Loving And Dying A Reading Of Platos Phaedo Symposium And Phaedrus:

Loving and Dying Richard Gotshalk, 2001-11-12 Loving and Dying is a reading of three dialogues Phaedo Symposium and Phaedrus which using the figure of Socrates conversing in three different concrete situations in complementary fashion address death love and reflection as matters central to finding and understanding life s meaning and to sharing in the kind of immortality that is open to a human being The intent of the work is simply to bring to attention how the dialogues register as drama and how they achieve this provocation of the reader to reflection on these central matters in human life **Myth and**

Philosophy in Plato's Phaedrus Daniel S. Werner, 2012-07-09 Plato s dialogues frequently criticize traditional Greek myth yet Plato also integrates myth with his writing Daniel S Werner confronts this paradox through an in depth analysis of the Phaedrus Plato s most mythical dialogue Werner argues that the myths of the Phaedrus serve several complex functions they bring nonphilosophers into the philosophical life they offer a starting point for philosophical inquiry they unify the dialogue as a literary and dramatic whole they draw attention to the limits of language and the limits of knowledge and they allow Plato to co opt cultural authority as a way of defining and legitimating the practice of philosophy Platonic myth as a species of traditional tale is thus both distinct from philosophical dialectic and similar to it Ultimately the most powerful effect of Platonic myth is the way in which it leads readers to participate in Plato s dialogues and to engage in a process of self examination **Paul and Gnosis** Stanley E. Porter, David Yoon, 2016-04-26 This collection of essays the ninth volume in Brill s Pauline Studies series features Paul and his relationship to knowledge Gnosis the Greek word generally translated as knowledge is broadly interpreted and the essays contained in this volume revolve around both a more general notion of knowledge in relation to Paul and more specific references to Gnosticism Several of these essays discuss Paul s use of knowledge words Paul s knowledge and understanding of key themes and ideas in his writings Paul s interpreters in light of gnostics like Valentinus and Marcion and Gnosticism in light of Paul s letters This collection of essays exposes the reader to crucial topics regarding Paul and Gnosis that are not readily addressed elsewhere Patriotic Elaborations Charles

Blattberg, 2009-03-01 How might we mend the world Charles Blattberg suggests a new patriotism one that reconciles conflict through a form of dialogue that prioritizes conversation over negotiation and the common good over victory This patriotism can be global as well as local left as well as right Blattberg s is a genuinely original philosophical voice The essays collected here discuss how to re conceive the political spectrum where deliberative democrats go wrong why human rights language is tragically counterproductive how nationalism is not really secular how many nations should share a single state a new approach to the Arab Israeli conflict and why Canada might have something to teach about the war on terror We also learn about the right way to deny a role to principles in ethics how to distinguish between the good and the beautiful the way humor works the rabbinic nature of modernism the difference between good bad great and evil why Plato s dialogues are not really dialogues and why most philosophers are actually artists **Classics and the Uses of Reception** Charles

Martindale, Richard F. Thomas, 2008-04-15 This landmark collection presents a wide variety of viewpoints on the value and role of reception theory within the modern discipline of classics A pioneering collection looking at the role reception theory plays or could play within the modern discipline of classics Emphasizes theoretical aspects of reception Written by a wide range of contributors from young scholars to established figures from Europe the UK and the USA Draws on material from many different fields from translation studies to the visual arts and from politics to performance Sets the agenda for classics in the future

Democracy's Slaves Paulin Ismard, 2017-01-09 Challenging the modern belief that democracy and bondage are incompatible Paulin Ismard directs our attention to ancient Athens where the functioning of civic government depended on skilled knowledgeable experts who were literally public servants slaves owned by the city state rather than by private citizens

"Women's Work" as Political Art Lisa Pace Vetter, 2005-01-01 This book shows that the metaphor of the quintessentially feminine art of weaving in Homer's *Odyssey* Aristophanes' *Lysistrata* and Plato's *Statesman* and *Phaedo* conveys complex and inclusive teachings about human nature and political life that address the concerns of women more effectively than commonly believed

Egan,Mark Joyal,2004 **MOTIVOS Y TÓPICOS AMATORIOS CLÁSICOS EN EL AMOR EN LOS TIEMPOS DEL CÓLERA** Manuel Cabello Pino,2018-04-25 A lo largo de nuestro trabajo se ha llevado a cabo un riguroso análisis de la presencia en El amor en los tiempos del cólera de motivos y tópicos amorosos procedentes todos ellos en última instancia de la tradición clásica. Dicho análisis ha presentado una doble vertiente por un lado se ha estudiado la forma que presentan esos motivos y tópicos en la novela de Gabriel García Márquez comparando en cada caso la recreación que hace el novelista colombiano de cada uno de ellos con la forma originaria que estos presentaban en la tradición de la literatura grecolatina. Así se ha determinado en cada caso en qué aspectos se mantiene García Márquez fiel a la tradición del tópico y en qué otros aspectos subvierte dicha tradición. En definitiva se ha estudiado el binomio tradición y originalidad en la recreación de cada uno de esos tópicos que realiza el novelista colombiano en su obra. Por otro lado se ha determinado qué función real cumple cada uno de esos tópicos en la novela y el grado de importancia que tiene cada uno de ellos en el desarrollo de la trama. Así se ha demostrado claramente que existen tres tópicos dentro de El amor en los tiempos del cólera que tienen un peso específico mucho mayor que el resto ya que su constante presencia a lo largo de la novela los convierte en motivos dentro de la misma con una función no solo temática sino además estructural. La estructura interna de la novela descansa sobre estos tres motivos principales que son la enfermedad de amor la erotodidaxis o enseñanza del amor y la fidelidad entre los amantes. Aparte de estos tres motivos fundamentales en la novela García Márquez recurre a infinidad de tópicos amorosos para caracterizar las relaciones entre su trío protagonista y al igual que con los motivos lo hace combinando tradición e innovación. En definitiva lo que ha demostrado este trabajo es que con respecto a la concepción literaria del amor en su novela García Márquez demuestra que sabe perfectamente dónde está es decir toda la tradición anterior de los tópicos amorosos clásicos y hacia dónde quiere llevarla su visión personal de la misma. Así García Márquez no se deja subyugar por toda esa tradición anterior y consigue resultar original a pesar de tratar tópicos tan utilizados como la metáfora del amor como enfermedad la erotodidaxis o la fidelidad entre los amantes Plato's Dialectic at Play Kevin Corrigan,Elena Glazov-Corrigan,2010-12-31 The Symposium is one of Plato's most accessible dialogues an engrossing historical document as well as an entertaining literary masterpiece. By uncovering the structural design of the dialogue Plato's Dialectic at Play aims at revealing a Plato for whom the dialogical form was not merely ornamentation or philosophical methodology but the essence of philosophical exploration. His dialectic is not only argument it is also play. Careful analysis of each layer of the text leads cumulatively to a picture of the dialogue's underlying structure related to both argument and

myth and shows that a dynamic link exists between Diotima's higher mysteries and the organization of the dialogue as a whole. On this basis the authors argue that the Symposium with its positive theory of art contained in the ascent to the Beautiful may be viewed as a companion piece to the Republic with its negative critique of the role of art in the context of the Good. Following Nietzsche's suggestion and applying criteria developed by Mikhail Bakhtin they further argue for seeing the Symposium as the first novel. The book concludes with a comprehensive reevaluation of the significance of the Symposium and its place in Plato's thought generally touching on major issues in Platonic scholarship: the nature of art, the body-soul connection, the problem of identity, the relationship between mythos and logos, Platonic love and the question of authorial writing and the vanishing signature of the absent Plato himself.

The Dialogues of Plato: Charmides. Lysis. Laches. Protagoras. Euthydemus. Cratylus. Phaedrus. Ion. Symposium Plato, 1875 The Gift of Touch Stephen David Ross, 1998-08-27 Traces Western ideas of corporeal bodies from Plato to contemporary feminist and poststructuralist writings with the purpose of reexamining the good identified in Plato as that which gives authority to knowledge and truth.

Cambridge Translations of Renaissance Philosophical Texts Jill Kraye, 1997-08-28 The Renaissance known primarily for the art and literature that it produced was also a period in which philosophical thought flourished. This two-volume anthology contains 40 new translations of important works on moral and political philosophy written during the Renaissance and hitherto unavailable in English. The anthology is designed to be used in conjunction with *The Cambridge History of Renaissance Philosophy* in which all of these texts are discussed. The works originally written in Latin, Italian, French, Spanish, and Greek cover such topics as concepts of man, Aristotelian, Platonic, Stoic, and Epicurean ethics, scholastic political philosophy, theories of princely and republican government in Italy, and northern European political thought. Each text is supplied with an introduction and a guide to further reading.

33 Masterpieces of Philosophy and Science to Read Before You Die (Illustrated) Sun Tzu, Vatsyayana, Voltaire, Marcus Aurelius Antoninus, Thomas More, 2021-01-25 We live in an era rife with cultural conflict. The 21st century is by no means free of wars, terrorism, riots, famine, nor epidemics. We may attempt to solve the challenges of our times by uniting the humanistic disciplines of philosophy, science, and technology. Our modern reality requires a fundamental understanding of the problems beleaguering our existence. Science and literature are key tools for gaining this insight. The wisdom accumulated throughout the centuries by scientists, philosophers, and writers is a solid foundation on which modern man can build the future. Our ability to learn from those who have come before is precisely what led Protagoras to declare that Man is the measure of all things. The 33 works in this book possess foundational importance and continue to influence our modern world. The reader of these texts is well positioned to understand causes and plot new paths away from the problems that plague us.
