Lope De Vegas Los Espaoles En Flandes A Critical Edition:

The Dutch Revolt Through Spanish Eyes Yolanda Rodríguez Pérez, 2008 Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568 1648 The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict This book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away Which images and representations circulated the most and where did they come from Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved On the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years War The Road to Rocroi Fernando González de León, 2009-02-23 The Eighty Years War 1567 1659 has been the subject of important monographs but the high command of the Army of Flanders which played a decisive role in the making of Spanish strategy and was in charge of its tactics has eluded detailed scrutiny This work the first study of an early modern officer corps examines the culture class structure and combat effectiveness of the largest army of its day Combining approaches and insights from social cultural and military history it traces the evolution of the leading cadres of the legendary tercios in relation to major trends such as aristocratization and military modernization while revising recent perspectives on Spain's war against the Dutch and the French in the Low Countries

Between History and Fiction Tracy Crowe Morey, 2010 This study explores a number of early modern comedias that deal with historical siege or military episodes in the history of the Iberian peoples Cervantes's *La Numancia* Lope de Vega's *El asalto de Mástrique* and his lesser known *La nueva victoria de don Gonzalo de Córdoba* Calderón de la Barca's *El sitio de Breda* and Velázquez de Guevara's *El Hércules de Ocaña* are key texts examined here Taking the distinction between history and fiction in Neo-Aristotelian literary theory as a point of departure this book considers the intellectual and historical conditions that affect the ways in which early modern dramatists interpret historical events according to their own literary and ideological purposes The interplay of history and fiction demonstrates uses and discontents of legitimizing fiction in the early modern period Parallel themes of epic and siege intermingled with romance and carnivalesque humour provide alternative perspectives to early modern representations of empire and war on the Spanish stage **Lope de Vega's Los españoles en Flandes** Lope de Vega, 1997 *Los españoles en Flandes* The Spaniards in Flanders is an obscure historical play by Spain's most beloved dramatist Lope de Vega y Carpio This volume includes the text of the play in Spanish with variants followed by an extensive section of detailed critical notes in English Appendices include a section of maps and illustrations

Cruickshank, Ann L Mackenzie, 2025-12-15 This book offers readers worldwide the first edition of Juan Isidro Fajardo's *Índice de todas las comedias impresas hasta el año de 1716* preserved in a single surviving manuscript in Spain's National Library Indispensable to scholars this meticulously annotated critical edition of an early 18th century catalogue documents some 2 200 plays written during Spain's Golden Age by such worldclass playwrights as Calderón Lope de Vega Tirso Moreto Rojas Zorrilla and many others In this landmark edition Fajardo's manuscript reference work is transformed into an accessible and enduring scholarly resource The editors research has supplied 1 651 annotations to the play titles listed many of which contain fresh insights into the theatre and culture of seventeenth century Spain Descriptions are given of early printed plays and of important manuscripts Textual differences are discussed as are the sources from which dramas are derived Many of the play entries address questions of authorship and dates of composition while recording too early performances the venues and the theatre companies involved The notes usually conclude by commenting on studies editions and translations relevant to the dramas concerned With its introduction bibliographies and documentation this critical edition is an invaluable medium through which to deepen understanding of the theatre literature and society of Early Modern Spain Dedicated to Don Cruickshank whose death occurred before the project's completion this volume also contains articles which assess his influential career and publications both focussed on the Golden Age of Spanish drama The chapters in this book including the first edition of Fajardo's catalogue of Spanish 17th century printed plays were originally published as a Special Issue of the *Bulletin of Spanish Studies* *The Cumulative Book Index* ,1998 A world list of books in the English language *Discourses of Empire* Barbara Simerka, 2007-08-09 The counter epic is a literary style that developed in reaction to imperialist epic conventions as a means of scrutinizing the consequences of foreign conquest of dominated peoples It also functioned as a transitional literary form a bridge between epic narratives of military heroics and novelistic narratives of commercial success In *Discourses of Empire* Barbara Simerka examines the representation of militant Christian imperialism in early modern Spanish literature by focusing on this counter epic discourse Simerka is drawn to literary texts that questioned or challenged the imperial project of the Hapsburg monarchy in northern Europe and the New World She notes the variety of critical ideas across the spectrum of diplomatic juridical economic theological philosophical and literary writings and she argues that the presence of such competing discourses challenges the frequent assumption of a univocal hegemonic culture in Spain during the imperial period Simerka is especially alert to the ways in which different discourses hegemonic residual emergent coexist and compete simultaneously in the mediation of power *Discourses of Empire* offers fresh insight into the political and intellectual conditions of Hapsburg imperialism illuminating some rarely examined literary genres such as burlesque epics history plays and indian drama Indeed a special

feature of the book is a chapter devoted specifically to indiano literature Simerka's thorough working knowledge of contemporary literary theory and her inclusion of American English and French texts as points of comparison contribute much to current studies of Spanish Golden Age literature
