Speak Colin D. Heaton, Anne-Marie Lewis, Brig. Gen. Robin Olds, USAF (Ret.), Oberleutnant Kurt Schulze, 2011-11-15 DIVDIV For the first time four German WWII pilots share their side of the story divDIV divDIV Few perspectives epitomize the sheer drama and sacrifice of combat more perfectly than those of the fighter pilots of World War II As romanticized as any soldier in history the WWII fighter pilot was viewed as larger than life a dashing soul waging war amongst the clouds In the sixty five plus years since the Allied victory stories of these pilots' heroics have never been in short supply But what about their adversaries the highly skilled German aviators who pushed the Allies to the very brink of defeat divDIV divDIV Of all of the Luftwaffe's fighter aces the stories of Walter Krupinski Adolf Galland Eduard Neumann and Wolfgang Falck shine particularly bright In *The German Aces Speak* for the first time in any book these four prominent and influential Luftwaffe fighter pilots reminisce candidly about their service in World War II Personally interviewed by author and military historian Colin Heaton they bring the past to life as they tell their stories about the war their battles their lives and perhaps most

importantly how they felt about serving under the Nazi leadership of Hermann Goring and Adolf Hitler From thrilling air battles to conflicts on the ground with their own commanders the aces memories disclose a side of World War II that has gone largely unseen by the American public the experience of the German pilot division

Luftwaffe Aces in the Battle of Britain Chris Goss,2020-12-02 An extraordinary analysis of the scores chalked up by individual fighter pilots serving in the Luftwaffe during the Battle of Britain So much detail Books Monthly The term fighter ace grew in prominence with the introduction and development of aerial combat in the First World War The actual number of aerial victories required to officially qualify as an ace has varied but is usually considered to be five or more For the Luftwaffe a number of its fighter pilots many of whom had fought with the Legion Condor in Spain had already gained their Experte or ace status in the Battle of France However many more would achieve that status in the hectic dogfights over southern England and the Channel during the Battle of Britain in the summer of 1940 A number would also be either killed or captured Some of these men individuals such as Adolf Galland Werner Molders and Helmut Wick who between them had claimed 147 aerial victories by October 31st 1940 are well known but most are less so In this book the story of each of the Luftwaffe's 204 Messerschmitt Bf 109 aces from the summer of 1940 is examined with all of the individual biographies detailing individual fates during the war being highly illustrated throughout Original German records from the summer of 1940 have been examined providing a definitive list of each pilot's individual claims It also covers to a lesser extent those forgotten fifty three Messerschmitt Bf 110 pilots who also achieved ace status by day and also by night between 10 July and 31 October 1940 A fascinating book indeed UK Historian
