history class gender science and the use of media as well as a thorough account of the most central literary genres around the turn of the 19th century The focus of the book however will lie on a discussion of key literary texts in the light of the most recent theoretical developments Thus the Handbook of British Romanticism will provide students with an introduction to Romantic literature in general and literary scholars with a discussion of innovative and groundbreaking theoretical developments

[Americomania and the French Revolution Debate in Britain, 1789-1802](#) Wil Verhoeven, 2013-11-12 This book explores the evolution of British identity and participatory politics in the 1790s Wil Verhoeven argues that in the course of the French Revolution debate in Britain the idea of America came to represent for the British people the choice between two diametrically opposed models of social justice and political participation Yet the American Revolution controversy in the 1790s was by no means an isolated

phenomenon The controversy began with the American crisis debate of the 1760s and 1770s which overlapped with a wider Enlightenment debate about transatlantic utopianism All of these debates were based in the material world on the availability of vast quantities of cheap American land Verhoeven investigates the relation that existed throughout the eighteenth century between American soil and the discourse of transatlantic utopianism between America as a physical geographical space and America as a utopian dystopian idea image

The Romantic Literary Lecture in Britain Sarah Zimmerman, 2019-01-04 At the beginning of the nineteenth century the literary lecture arrived on London's cultural scene as an influential critical medium and popular social event It flourished for two decades in the hands of the period's most prominent lecturers Samuel Taylor Coleridge John Thelwall Thomas Campbell and William Hazlitt Lecturers aimed to shape auditors' reading habits, burnish their own professional profiles and establish a literary canon Auditors wielded their own considerable influence since their sustained approbation was necessary to a lecturer's success and independent series could collapse midway if attendance waned Two chapters are therefore devoted to the auditors whose creative responses to what they heard often constituted cultural works in their own right Auditors wrote poems and letters about lecture performances, acted as patrons to lecturers and hosted dinners and conversation parties that followed these events Prominent auditors included John Keats, Mary Russell Mitford, Henry Crabb Robinson, Catherine Maria Fanshawe and Lady Charlotte Bury The Romantic public literary lecture is a fascinating cultural phenomenon in its own right but understanding the medium has significant implications for some of the period's most important literary criticism such as Coleridge's readings of Shakespeare and Hazlitt's Lectures on the English Poets 1818 The book's two main aims are to chart the emergence of the literary lecture as a popular medium and to develop a critical approach to these events by drawing on an interdisciplinary discussion about how to treat historical speaking performances
