Look Out For Strangers:

Look Out for Strangers Paul Humphrey, Alex Ramsay, 2003 A no nonsense book with a strong safety message for young children about how they should avoid potentially dangerous situations The narrative throughout is in simple straightforward language which is undramatic and reassuring whilst stressing dangers *The Lookout for Christ and the Church*, 1903

Empathy and the Strangeness of Fiction Maria C. Scott, 2020-03-02 Explores how and why narrative fiction engages empathy including Theory of Mind Offers a broad overview of current scientific work on the effects of fiction reading on empathy including Theory of Mind Provides an original intervention in the field of literary theory centring on the reflexive properties of the fictional stranger Includes stand alone close readings of three novels by important French authors This book studies recent psychological findings which suggest that reading fiction cultivates empathy encouraging us to be critically reflective suspicious readers as well as participatory nave readers Scott draws on literary theory and close readings to argue that engagement with fictional stories also teaches us to resist uncritical forms of empathy and reminds us of the limitations of our ability to understand other people The book treats figures of the stranger in Balzac's *La Fille aux yeux d'or* Stendhal's *Le Rouge et le Noir* and Sand's *Indiana* as emblematic of the strangeness of narrative fiction both drawing us in and keeping us at a distance

Kissing Strangers Neha Singh, 2019-05-20 Strawberries and cigarettes still taste like you Arya a vogueish overachiever gets into IIT and finds herself in a whirlwind of reckless antics and youthful highs She is a misfit at the prestigious engineering college as she resolves to pursue art As life happens on campus that seems estranged to her she keeps chasing highs with her friends until she stumbles upon an art instructor The irrevocable collision of their worlds turns out to be an aesthetic awakening for Arya She is caught up in an exquisite affair of love and pain as she encounters strangers on the way who make her world tragical and magical in their own ways

Lookout Trina Moyles, 2021-03-30 A page turning memoir about a young woman's grueling revelatory summers working alone in a remote lookout tower and her eyewitness account of the increasingly unpredictable nature of wildfire in the Canadian north While growing up in Peace River Alberta Trina Moyles heard many stories of Lookout Observers strange eccentric types who spent five month summers alone climbing 100 foot high towers and watching for signs of fire in the surrounding boreal forest How could you isolate yourself for that long she wondered I could never do it she told herself Craving a deeper sense of purpose she left northern Alberta to pursue a decade long career in global humanitarian work After three years in East Africa and newly engaged Trina returned to Peace River with a plan to sponsor her fiance Akello's immigration to Canada Despite her fear of being alone in the woods she applied for a seasonal lookout position and got the job Thus begins Trina's first summer as one of a handful of lookouts scattered throughout Alberta with only a farm dog Holly labeled a domesticated wolf by her former owners to keep her company While searching for smoke Trina unravels under the pressure of a long distance relationship and a dawning awareness of the environmental crisis that climate change is producing in the boreal Through megafires lightning storms and

stunning encounters with wildlife she learns to survive at the fire tower by forging deep connections with nature and with an extraordinary community of people dedicated to wildfire detection and combat In isolation she discovers a kind of self awareness and freedom that only solitude can deliver Lookout is a riveting story of loss transformation and belonging to oneself layered with an eyewitness account of the destructive and regenerative power of wildfire in our northern forests

Strange Encounters Sara Ahmed, 2013-02-01 Examining the relationship between strangers embodiment and community *Strange Encounters* challenges the assumptions that the stranger is simply anybody we do not recognize and instead proposes that he or she is socially constructed as somebody we already know Using feminist and postcolonial theory this book examines the impact of multiculturalism and globalization on embodiment and community whilst considering the ethical and political implication of its critique for post colonial feminism A diverse range of texts are analyzed which produce the figure of the stranger showing that it has alternatively been expelled as the origin of danger such as in neighbourhood watch or celebrated as the origin of difference as in multiculturalism The author argues that both of these standpoints are problematic as they involve stranger fetishism they assume that the stranger has a life of its own
