Luce Irigaray Philosophy In The Feminine:

Philosophy in the feminine Luce Irigaray, 1991 **Luce Irigaray** Margaret Whitford, 2014-02-25 An ideal introduction to Irigaray's whole corpus which includes previously untranslated texts **Luce Irigaray** Margaret Whitford, 1991 **Luce Irigaray's Philosophy of Feminine Being** Virpi Lehtinen, 2010 **Luce Irigaray: Key Writings** Luce Irigaray, 2004-06-22

Luce Irigaray is one of the world's most influential theorists. From her early ground-breaking work on linguistics to her later revolutionary work on the ethics of sexual difference, Irigaray has positioned herself as one of the essential thinkers of our time. This collection of key writings selected by Luce Irigaray herself presents a complete picture of her work to date across the fields of Philosophy, Linguistics, Spirituality, Art, and Politics. An indispensable work for students of philosophy, literary theory, feminist theory, linguistics, and cultural studies.

An Ethics of Sexual Difference Luce Irigaray, 2005-02-01 Luce Irigaray 1932 is the foremost thinker on sexual difference of our times. In *An Ethics of Sexual Difference*, Irigaray speaks out against many feminists by pursuing questions of sexual difference, arguing that all thought and language is gendered and that there can therefore be no neutral thought. Examining major philosophers such as Plato, Spinoza, and Levinas with a series of meditations on the female experience, she advocates new philosophies through which women can develop a distinctly female space and a love of self. It is an essential feminist text and a major contribution to our thinking about language.

In the Beginning, She Was Luce Irigaray, 2012-10-25 In this new book, crucial for understanding her journey, Luce Irigaray goes further than in *Speculum* and questions the work of the Pre-Socratics at the root of our culture. Reminding us of the story of Ulysses and Antigone, she demonstrates how from the beginning, Western tradition represents an exile for humanity. Indeed, to emerge from the maternal origin, man elaborated a discourse of mastery and constructed a world of his own that grew away from life and prevented perceiving the real as it is. To recover our natural belonging and learn how to cultivate it humanly is imperative and needs turning back before the golden age of Greek culture. Another language is then to discover, capable of expressing living energy and transforming our instincts into shareable desires. In *In the Beginning, She Was*, Irigaray reworks themes that are central to her thought: the limits of Western logic, the sexualization of discourse, the existence of two different subjects, the necessity of art as mediation towards another culture. These themes are approached with a new level of maturity that reconfirms the place of Irigaray as one of the world's most important contemporary thinkers.

Thinking the Difference Luce Irigaray, 2001-01-01 a good introduction to Irigaray's oeuvre. The Year's Work in Critical and Cultural Theory discusses how language, religion, law, art, science, and technology have failed women and how concrete changes can be made to ensure that our culture belongs to both men and women.

Luce Irigaray and the Question of the Divine Alison Martin, 2000 This study examines Luce Irigaray's oeuvre through the question of the divine, focusing upon her contention that women need a female divine if they are about to become subjects. It attempts to demonstrate that the issue of the divine should not be considered as one aspect of her thought but that it is central to her philosophy of sexual difference. Hence, Irigaray's critique

of patriarchy is presented as a critique of the dominance of a religion of masculinity that favours a single universal Her proposal for two sexed universal divines is explored along with her specific suggestions for female divine ideals Particular emphasis is given to her engagements with Marx Nietzsche and Hegelianism and to the mode of her adoption of Christianity The study applauds the radical profundity of Irigaray s philosophy of sexual difference while remaining critical of the universalism in her notion of the divine for the doubt it casts upon the realization of a sexed culture

Luce Irigaray's Phenomenology of Feminine Being Virpi Lehtinen, 2014-05-15 A dynamic interpretation of feminine identity capable of resistance change and transformation The reception of Luce Irigaray s ideas about feminine identity has centered largely on questions of essentialism whether criticizing this as a destructive flaw or interpreting it in strategic or pragmatic terms Staking out an alternative approach Virpi Lehtinen finds in the phenomenology of Husserl and Merleau Ponty a framework for what she characterizes as dynamic essentialism which seeks to account for the complex networks of lived experience embodied affective and spiritual relations to oneself to others and to the world Rather than prescribing one norm to which all women should conform Lehtinen argues Irigaray s work exemplifies how each individual woman in her own way contributes to a norm of femininity that is both unique and singular but also connected to the existential styles of past present and future others

Luce Irigaray Luce Irigaray, 2008-09-18 Luce Irigaray Teaching explores ways to confront new issues in education Three essays by Irigaray herself present the outcomes of her own experiments in this area and develop proposals for teaching people how to coexist in difference reach self affection and rethink the relations between teachers and students In the last few years Irigaray has brought together young academics from various countries universities and disciplines all of whom were carrying out research into her work These research students have received personal instruction from Irigaray and at the same time have learnt from one another by sharing with the group their own knowledge and experience Most of the essays in this book are the result of this dynamic way of learning that fosters rigour in thinking as well as mutual respect for differences The central themes of the volume focus on five cultural fields methods of recovery from traumatic personal or cultural experience the resources that arts offer for dwelling in oneself and with the other s the maternal order and feminine genealogy creative interpretation and embodiment of the divine and new perspectives in philosophy This innovative collaborative project between Irigaray and researchers involved in the study of her work gives a unique insight into the topics that have occupied this influential international theorist over the last thirty years

Sharing the World Luce Irigaray, 2008-07-09 This exciting new book is the follow up to Irigaray s The Way of Love arguably her most important and widely discussed work to date

Way of Love Luce Irigaray, 2004-07-22 The Way of Love asks the question How can we love each other Here Luce Irigaray one of the world s foremost philosophers presents an extraordinary exploration of desire and the human heart If Western philosophy has claimed to be a love of wisdom it has forgotten to become a wisdom of love We still lack words gestures ways of doing or thinking to approach one another as humans to enter into dialogue to build a

world where we can live together The Feminine and Nihilism Ellen Mortensen,1994 Much of the scholarship on Luce Irigaray has focused exclusively on her psychoanalytic work The Feminine and Nihilism engages instead in a careful reading of the major philosophical intertexts in Irigaray's *Marine Lover of Friedrich Nietzsche* This study is an interpretation of Irigaray's philosophy of sexual difference and seeks to uncover how she enters into an amorous dialogue with the silent ground in Nietzsche's thinking the material **Merleau-Ponty, Interiority and Exteriority, Psychic Life and the World** Dorothea Olkowski,James Morley,1999-09-09 Explores Merleau-Ponty's approach of taking the phenomenon of the body out of the dualistic constraints of interior and exterior and the consequences thereof **Introduction to Feminist Jurisprudence** Hilaire Barnett,2013-09-05 This book provides a student text covering the major issues in feminist jurisprudence and to analyse the manner in which both traditional jurisprudence and law have remained a masculine subject

Feminist Interpretations of Martin Heidegger Nancy J. Holland,Patricia Huntington,2010-11-01 The 14 essays included in this collection illustrate the ways in which feminist readings can deepen understanding of Heidegger's philosophy They illuminate both the richness and the limitations of the resources Heidegger's work can provide for feminist thought

Fashioning Feminism in Cuba and Beyond Brigida M. Pastor,2003 Though open public discussion of the oppression of women was precluded by the nature of Hispanic societies during the nineteenth century some Hispanic women among them the Cuban writer Gertrudis Gomez de Avellaneda subtly sought to promote ideas of emancipation Focusing upon her autobiographical letters and a selection of her novels and drawing on contemporary psychoanalytical feminist theory this book traces the evolution of Avellaneda's feminism showing how she developed a series of narrative techniques and stylistic resources to explore male and female self representation and subvert the existing textual tradition *Fashioning Feminism in Cuba and Beyond* establishes Avellaneda at the forefront of both Cuban and Hispanic nineteenth century literature and feminist thought Conversations Luce Irigaray,2008-09-08 *Conversations* is an important collection of interviews in which Luce Irigaray discusses the full range of her work and ideas with leading academics in the fields of Continental Philosophy Feminist Theory and Critical Theory Covering all the key topics that have been central to her work in the last thirty years such as feminism spirituality difference politics education and being two this book offers essential insights into Irigaray's career as one of the world's most important contemporary thinkers Topics and theorists approached include philosophy universality and difference motherhood and gendered subjectivities cultivation of desire and love the other and others globalization and ethics politics and human rights spirituality and religion and of course being and becoming woman
