marius Stan, 2018-05-17

Reckoning with mass crimes perpetrated by an ideologically driven regime entails engaging in a thorough going exploration of its utopian foundations In the case of Romania such an analysis requires an interpretation of the role of personality in the construction of a uniquely grotesque and unrepentant form of neo Stalinist despotism Of all the revolutions of 1989 the only violent one took place in Romania Confronting its communist past therefore involves addressing the abuses committed by the communist regime up to its very last day its failure to engage in Round Table type agreements with democratic representatives and the repression during the first post communist years a direct legacy of the old regime This book shows how moral justice can contribute to a restoration of truth and a climate of trust in politics in the absence of which any democratic polity remains exposed to authoritarian attack *Networks and Institutions in Europe's Emerging Markets* Roger Schoenman,2014-05-29 Examines the role of social networks in the efficient running of democratic market economies This title is also available as Open Access **Working Across Cultures** John Hooker,2003 A guide to adapting and thriving within unfamiliar cultural settings challenges the notion that professional life interacts with culture only at the etiquette level distinguishing between rule based and relationship based cultures while considering the roles of such factors as competition security and lifestyle Social Science *Public Finance and Post-Communist Party Development* Janis Ikstens,2016-12-05 This key volume explores how party and campaign finance in post communist countries have influenced the development of the party system Based on an analysis of nine case studies the work examines how the implementation of public finance affects the pattern of party competition and the role of money in elections One of the lessons from the post communist experience is that no matter how well designed public finance systems are subject to constant revision as parties politicians and business elites exploit loopholes which can undermine the integrity of the entire system Party and campaign finance systems must therefore be considered in a larger discussion involving party regulation and electoral rules *Heroes and Victims* Maria Bucur,Maria Bucur-Deckard,2009 The cultural politics of commemorating war [Twentieth Century Romania](#) Kurt Treptow,2023-11-21 The studies included in this volume reflect on the history and culture of Romania during the twentieth century a critical century for the country that saw such realizations as the achievement of national unity as well as the horrors of two world wars and the installation of a brutal communist dictatorship ending in the overthrow of the totalitarian regime and the hopes for a freer and more prosperous future These papers written in English and Romanian were presented at the Eighth International Conference of the Center for Romanian Studies held in Iasi Romania on 24 25 June 2002 on the theme Twentieth Century Romania A Retrospective Studies include Dumitru Sandru Arestările Operate n 1945 n Rom nia Dupa Instaurarea Guvernului Petru Groza Matthew H Ciscel Cei de la Rusi The linguistic identity of the Bessarabian Romanians in the 20th Century Dissidents of the Great Unification Stelu Serban About electoral volatility in interwar Romania Simona Gheorghiu Nicolae Iorga and the Iron Guard Florian Banu Regele Carol al II lea si emigratia rom neasca din America n timpul celui de al doilea razboi mondial Mihail Rotaru Sfatul Tarii si autodeterminarea Basarabiei Basil D

The Politics of a Disillusioned Europe André Liebich, 2021-11-16 Moving from the fall of the Berlin Wall in 1989 to the present day this book traces the trajectory of the six East Central European former satellites of the Soviet Union Poland Hungary the Czech Republic Slovakia Romania Bulgaria that have joined the European Union It seeks in particular to explain these countries disenchantment with the return to Europe in spite of their significant advances The book proceeds country by country and then devotes chapters to some contemporary issues such as minorities migration and the relations of these new members with the European Union as a whole The book eschews theory and is intended for a general audience including students at all levels in political science and history classes devoted to the EU and to contemporary Europe and to an academic and practitioner audience interested in world affairs and the evolution of the European Union The book strives to fill a persistent knowledge gap in the English speaking world concerning East Central Europe and to offer fresh insights about the region in the context of contemporary geopolitics

Justice, Memory and Redress in Romania Lavinia Stan, Lucian Turcescu, 2017-01-06 Are there any lessons Romania can teach transitional justice scholars and practitioners This book argues that important insights emerge when analyzing a country with a moderate record of coming to terms with its communist past Taking a broad definition of transitional justice as their starting point contributors provide fresh assessments of the history commission court trials public identifications of former communist perpetrators commemorations and unofficial artistic projects that seek to address and redress the legacies of communist human rights violations Theoretical and practical questions regarding the continuity of state agencies the sequencing of initiatives their advantages and limitations the reasons why some reckoning programs are enacted and others are not and these measures efficacy in promoting truth and justice are answered throughout the volume Contributors include seasoned scholars from Romania Canada the United States and the United Kingdom and current and former leaders of key Romanian transitional justice institutions

From Peoples Into Nations John Connelly, 2022-01-25 This book is a history of East Central Europe since the late eighteenth century the region of Europe between German central Europe and Russia in the East Connelly argues the region for which it is frequently hard to define exact boundaries and which is sometimes treated country by country in a way seemingly separate from the broader trends of European history was one of shared experience despite most of the peoples being divided by linguistic geographic and political barriers Beginning in the 1780s an unwitting Habsburg monarch Joseph II decreed that his subjects would use only German as he hoped to mold a common nationality using German over the disparate subjects Instead he unleashed the energies and struggle for the emergence of new nations that pitted small peoples armed with an idea against empires The author argues that the underlying national self assertion which emerged under imperial rule in the eighteenth and nineteenth centuries shows deep connections to subsequent histories to the

creation of nation states of the regions after World War I the failure of democratic rule in these states during the interwar years the submersion of the region under Nazi then Soviet rule after 1939 and to the reinvention of sovereign states and then the break up of two of them after 1989 The book interconnects major themes and country histories for first time chronicling this diverse region over many generations from the time of Joseph through democratic and socialist revolutions genocide and Stalinism through civil society movements struggling for liberal democracy into our own day when illiberal politicians come to power by exploiting very old fears **The 1989 Revolutions in Central and Eastern Europe** Kevin

McDermott,Matthew Stibbe,2015-11-01 This important book reassesses a defining historical political and ideological moment in contemporary history the 1989 revolutions in central and eastern Europe Adopting a multi disciplinary approach the authors reconsider such crucial themes as the broader historical significance of the 1989 events the complex interaction between external and internal factors in the origins and outcomes of the revolutions the impact of the Gorbachev phenomenon the West and the end of the Cold War the political and socio economic determinants of the revolutionary processes in Poland Hungary the German Democratic Republic Czechoslovakia Romania and Bulgaria and the competing academic cultural and ideological perceptions of the year 1989 as communism gave way to post communist pluralism in the 1990s and beyond Concluding that the contentious term revolution is indeed apt for the momentous developments in eastern Europe in 1989 this book will be essential reading for undergraduates postgraduates and specialists alike **Revolutionary**

Movements in World History James DeFronzo,2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes Revolutionary Movements in World History covers 79 revolutions from the American and French uprisings of the late 18th century to the rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world s human drama Revolutionary Movements in World History offers a new way of looking at how societies reinvent themselves The Romanian Journal of Society and Politics ,2001
