

A photograph of a two-lane asphalt road winding through a dense forest. The road has double yellow lines in the center and a white line on the right. The trees are dark and silhouetted against a twilight sky with soft, pinkish light. The overall mood is contemplative and serene.

You can't move forward

Looking Back, Moving Forward Elizabeth A. Mannix, Margaret Ann Neale, 2012-10-05 This volume is composed of a series of invited chapters from authors who are central and prolific contributors to the areas of group and team based research As such each chapter provides an excellent overview of the current state of the research and a perspective on where scholars should be focusing their future research

Looking Back, Moving Forward - Bittersweet Candace Wayne, 2024-04-16 When lawyer wife and mother Candace Wayne's beloved husband John is diagnosed with Lewy Bodies Dementia she finally has a name for the small changes she's born witness to for years In this essay collection Candace offers snapshots of the years leading up to John's death and those that unfold afterward Task oriented and responsible Candace is efficient in her role as caretaker learning how to best support a husband who must come to terms with his slow creeping loss of self sufficiency Meanwhile Candace's daughters have their own experience with their father's changes and the whole family must bend without breaking to accommodate his loss By turns raw and contemplative Candace's essays depict family road trips restaurant outings and doctors appointments and finally John's last breaths Much like Joan Didion's *The Year of Magical Thinking* this collection is true to the experience of mourning taking the reader through the author's real time experiences before revisiting episodes through the lens of retrospect Ultimately the author's sadness makes way for reluctant optimism as Candace awakens to the bittersweet realization that the person her husband's death caused her to become is a woman she's grateful to know

Moving Forward, Looking Back Sarah M. Misemer, 2010 Many critical shifts in concepts of time and society's consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century These innovations restructured the way people viewed the world and dealt with public and private time The forward projectile motion along a linear track mimicked the passage of public chronological time Conversely the train also invoked a private nostalgic view of time as the traveler was yanked from his/her traditional view of the space time continuum via the train's velocity Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment's space remained stagnant This optical illusion caused passengers to perceive the world in new ways Thus the train unveils a conflictive blend of nostalgia and progress in the River
