Room In California Poems:

Poetry Los Angeles Laurence Goldstein,2014-03-12 A look at the poetry of one of America s most populous and fascinating cities with poems spanning from 1942 to 2012 *Fucking Poetry* Dustin Scott,2014-09-26 *Fucking Poetry* is a book of working class poetry from the heart and pocket of a talented young poet This book is the culmination of one and half years of Dustin Scott carrying a notebook in his pocket and writing poems when inspired This pocket project has produced a raw unapologetic look at life from a loving and spiritual man who isn t afraid to mix in some cuss words when called for Bob Uncle Bacon Hurton calls it Raw and unflinching love poems for your Post Post Modern angst If you like poems that have traveled in the artist s pocket for over a year then you ll loved these aged and seasoned works from this promising new poet

Ideas of Space in Contemporary Poetry Ian Davidson,2007-04-17 This book draws out connections between ideas of space in cultural and social theory and developments in contemporary poetry Studying the works of poets from the UK and USA we explore relationships between the texts ideas of globalization and issues of nationality identity language and geography The Music Space / Poems Daniel Abdal-Hayy Moore,2007-07-01 THE MUSIC SPACE written in 2001 is a series of poems most acutely attuned to the sounds of our universe composed for the most part while traveling back and forth to New York unexpectedly ending with the world transforming events of 9 11 completing in an apocalyptic way an unforeseen circle This is the music space where music is most difficult this place of joy and horror I think the music of the spheres can be heard in this space And the original sound is the sound of God alone audible to Himself and we are the humming elements of that sound **Contemporary Women's Poetry and Urban Space** Z. Skoulding,2013-10-03 This book focuses on the role of the city and its processes of mutual transformation in poetry by experimental women writers Readings of their work are placed in the context of theories of urban space while new visions of the contemporary city and its global relationships are drawn from their innovations in language and form

The Thing on the Doorstep and Other Weird Stories H. P. Lovecraft,2001-10-01 A definitive edition of stories by the master of supernatural fiction Howard Phillips Lovecraft s unique contribution to American literature was a melding of traditional supernaturalism derived chiefly from Edgar Allan Poe with the genre of science fiction that emerged in the early 1920s This Penguin Classics edition brings together a dozen of the master s tales from his early short stories Under the Pyramids originally ghostwritten for Harry Houdini and The Music of Erich Zann which Lovecraft ranked second among his own favorites through his more fully developed works The Dunwich Horror The Case of Charles Dexter Ward and At the Mountains of Madness The Thing on the Doorstep and Other Weird Stories presents the definitive corrected texts of these works along with Lovecraft critic and biographer S T Joshi s illuminating introduction and notes to each story For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts

enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

The Landscapes of W. H. Auden's Interwar Poetry Ladislav Vít, 2021-12-14 This is the first book length study foregrounding Auden's sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition Precisely because of his stature these elaborations on Auden's preoccupation with places escapism borders and local identity promise to enrich our understanding of the cultural and intellectual climate of the interwar period when established notions of local places and cultures were beginning to be contested by internationalisation This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry interwar culture and the literary representation of space

Reading the Past Across Space and Time Brenda Deen Schildgen, Ralph Hexter, 2017-03-02 Featuring leading scholars in their fields this book examines receptions of ancient and early modern literary works from around the world China Japan Ancient Maya Ancient Mediterranean Ancient India Ancient Mesopotamia that have circulated globally across time and space from East to West North to South South to West Beginning with the premise of an enduring and revered cultural past the essays go on to show how the circulation of literature through translation and other forms of reception in fact long predates modern global society the idea of national literary canons have existed just over a hundred years and emerged with the idea of national educational curricula Highlighting the relationship of culture and politics in which canons are created translated promulgated and preserved this book argues that such nationally defined curricula were challenged by critics and writers in the wake of the Second World War

The Poetry Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems

into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do *Beat Culture* William T. Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac's tales of freedom seeking Bohemian youth to the frenetic paintings of Jackson Pollock including 60 years of the Beat Generation and the artists of the Age of Spontaneity Beat Culture captures in a single volume six decades of cultural and countercultural expression in the arts and society It goes beyond other works which are often limited to Beat writers like William Burroughs Charles Bukowski and Michael McClure to cover a wide range of musicians painters dramatists filmmakers and dancers who found expression in the Bohemian movement known as the Beat Generation Top scholars from the United States England Holland Italy and China analyze a vast array of topics including sexism misogyny alcoholism and drug abuse within Beat circles the arrest of poet Lawrence Ferlinghetti on obscenity charges Beat dress and speech and the Beat pad Through more than 250 entries which travel from New York to New Orleans from San Francisco to Mexico City students scholars and those interested in popular culture will taste the era's rampant freedom and experimentation explore the impact of jazz on Beat writings and discover how Beat behavior signaled events such as the sexual revolution the peace movement and environmental awareness *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

American Poetry Magazine, 1924 **One Hundred Poems and the Brain** Henry Ryman Miner, 2023-12-19 About the Book As Henry Ryman Miner began to grow older he noticed a subtle increase in forgetfulness like going to another room and forgetting what he came for He began to undertake various forms of mental exercise in an effort to improve his memory which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems a practice that he combined with cycling in the Oakland hills Gradually his collection of memorized verse grew to reach one hundred poems

Broken into three parts Miner first details his process for memorization explaining in detail his methods and strategies In part two he lists all one hundred poems and includes his thoughts on each reflecting on its place in the chronology of his life Now familiar with his personal process and poems Miner in part three explains the science behind memory memorization and the brain proving and disproving some of his own methods in part one A fascinating read on the realities of memory loss with aging and the power of poetry Miner s One Hundred Poems and the Brain blends science and art into one engaging thoughtful mental exercise **Finding List of Books in Branch Reading Room, No. 4 ...** Chicago Public Library,1896
