The Maqámát of Badí' al-Zamán al-Hamadhání W.J. Prendergast, 2015-10-14 The triple aim of Hamadh n in this work first translated into English in 1915 appears to have been to amuse to interest and to instruct and this explains why in spite of the inherent difficulty of a work of this kind composed primarily with a view to the rhetorical effect upon the learned and the great there is scarcely a dull chapter in the fifty one maq m t or discourses The author essayed throughout these dramatic discourses to illustrate the life and language both of the denizens of the desert and the dwellers in towns and to give examples of the jargon and slang of

thieves and robbers as well as the lucubrations of the learned and the conversations of the cultured **CASH FEVER** M L George,2014-03 This fiction Cash Fever is a unique crime thriller It exposes the high risk area of gambling man s never ending urge for quick and easy money the dirty intrigues of criminals and corruption spread over in all the walks of life including public administration The beautiful craft and architecture of the novel rouses the enthusiasm of the reader from the beginning to the end in one word it is a one sit reading **Lost Airmen** Charles E. Russell, 2012-10-25 In *Happiness for Humans* Daniel C. Russell takes a fresh look at happiness from a practical perspective the perspective of someone trying to solve the wonderful problem of how to give himself a good life From this perspective happiness is the name of a solution to that problem for practical deliberation Russell's approach to happiness falls within a tradition that reaches back to ancient Greek and Roman philosophers a tradition now called eudaimonism Beginning with Aristotle's seminal discussion of the role of happiness in practical reasoning Russell asks what sort of good happiness would have to be in order to play the role in our practical economies that it actually does play Looking at happiness from this perspective Russell argues that happiness is a life of activity with three main features it is acting for the sake of ends we can live for and living for them wisely it is fulfilling for us both as humans and as unique individuals and it is inextricable from our connections with the particular persons pursuits and places that make us who we are By returning to this ancient perspective on happiness Russell finds new directions for contemporary thought about the good lives we want for ourselves
