Lucifer In Harness American Meter Metaphor And Diction:

Lucifer in Harness Edwin S. Fussell, 1973-01-01 **Lucifer in Harness** Edwin S. Fussell, 1973 Considers the limitations that the English language and literary tradition have imposed on American efforts to devise new poetic techniques

Lucifer in Harness Edwin S. Fussell, 2015-03-08 For nearly two hundred years the rebellious American poet has been reluctantly harnessed to the English language and literary tradition In a triptych of essays Edwin Fussell attempts to explore the fundamental dilemma of American poetry as it appears in the three crucial fields of meter metaphor and poetic diction the three crucial fields of American poetry taken as a whole most studiously avoided by American scholars but not as I intend to show by American poets Writing in a provocative critical style attuned to the poets he discusses Edwin Fussell explores the dilemma of the American poet who wants to write a distinctly American poetry but must do so in a language imbued with the sensibility of English poetry and culture Because these are different from and sometimes antithetical to American cultural ideals and commitments the harness chafes The emphasis is on those poets who have successfully created a truly American poetry Poe Whitman Pound Eliot and Williams but the author also discusses Hart Crane Wallace Stevens Emerson Bryant Lowell and Frost among others Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *American Studies* Jack Salzman, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 **Metaphor** , 1985-01-01 The aim of the present bibliography is to provide the student of metaphor with an up to date and comprehensive albeit not exhaustive overview of recent publications dealing with various aspects of metaphor in a variety of disciplines Where the emphasis is primarily on specific works about metaphor mainly in philosophy linguistics and psychology the list has been supplemented with references to studies where metaphor is explicitly recognized as an instrument of research or analysis e g in literature or in the elaboration of scientific and religious models or where its use is illustrated *Sixteen Modern American Authors*

Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies

Sixteen Modern American Authors Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies

Poe and the Remapping of Antebellum Print Culture Jerome McGann, 2012-12-19 Edgar Allan Poe 1809 1849 has long occupied the position of literary outsider Dismissed as unrepresentative of the main currents of antebellum culture Poe commented incisively in fiction and nonfiction on nationalism science materialism popular taste and cultural ideology Opposing the pressure to write nationalistic American tales or from a restricted New England perspective he produced a body of work held in greater international esteem than that of any of his U S contemporaries In *Poe and the Remapping of Antebellum Print Culture* scholars explore Poe's anti nationalistic Americanism as they redefine the outlines of antebellum print culture and challenge ideas that situate Poe at the margins of national thought and cultural activity The contributors offer fresh perspectives on an often maligned author including essays on Poe's preoccupation with celebrity his fascination with metropolitan crime and mystery his impact as an observer of racial fear his role as an eccentric cultural icon and his fluctuating reputation in our own era They also argue for new digital approaches that facilitate remapping of print culture Contributors Anna Brickhouse Betsy Erkkila Jennifer Rae Greeson Leon Jackson J Gerald Kennedy Maurice S Lee Jerome McGann Scott Peeples Leland S Person and Eliza Richards

The Ghost of Meter Annie Finch, 2000 A groundbreaking study of the connections among meter the poetic unconscious and wider literary and cultural forces

Meter in English David Baker, 1997-01-01 Renowned poets and experts in metrics respond to Robert Wallace's pivotal essay which clarifies and simplifies methods of studying poetry Former United States Poet Laureate Robert Hass has called Wallace's essay a paradigm shift in our understanding of English prosody

Ornamental Aesthetics Theo Davis, 2016 Theo Davis argues that ornamental aesthetics are central to Thoreau Dickinson and Whitman's writing exploring the stakes of such an ornamental aesthetics through a parallel investigation of the ornamental aspects of Heidegger's phenomenological philosophy

The Poetry of American Women from 1632 to 1945 Emily Stipes Watts, 2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet's pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work

of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature Walt Whitman Linda

Wagner-Martin,2021-09-06 Walt Whitman A Literary Life highlights two major influences on Whitman s poetry and life the American Civil War and his economic condition Linda Wagner Martin performs a close reading of many of Whitman s poems particularly his Civil War work in Drum Taps and those poems written during the last twenty years of his life Wagner Martin s study also emphasizes the near poverty that Whitman experienced Starting with his early career as a printer and journalist the book moves to the publication of Leaves of Grass and his cultivation of the persona of the working class writer In addition to establishing Whitman s attention to the Civil War through journalism and memoirs the book takes the approach of following Whitman s life through his poems Utilizing contemporary perspectives on class Wagner Martin provides a new reading of Whitman s economic situation This is an accessibly written synthesis of Whitman s publication history bringing attention to under studied aspects of his writing *British Influence On The Birth Of American Literature* Linden

Peach,1982-07-08 **The Cambridge Companion to Nineteenth-Century American Poetry** Kerry Larson,2011-12-01 This Companion is the first critical collection of its kind devoted solely to American poetry of the nineteenth century It covers a wide variety of authors many of whom are currently being rediscovered A number of anthologies in the recent past have been devoted to the verse of groups such as Native Americans African Americans and women This volume offers essays covering these groups as well as more familiar figures such as Dickinson Whitman Longfellow and Melville The contents are divided between broad topics of concern such as the poetry of the Civil War or the development of the poetess role and articles featuring specific authors such as Edgar Allan Poe or Sarah Piatt In the past two decades a growing body of scholarship has been engaged in reconceptualizing and re evaluating this largely neglected area of study in US literary history this Companion reflects and advances this spirit of revisionism The American Jeremiad Sacvan

Bercovitch,2012-04-19 When Sacvan Bercovitch s The American Jeremiad first appeared in 1978 it was hailed as a landmark study of dissent and cultural formation in America from the Puritans writings through the major literary works of the

antebellum era For this long awaited anniversary edition Bercovitch has written a deeply thoughtful and challenging new preface that reflects on his classic study of the role of the political sermon or jeremiad in America from a contemporary perspective while assessing developments in the field of American studies and the culture at large *Hart Crane* Warner Berthoff, **Hart Crane, a Re-introduction** Warner Berthoff, 1989 Hart Crane was first published in 1989 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions More than half a century after his death the work of Hart Crane 1899 1932 remains central to our understanding of twentieth century American poetry During his short life Crane s contemporaries had difficulty seeing past the roaring boy who drank too much and hurled typewriters from windows in recent years he has come to be seen as a kind of last poet whose only theme is self destruction and who himself exemplifies the breakdown of poetry in the modern age Taking as a point of departure Robert Lowell s 1961 valuation of Crane and his power to speak from the center of things Warner Berthoff in this book reappraises the essential character and force of Crane s still problematic achievement Though he takes into account the substantial body of commentary on Crane s work his primary intent is to look afresh at the poems themselves and at the poet s clear eyed and brilliant letters This approach enables Berthoff first to track the emergence and development of Crane s lyric style an art that recreates in compact form the turbulence of the modern city He then explores the background and historical community that nourished Crane s creative imagination and he evaluates Crane s conception of the ideal modern poetic a poetry of ecstasy created with architectural craft His final chapter is devoted to *The Bridge* the ambitious lyric suite that proved to be the climax and terminus of Crane s work Berthoff s emphasis throughout is on the beauty and power of individual poems and on the sanity shrewdness and sense of purpose that informed Crane s working intelligence **The United States** Dennis Welland, 2024-04-01 First published in 1987 the second edition of *The United States* illuminates America s past and present by a straightforward examination of a wide range of subjects geography urbanization immigration and race American wars government politics and foreign policy literature the visual arts and the media as well as American thought and ideals All the contributors have been engaged in the development of American studies in British universities many of them as pioneers in that field **Robert Frost and Northern Irish Poetry** Rachel Buxton, 2004-05-27 In this incisive and highly readable study Rachel Buxton offers a much needed assessment of Frost s significance for Northern Irish poetry of the past half century Drawing upon a diverse range of previously unpublished archival sources including juvenilia correspondence and drafts of poems *Robert Frost and Northern Irish Poetry* takes as its particular focus the triangular dynamic of Frost Seamus Heaney and Paul Muldoon Buxton explores the differing strengths which each Irish poet finds in Frost s work while Heaney is drawn primarily to the Frost persona and to the sound of sense it is the studied slyness and wryness of the American s poetry the complicating undertow which Muldoon values This appraisal of Frost in a non American context not only enables a fuller appreciation of Heaney s and

Muldoon's poetry but also provides valuable insight into the nature of trans national and trans generational poetic influence. Engaging with the politics of Irish American literary connections while providing a subtle analysis of the intertextual relationships between these three key twentieth century poets, Robert Frost and Northern Irish Poetry is a pioneering work.

Eventually, you will extremely discover a supplementary experience and finishing by spending more cash. nevertheless when? attain you consent that you require to get those every needs like having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more regarding the globe, experience, some places, when history, amusement, and a lot more?

It is your very own era to function reviewing habit. among guides you could enjoy now is **Lucifer In Harness American Meter Metaphor And Diction** below.
