Ronald Firbank A Biography:

Ronald Firbank Miriam J. Benkovitz, 1969 *Ronald Firbank* Ronald Firbank, 1969 **Ronald Firbank** Edward Martin Potoker, 1969 *Concerning the Eccentricities of Cardinal Pirelli* Ronald Firbank, 2022-08-01

Ronald Firbank's *Concerning the Eccentricities of Cardinal Pirelli* stands as a striking example of early 20th century literary modernism characterized by its innovative narrative style and intricate use of language. Firbank's prose is imbued with a heightened sense of surrealism and vivid imagery creating a world where the boundaries between the sacred and the profane blur. Through the eccentric life of Cardinal Pirelli the novel explores themes of identity morality and societal convention providing a satirical lens through which readers can scrutinize the complexities of religious and personal eccentricity. Firbank an openly homosexual writer during a time of considerable social conservatism often infused his work with his unique perspectives on sexuality and the human condition. His experiences in both Catholic and artistic circles influenced his portrayal of religious figures setting the stage for a critique of institutional norms. Firbank's own flamboyant lifestyle and deep appreciation for art and aesthetics resonate throughout the text enabling a lively yet contemplative exploration of his protagonist's idiosyncrasies. This remarkable work is essential for readers interested in the interplay of faith and individuality as well as those drawn to the intricacies of modernist literature. Firbank's sharp wit and imaginative narrative will not only engage but also provoke thoughtful reflection on the complexities of human nature within the confines of societal expectation.

Ronald Firbank, His Life and Works Jocelyn Brooke, 1951 **Biography** Ira B. Nadel, 1986-06-18 **Prancing Novelist** Brigid Brophy, 1973 **Complete Plays** Ronald Firbank, 1994

Complementing Dalkey Archive's edition of Firbank's *Complete Short Stories* published in 1990 *Complete Plays* makes available for the first time in one volume this inimitable British writer's three excursions into drama. *The Mauve Tower* 1904 a dream play reminiscent in language and setting of Oscar Wilde's *Salome* and the writings of the French symbolists. *A Disciple from the Country* 1907 a one act comedy about a debutante who flirts with religion and sainthood in order to catch a husband and *The Princess Zoubaroff* 1920 a three act comedy about marriage religion and homosexual separatism. The latter which has been produced in England occasionally since the 1950s is

considered to be among Firbank's major works and yet it like the other two plays has not been generally available in this country until now. The plays are filled with the wit and satire for which Firbank's novels are relished indeed Firbank's novels relied so heavily on dialogue that the distinction between them and his plays is minimal. Consequently those who enjoy his novels and stories as well as those who enjoy the comic British theater tradition of Pinero, Wilde and Coward should welcome this collection. Steven Moore who edited the Complete Short Stories has written an introduction placing the plays in the context of Firbank's life.

The Turn of the Century Christian Berg, Frank Durieux, Geert Lernout, 1995. Rewritten versions of contributions to an international conference held at the University of Antwerp in May 1992. Starting point for the conference was the vagueness of the very terms modernism and modernity. In the first section a group of comparatists address the theoretical and terminological problems of modernism. Practical readings of modernist writers' discussions of different modernist movements and the work of critics who have contributed to debates about modernism make up the second section. The third section looks at the problem of modernism from an interartistic and interdisciplinary perspective.

The Ruling Passion Christopher Lane, 1995. In *The Ruling Passion* Christopher Lane examines the relationship between masculinity, homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century. Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire, this book presents a counterhistory of the empire's many layers of conflict and ambivalence. Through attentive readings of sexual and political allegory in the work of Kipling, Forster, James Beer, Boehm, Firbank and others and deft use of psychoanalytic theory, *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure, power and mastery, intimacy and antagonism. By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive, *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis. Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery.
