the People's Socialist Republic of Albania. Then almost overnight the Berlin Wall fell and the pillars of her society toppled. The local statue of Stalin whom she had believed to be a kindly leader who loved children was beheaded by student protestors. Uncomfortable truths about her family's background emerged. Lea learned that when her parents and neighbors had spoken in whispers of friends going to university or relatives dropping out, they meant something much more sinister. As she learned the truth about her family's past, her best friend fled the country. Together with neighboring post-Communist states, Albania began a messy transition to join the free markets of the Western world: a dystopia of pyramid schemes, organized crime, and sex trafficking. Her father, despite his radical left-wing convictions, was forced to fire workers; her mother became a conservative politician on the model of Margaret Thatcher. Lea's typical teen concerns about relationships and the future were shot through with the existential: the nation was engulfed in civil war. Ypi's outstanding literary gifts enable her to weave together this colorful, tumultuous coming-of-age story in a time of social upheaval with thoughtful, fresh, and invigorating perspective on the relation between the personal and the political, and on deep questions about freedom: What does freedom consist of, and for whom? What conditions foster it? Who among us is truly free? *The Proud and the Free*
