or ecclesiology *Social Stratification of the Jewish Population of Roman Palestine in the Period of the Mishnah, 70-250 CE* Ben Zion Rosenfeld, Haim Perlmutter, 2020-05-11 This book analyzes Jewish society in Roman Palestine in the time of the Mishnah 70-250 CE in a systematic way carefully delineating the various economic groups living therein from the destitute to the poor to the middling to the rich and to the superrich It gleans the various socioeconomic strata from the terminology employed by contemporary literary sources via contextual philological and historical critical analysis It also takes a multidisciplinary approach to analyze and interpret relevant archeological and inscriptional evidence as well as numerous legal sources The research presented herein shows that various expressions in the sources have latent meanings that indicate socioeconomic status Rich for example does not necessarily refer to the elite and poor does not necessarily refer to the destitute Jewish society consisted of groups on a continuum from extremely poor to extremely rich and the various middling groups played a more important role in the economy than has hitherto been thought **Paul and the Roman Imperial Order** Richard A. Horsley, 2004-01-01 The five articles and Simon Price's response at the core of this book were originally papers delivered in a session of the Paul and Politics Group at the 2000 SBL Annual Meeting There are a number of special features that make this a special combination of articles on Paul in what is turning out to be a highly suggestive new perspective and context the ancient Roman imperial order First these articles are all informed by and respond in some way to the ground breaking work of Simon Price on the Roman imperial cult in Greek cities some of the very cities in which Paul carried out his mission Invited as a special guest of the SBL for the 2000 Annual Meeting Price was the respondent to these papers and interaction with him has aided the authors in their revisions The articles bring a rich variety of fresh perspectives to issues of the relation of Paul and the Roman imperial order including postcolonial theory political anthropological theory James C Scott postcolonial theory and feminist theory along with the new perspective on the imperial cult represented by Price This collection of articles thus stands at the cutting edge of new scholarship on Paul's mission and letters in his political and cultural context Contributors for this book include Robert Jewett Abraham Smith Neil Elliott Rollin A Ramsaran Efrain Agosto Erik Heen Jennifer Wright Knust and Simon R F Price Richard A Horsley is Distinguished Professor of Liberal Arts and the Study of Religion at the University of Massachusetts Boston and the author of *Paul and Politics* *Ekklesia* *Israel Imperium* *Interpretation and Paul* and *Empire Religion and Power in Roman Imperial Society* **Paul in the Greco-Roman World: A Handbook** J. Christianity and the Roman Empire Ralph Martin Novak,2001-02-01 The rise of Christianity during the first four centuries of the common era was the pivotal development in Western history and profoundly influenced the later direction of all world history Yet for all that has been written on early Christian history the primary sources for this history are widely scattered difficult to find and generally unknown to lay persons and to historians not specially trained in the field In Christianity and the Roman Empire Ralph Novak interweaves these primary sources with a narrative text and constructs a single continuous account of these crucial centuries The primary sources are selected to emphasize the manner in which the government and the people of the Roman Empire perceived Christians socially and politically the ways in which these perceptions influenced the treatment of Christians within the Roman Empire and the manner in which Christians established their political and religious dominance of the Roman Empire after Constantine the Great came to power in the early fourth century CE Ralph Martin Novak holds a Masters Degree in Roman History from the University of Chicago For Undergraduates seminarians general audiences

Christian origins and Roman imperial rule Revelation and Material Religion in the Roman East is of interest to students and scholars working on Christian origins ancient Judaism Roman religion classical archeology and the social history of the Roman Empire as well as material religion in the ancient Mediterranean more broadly It is also suitable for religious practitioners within Christian contexts [The Bible Says: History of Abuses Committed in the Name of the Biblical Text](#) Foster Stockwell,2007-06-18 Many people use the Bible the way a drunk might use a lamppost that is for support of their own prejudicial misconceptions rather than for any kind of enlightenment This book details such misuses and points to a holistic method for understanding what the Bible really says *The General Instruction of the Roman Missal, 1969-2002* Dennis Chester Smolarski,2003 This book puts the latest changes in the 2003 General Instruction of the Roman Missal GIRM in context points out the major differences in the recent editions of GIRM and offers thoughts about continued liturgical renewal and overlooked liturgical principles *Common Worship: Festivals* Church of England,2014-08-04 Contains everything needed to celebrate the Saints days principal holy days and special occasions in the Church of England calendar It brings together all the prayers and Collects needed for these days with Eucharistic material and music plus Holy Communion Order One in the centre of the book for easy access [Romans: A Social Identity Commentary](#) William S. Campbell,2023-01-26 William S Campbell provides a comprehensive commentary on Paul s most challenging letter In conversation with reception history and previous scholarship he emphasizes the contextuality of Romans as a letter to Rome using social identity theory combined with historical literary and theological perspectives to arrive at a coherent reading of the entire letter Because Paul has never visited Rome and is not the founder of the Christ movement there Campbell argues that his guidance and teaching are formulated more cautiously than in his other letters Yet the long list of people who had previous links with him and his mission to the gentiles demonstrates that Paul is well informed about the situation in Rome and addresses issues that have arisen With Christ the Messianic Time is beginning but there was some lack of clarity in Rome about the implications of this for Jews and gentiles Rather than ethne in Christ replacing Israel as some in Rome possibly concluded Campbell stresses that Paul affirms the irrevocable calling of Israel and that simultaneously the identity of ethne in Christ is also called alongside the people Israel thus the integrity of the identity of both is affirmed as indispensable for God s purpose now revealed in Christ Campbell fully demonstrates how Paul in Romans achieves this by the social and theological intertwining of the message of the gospel *The Countercultural Victory of 1 John in Greco-Roman Context* Ahreum Kim,2023-09-21 Ahreum Kim re examines conquering language in 1 John arguing that when the letter is read with the context of Greco Roman culture in mind the conflict extends beyond in fighting within the Johannine community She suggests that the letter s author presents a consistent countercultural narrative due to concern about the predominant world and proposes that the author exhorts the minority Johannine community to hold onto their belief while proclaiming that they are triumphant conquerors against the prevailing world Kim first examines how conquering language toward a Johannine

nike utilizes militaristic undertones already familiar in Greco Roman culture She argues that each of the opponents mentioned is affiliated with the world and it is ultimately the conquering of the world itself which marks the Johannine victory Kim demonstrates that the author references the negative fear of the divine in the polytheistic world which contrasts with the Johannine love of God and that his countercultural message continues to the very end with a concluding warning against the many worldly idols Finally she posits that the battle with the Greco Roman world is ultimately a conflict of pistis comparing Roman soldiers achieving military victories with a pistis to their emperor and the repeated emphasis on Jesus as the true Son of God
