Romanticism Gendered Andrea Fischerová, 2020-11-09 This study focuses on the six writing men who have been throughout decades regarded as the alpha and omega of British Romanticism Byron Coleridge Keats Scott Shelley and Wordsworth It sees these men as a representative cohort of their time and examines their letters as results of a reading process Although letters are usually seen as additional sources of reference in literary studies in this book they are treated as the dominant information material correspondence enables to reconsider British Romanticism on the basis of the

epistolary communication of the first half of the nineteenth century The target information from the letters are references to women writers and to their writings A detailed analysis of the correspondence manages to answer the question whether male Romantics regarded writing women as provoking from time to time as Duncan Wu assumes and whether the gender identity of the woman author influenced the way male readers read her literary works The examination of the correspondence thus takes a gendered perspective on British Romanticism This approach to the target research data discloses a long list of almost 120 names of women writers from different periods and of different literary genres Whereas the male readers in question have acquired a well established stable long term position within literary history the women were often marginalized even forgotten The study presents plentiful examples proving the discrepancies between what the twenty first century reader regards as the core of women s Romantic literary tradition and what the Romantic reader did The following women writers are discussed in the study in detail Susannah Centlivre Anne Finch Lady Winchelsea Ann Radcliffe Mary Robinson Felicia Hemans Mary Shelley Joanna Baillie Maria Edgeworth Maria Jane Jewsbury Catherine Grace Godwin and Emmeline Fisher

Eighteenth-Century Women Poets and Their Poetry Paula R. Backscheider, 2005-12-31 Co Winner James Russell Lowell Prize Modern Language Association This major study offers a broad view of the writing and careers of eighteenth century women poets casting new light on the ways in which poetry was read and enjoyed on changing poetic tastes in British culture and on the development of many major poetic genres and traditions Rather than presenting a chronological survey Paula R Backscheider explores the forms in which women wrote and the uses to which they put those forms Considering more than forty women in relation to canonical male writers of the same era she concludes that women wrote in all of the genres that men did but often adapted revised and even created new poetic kinds from traditional forms Backscheider demonstrates that knowledge of these women s poetry is necessary for an accurate and nuanced literary history Within chapters on important canonical and popular verse forms she gives particular attention to such topics as women s use of religious poetry to express candid ideas about patriarchy and rape the continuing evolution and important role of the supposedly antiquarian genre of the friendship poetry same sex desire in elegy by women as well as by men and the status of Charlotte Smith as a key figure of the long eighteenth century not only as a Romantic era poet **The Collected Poetry of Mary Tighe** Paula R.

Tighe, 2021-12-14 Mary Blachford Tighe was born in Dublin in 1772 and became a poet by the age of seventeen Her enormously popular 1805 epic poem *Psyche or The Legend of Love* made her a fixture of English literary history for much of the nineteenth century For much of the twentieth century however Tighe was better known for her influence on Keats's poetry than the considerable merits of her own work *The Collected Poems and Journals of Mary Tighe* restores Tighe to the general canon of English literature of the period With over eighty-five poems including the complete *Psyche* and extracts from several journals both by and about Tighe Harriet Kramer Linkin's annotated edition is the most complete collection of Mary Tighe's work to be published in one volume Letitia Elizabeth Landon and Metrical Romance Serena Baiesi, 2010

Letitia Elizabeth Landon 1802-1838 was one of the leading women poets of the second generation of English Romantic writers Following her predecessor Walter Scott and her contemporary Lord Byron she was a fluent practitioner and essential innovator of the metrical romance and exerted a strong influence on the work of Victorian poets especially Elizabeth Barrett Browning Robert Browning and Christina Rossetti This book analyses Landon's poetics with particular reference to the close relationship between the narrative poem as literary genre and its gender implications Landon was both an eclectic writer and a literary businesswoman she was an extremely effective promoter of her literary work in order to support her independent life in London Furthermore she was the editor of several annuals and gift books wrote for magazines and published numerous poems novels and editorials Her active life and mysterious and premature death in Africa attracted the curiosity of many biographers during the twentieth century but only in recent times has critical attention been paid to her rich literary output This volume aims to discuss and analyse the work of a talented artist whose metrical romance strongly influenced the poetics of late Romanticism and prefigured a highly successful genre widely adopted during the Victorian age the dramatic monologue **Sensitive Negotiations** Nikki Hessell, 2021-08-01

Throughout the nineteenth and early twentieth centuries Indigenous peoples in North America and the Pacific engaged with the latest and most fashionable British Romantic poetry as part of transcontinental and transoceanic cross-cultural negotiations about sovereignty treaty rights and land claims In *Sensitive Negotiations* Nikki Hessell uses examples from North America Africa and the Pacific to show how these Indigenous figures quoted lines from famous poets like Lord Byron and Felicia Hemans to build sympathy and community with their audience Hessell makes new connections by setting aside European-derived genre barriers to bring literary studies to bear on the study of diplomacy and scholarship from diplomatic history and Indigenous studies to bear on literary criticism By connecting British Romantic poetry with Indigenous diplomatic texts artefacts and rituals Hessell reimagines poetry as diplomatic and diplomacy as poetic **Romantic Echoes in the Victorian Era** Andrew Radford, 2017-03-02 In tracing

those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of these Victorian definitions Romantic Echoes in the Victorian Era reassesses Romantic literature's immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Brontës the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these contemporary debates stem from Romanticism's inception in the Victorian age

Family Authorship and Romantic Print Culture M. Levy, 2008-01-17 This book explores the conjunction of authorship and family life as a distinctive cultural formation of Romantic era Britain It traces an alternative history of Romantic authorship one that lies on the cusp between a vanishing manuscript culture and the dominance of print grappling with an evolving tension between the private and public spheres

Wordsworth, Hemans, and Politics, 1800-1830 Benjamin Kim, 2013-09-26 Wordsworth Hemans and Politics 1800 1830 Romantic Crises is a study of the political lives of William Wordsworth and Felicia Hemans between 1800 and 1830 Benjamin Kim argues that the dominant paradigm for their political thought was that of crisis Obsessed with the mysterious connections between the individual the home and the state Wordsworth and Hemans portrayed all three in a common crisis that would be resolved in the future Both writers articulated historical moments when the tenuousness of the present society gives glimpses into a future one Wordsworth Hemans and Politics presents revisionary readings of major works and contributes to long standing discussions on a number of different topics such as dissenting politics poor relief gender roles in peace and wartime and the nature of historical memory By focusing on the dramatic nature of the narratives of crisis Kim adds complexity to the master narratives of the Romantic period that so often limit and simplify political expression

Women's Romantic Theatre and Drama Keir Elam, 2016-12-05 As theatre and drama of the Romantic Period undergo a critical reassessment among scholars internationally the contributions of women as playwrights actresses and managers are also being revalued This volume which brings together leading British North American and Italian critics is a crucial step towards reclaiming the importance of women s dramatic and theatrical activities during the period Writing for the theatre implied assuming a public role a hazardous undertaking for women who especially after the French Revolution were assigned to the private primarily domestic sphere As the contributors examine the covert strategies women used to become full participants in the public theatre they shed light on the issue of women s agency expressed both through the writing of highly politicized or ethicized drama as in the case of Elizabeth Inchbald or Joanna Baillie and through women s professional practice as theatre managers and stage producers as in the case of Elizabeth Vestris and Jane Scott Among the topics considered are women s history plays domesticity ethics and sexuality in women s closet drama the politics of drama and performance and the role of women as managers and producers Specialists in performance studies Romantic Period drama and women s writing will find the essays both challenging and inspiring The Juvenile Tradition Laurie Langbauer, 2016 The Juvenile Tradition covers the late 18th and early 19th century drawing on the history of childhood and child studies along with reception study and audience history to recast literary history Fellow Romantics Beth Lau, 2016-12-05 Beginning with the premise that men and women of the Romantic period were lively interlocutors who participated in many of the same literary traditions and experiments Fellow Romantics offers an inspired counterpoint to studies of Romantic era women writers that stress their differences from their male contemporaries As they advance the work of scholars who have questioned binary approaches to studying male and female writers the contributors variously link among others Charlotte Smith and William Wordsworth Mary Robinson and Samuel Taylor Coleridge Felicia Hemans and Percy Bysshe Shelley Jane Austen and the male Romantic poets These pairings invite us to see anew the work of both male and female writers by drawing our attention to frequently neglected aspects of each writer s art Here we see writers of both sexes interacting in their shared historical moment while the contributors reorient our attention toward common points of engagement between male and female authors What is gained is a more textured understanding of the period that will serve as a model for future studies
