Generically perhaps but otherwise not It is indeed a story about love falling in love being in love experiencing love in all of its manifold unpredictable aspects with its roller coaster emotions its exhilarating highs its heartbreaking lows and its gut wrenching uncertainties But the difference and the reason why I believe the reader will kvell over this tale and find it all but unput down able is because this is a story about mature love venerated love old love if you will to put it plainly In short how hope springs eternal and how we all are truly as young as we think we are This is a great book For anyone who wants to believe there is still magic in the world and that love can happen at any age this is a must read Vikki Walker USA July 2016
