Loosing The Bonds:

Between Homeland and Motherland Alvin B. Tillery, Jr., 2011-03-15 In *Between Homeland and Motherland* Alvin B Tillery Jr considers the history of political engagement with Africa on the part of African Americans beginning with the birth of Paul Cuffe s back to Africa movement in the Federal Period to the Congressional Black Caucus struggle to reach consensus on the African Growth and Opportunity Act of 2000 In contrast to the prevailing view that pan Africanism has been the dominant ideology guiding black leaders in formulating foreign policy positions toward Africa Tillery highlights the importance of domestic politics and factors within the African American community Employing an innovative multimethod approach that combines archival research statistical modeling and interviews Tillery argues that among African American elites activists intellectuals and politicians factors internal to the community played a large role in shaping their approach to African issues and that shaping U S policy toward Africa was often secondary to winning political battles in the domestic arena At the same time Africa and its interests were important to America s black elite and Tillery s analysis reveals that many black leaders have strong attachments to the motherland Spanning two centuries of African American engagement with Africa this book shows how black leaders continuously balanced national transnational and community impulses whether distancing themselves from Marcus Garvey s back to Africa movement supporting the anticolonialism movements of the 1950s or opposing South African apartheid in the 1980s

Loosing the Bonds Robert Massie, 1997 In the aftermath of World War II South Africa s white government decreed a brutal system of segregation at the very moment when the United states began wresting with the civil rights movement In *Loosing the Bonds* Robert Massie recreates the passions and struggles of these years deftly exposing the way politics and personalities money and morality interact in modern America 40 photos National print ads media

Jubilee in the Bible Lidija Gunjević, 2017-10-02 The biblical message of Jubilee is becoming more credible in our days in dealing with the socio economic and moral spiritual issues of today s world It continues to exercise a powerful influence on the religious thoughts and actions of God s people In addition to that this book reveals a new hermeneutical code of reading and interpreting the message of Jubilee The synthesis of the exegetical analysis of the biblical texts regarding the Jubilee and Sabbath Sabbath year and Moltmann s understanding of this subject reveals the meaning and significance of the topic how it is recognized as well as its implications in today s world This synthesis reveals a new vision and starting point for socio economic and moral spiritual reform in our time The biblical Sabbath Jubilee traditions are much richer than we thought This book shows it Theologically often neglected they are a source of new ideas to solve problems of human community and the ecology of the earth That my theological works can be used to apply them today is a surprise to me a happy surprise J rgen Moltmann

Relationship-Based Research in Social Work Gillian Ruch,Ilse Julkunen,2016-03-21 Relationship based research is
 founded on the idea that human relationships are of paramount importance and should be central to social work research and
 practice Drawing on psychodynamic and systemic understandings of research and practice this book offers practitioners and
 academics an insight into what constitutes relationship based approaches to research These ideas are brought to life by
 illustrative case studies of research projects carried out in England and Finland where the concept originated The authors
 clearly demonstrate how this approach can be applied across the social work sector and provide a model for practice This
 will be a key reference for social work students practitioners on post qualifying courses research students and consultant and
 senior practitioner social workers promoting research informed practice
