interstate administrative agreements must be ascribed to associations of state government officers which encourage their members to promote interstate cooperation and also draft model state laws and administrative agreements Although compacts and agreements have lubricated the functioning of the United States governmental system as Zimmerman makes clear the full potential of compacts and agreements has not been achieved to date and he makes recommendations to improve the level of interstate cooperation An important resource for scholars and students of American government federal state and local as well as administrators and policymakers Interstate Cooperation, Second Edition Joseph F. Zimmerman, 2012-06-14 Cooperative interstate relations are essential for maintaining the economic and political union established by the United States Constitution Despite this importance interstate compacts federal state compacts and interstate administrative agreements have generally been neglected by political scientists for more than half a century In this second edition of Interstate Cooperation Joseph F Zimmerman demonstrates that many public goals can be achieved by either a compact or an agreement Interstate administrative agreements moreover may be verbal or written and have increased sharply in number because their flexibility allows changes to be made quickly without legislative authorization Zimmerman aims to stimulate additional research on these forms of interstate cooperation in order to help formulate additional innovative solutions to our major interstate problems **Low-level Radioactive Waste Disposal in Michigan** Helen Boxer, 1989 **U.S. Geological Survey Circular** , 1990
