*Metaphrasis: A Byzantine Concept of Rewriting and Its Hagiographical Products*, 2020-09-25 *Metaphrasis A Byzantine Concept of Rewriting and Its Hagiographical Products* represents a first and authoritative discussion of rewriting in Byzantium. It brings together a rich variety of articles that treat the topic of hagiographical rewriting from various angles. The contributors discuss and comment on different kinds of texts in Greek and other languages including Apophthegmata Patrum, Passions, Saints Lives, Enkomia, Miracle Collections, Synaxaria, and Menologia, which date from late antiquity to late Byzantium. The volume offers a series of case studies examining how the same legends evolved through time by the process of rewriting. It is shown that the main driving force behind such rewriting was adaptation to different audiences and contexts. This work argues that rewriting is central to Christian cultures in the Middle Ages. Contributors are Andria Andreou, Anne Alwis, Stavroula Constantinou, Koen de Temmerman, Kristoffel Demoen, Marina Detoraki, Bernard Flusin, Laura Franco, Martin Hinterberger, Christian H gel, Daria D Resh, Klazina Staat, Julie van Pelt, Robert Wi niewski, and John Wortley. American Book Publishing Record, 2001. **Forthcoming Books** Rose Arny, 1998-04. **Trinitarian Pneumatological Personhood and the Theology of John Zizioulas** Ronald L. Adkins, 2023-02-28. In a growing secular society, what distinguishes a Christian from a non-Christian? Is a Christian identified by certain religious and ceremonial activity, social action, principles, or do their relationships identify them as Christian? This book suggests that a Christian person is in a continual relationship with the Triune God through the Holy Spirit. Furthermore, this living relationship reflects the eternal relationship of the Father, Son, and Holy Spirit because people have been created in the image and likeness of the Triune God. This book uses historical, theological, philosophical, and biblical approaches to understand the Christian person. Throughout this book, the reader will be engaged with the modern Greek theologian John Zizioulas. However, this book is a study on the person of the Holy Spirit, though never separated from the trinitarian relationship who makes a human person a Christian. Aural Architecture in Byzantium: Music, Acoustics, and Ritual Bissera Pentcheva, 2017-07-14. Aural architecture identifies those features of a building that can be perceived by the act of listening in them. Emerging from the challenge to reconstruct sonic and spatial experiences of the deep past, this book invites readers into the complex world of the Byzantine liturgy experienced in its chanted form in interiors covered with monumental mosaics and frescoes. The multidisciplinary collection of ten essays explores the intersection of Byzantine liturgy, music, acoustics, and architecture in the Late Antique churches of Constantinople, Jerusalem, and Rome, and reflects on the role digital technology can play in re-creating aspects of the sensually rich performance of the divine word. **Religion Index One**, 2007. *Writing and Holiness* Derek Krueger, 2013-04-03. Drawing on comparative literature, ritual and performance studies, and the history of asceticism, Derek Krueger explores how early Christian writers came to view writing as salvific, as worship through the production of art. Exploring the emergence of new and distinctly Christian ideas about authorship in late antiquity, *Writing and Holiness* probes

saints lives and hymns produced in the Greek East to reveal how the ascetic call to imitate Christ's humility rendered artistic and literary creativity problematic. In claiming authority and power hagiographers appeared to violate the saintly practices that they sought to promote. Christian writers meditated within their texts on these tensions and ultimately developed a new set of answers to the question: What is an author? Each of the texts examined here used writing as a technique for the representation of holiness. Some are narrative representations of saints that facilitate veneration; others are collections of accounts of miracles composed to publicize a shrine. Rather than viewing an author's piety as a barrier to historical inquiry, Krueger argues that consideration of writing as a form of piety opens windows onto new modes of practice. He interprets Christian authors as participants in the religious system they described as devotees, monastics, and faithful emulators of the saints, and he shows how their literary practice integrated authorship into other Christian practices such as asceticism, devotion, pilgrimage, liturgy, and sacrifice. In considering the distinctly literary contributions to the formation of Christian piety in late antiquity, *Writing and Holiness* uncovers Christian literary theories with implications for both Eastern and Western medieval literatures.

**Black Bride of Christ**, 2018-11-27 Teresa de Santo Domingo, born with the name Chicaba, was a slave captured in the territory known to seventeenth and eighteenth century Spanish and Portuguese navigators and slave traffickers as La Mina Baja del Oro, the part of West Africa that extends through present-day eastern Ghana, Togo, Benin, and western Nigeria. Upon the death of her Spanish master, Chicaba was freed to enter a convent. The Dominicans of La Penitencia in Salamanca accepted her after she had been rejected by several other monasteries because of her skin color. Even in her own religious community, race put her at a disadvantage in the highly stratified social hierarchy of monastic houses of the era. Her life story is known to us through a document entitled *Compendio de la vida ejemplar de la Venerable Madre Sor Teresa Juliana de Santo Domingo*, which is the foundational documentary evidence in the case for beatification of this nun, and as such it is the most significant and comprehensive source of information about her. This volume, the first English translation of the *Compendio*, is a hagiography, an example of a biographical genre that recounts the lives and describes the spiritual practices of saints officially canonized by the Church, respected ecclesiastical leaders, or holy people informally recognized by local devotees. The effort to have Chicaba canonized continues today as Fra Molinero and Houchins explore in their introduction to the volume.

**I Am with You Always** Benedict Groschel, 2010-01-01 Though the devotional life is sometimes brushed off as unimportant in comparison to a theological understanding of Christ, Groschel warns that such dismissal threatens to make distant, unknown, and obscure the Savior who said, "I am with you always." Instead, the answer is to draw near to Jesus in devotion and with authentic expressions of that devotion, which themselves help paint the image of Christ found concretely in revelation onto the minds and into the daily life of the devout.
