

But distance may also
mean nothing
To a pair of lover's
hearts
Who may be far apart
But choose the path
That may split into two
But despite the divide
Will still meet together
and intertwine
And thus erase any
feeling of distance.

Upheavals of Thought Martha C. Nussbaum,2003-04-14 In this compelling new book Martha C Nussbaum presents a powerful argument for treating emotions not as alien forces but as highly discriminating responses to what is of value and importance She explores and illuminates the structure of a wide range of emotions in particular compassion and love showing that there can be no adequate ethical theory without an adequate theory of the emotions This involves understanding their cultural sources their history in infancy and childhood and their sometimes unpredictable and disorderly operations in our daily lives *Panoramic and Immersive Media Studies Yearbook* Molly C. C. Lowe, 2025-12-01 The PIMS Yearbook is the annual yearbook of the International Panorama Council IPC Switzerland. It surveys the historical and contemporary landscape of panoramic and immersive media. Whereas the notion of the panoramic describes extensive, expansive and/or all embracing vistas, immersion refers to porous interfaces between representation and the real observer and observed nature and culture and past, present and future. Together the concepts of panorama and immersion have catalyzed time and space bending strategies for creating, experiencing and transforming culture, ideas and built and social space across the arc of human history. The PIMS Yearbook presents a range of disciplinary perspectives with the understanding that methodologies in the humanities, the arts, the sciences, design disciplines, social sciences, engineering and other fields contribute important perspectives to the interdisciplinary field of panoramic and immersive media studies. The IPC is the international organization of panorama specialists committed to supporting the heritage and conservation of extant nineteenth and early twentieth century panoramas and promoting awareness of the medium's history, derivative forms and contemporary iterations. As a non-government and not-for-profit association subject to Swiss law, the IPC is active in the fields of panorama research, restoration, financing, management, exhibition and marketing. The PIMS Yearbook succeeds the International Panorama Council Journal, a selected proceedings of the annual conferences of the IPC published 2017-2023.
