**Nudes Index** Peter Feierabend, 2000 The selection of works is not just a treasure trove for those working in the communications field but also a source of inspiration for every reader interested in nude photography **The Nude** Kenneth Clark, 2023-10-17 A landmark study of the nude in art from the ancient Greeks to Henry Moore by a towering figure in art history In this classic book Kenneth Clark one of the most eminent art historians of the twentieth century examines the ever changing fashion in what constitutes the ideal nude as a basis of humanist form from the art of the ancient Greeks to that of Renoir Matisse and Henry Moore The Nude reveals the sensitivity of aesthetic theory to fashion what distinguishes the naked from the nude and just why the nude has played such an important role in art history As Clark writes The nude gains its enduring value from the fact that it reconciles several contrary states It takes the most sensual and immediately interesting object the human body and puts it out of reach of time and desire it takes the most purely rational concept of which man is capable mathematical order and makes it a delight to the senses and it takes the vague fears of the unknown and sweetens them by showing that the gods are like men and may be worshipped for their life giving beauty rather than their death dealing powers Please note All images in this ebook are presented in black and white and have been reduced in size **The Nude** Richard Leppert, 2018-05-04 The Nude explores some of the principal ways that paintings of the nude function in the conflicted terrain of culture and society in Europe and America from the fifteenth through twentieth centuries as set against questions about human sexuality that emerge around differences of class gender age and race Author Richard Leppert relates the visual history of how the naked body intersects with the foundational characteristics of what it is to be human measured against a range of basic emotions happiness delight and desire fear anxiety and abjection and read in the context of changing social and cultural realities The bodies comprising the Western nude are variously pleased or tormented ecstatic or bored pleased or horrified In short as this volume amply demonstrates the nude in Western art is a terrain on whose surface is written a summation of Western history its glory but also its degradation **The Nude** Pavel Machotka, 1979 Nude and Naked Women in the Arts Eli Bartra, 2022-09-28 Nude and Naked Women in the Arts Mexico and Beyond is a study of female nudity as represented by men and women in Mexico and other parts of the world through analysis of both the high arts and folk arts Eli Bartra explores the diverse forms of artistic expression and their link to the social construction of female gender This approach is crucial to understanding how forms of discrimination are created and recreated sometimes in very apparent ways and other times more subtly and how they contribute to the perpetuation of gender hierarchies Eli Bartra examines the assertion of gender differences in artistic creation and the sexist and at times misogynistic imagery of nude women as represented by men **Re: The Ash Lad** , Photography of the Nude Frank H. Wallis, 1993 **Technical Report of the Commission on Obscenity and Pornography** United States. Lawson,2022-12-09 In Just Like Us Digital Debates on Feminism and Fame Caitlin E Lawson examines the rise of celebrity feminism its intersections with digital culture and its complicated relationships with race sexuality capitalism and misogyny Through in depth analyses of debates across social media and news platforms Lawson maps the processes by which celebrity culture digital platforms and feminism transform one another As she analyzes celebrity centered stories ranging from The Fappening and the digital attack on actress Leslie Jones to stars activism in response to MeToo Lawson demonstrates how celebrity culture functions as a hypervisible space in which networked publics confront white feminism assert the value of productive anger in feminist politics and seek remedies for women s vulnerabilities in digital spaces and beyond Just Like Us asserts that together celebrity culture and digital platforms form a crucial discursive arena where postfeminist logics are unsettled opening up more public collective modes of holding individuals and groups accountable for their actions      The Victorian Nude Alison Smith,1996 Smith reveals how images of the nude were used at all levels of Victorian culture from prestigious high art paintings through to photographs and popular entertainments and discusses the many views as to whether these were legitimate forms of representation or in fact pornography and an incitement to unregulated sexual activity      **Consuming Cultures** The Feminist Review Collective,2005-07-20 Gender intervenes in the circuits of

consumption distribution production and reproduction This book looks at how gender intervenes in all parts of the circuit or the linkages between different elements

**Sexual Behavior** Nathaniel McConaghy, 2013-11-21 Many issues remain unresolved in sexuality In some cases this is because the information is not available to resolve them In others it is but the available conclusions the information supports block its acceptance because they conflict with the positions of dominant groups in the politics of sexuality Possibly the most obvious example is the determination of many theorists to ignore the evidence that while men rarely report being sexually assaulted when questioned in community surveys they make up a third of the victims and a quarter of the perpetrators of sexual assault are women These findings are incompatible with the feminist theory that sexual assault is not a sexual act but normal male behavior motivated politically to maintain men's dominance of women Most research supporting the theory investigated women only as victims and men only as aggressors Some feminists have dismissed the need for any research to support their beliefs on the ground that such research is busy work establishing what women already know One belief considered not to require research is that heterosexual pornography made for a male audience increases the prevalence of rape by encouraging rape supportive attitudes of male aggression and female submission No criticism has been directed at the soft core pornography of Mills and Boon stories written for women that promote similar attitudes

**Modigliani** Jeffrey Meyers, 2014-08-19 A biographer explores the artist's tragic life and transcendent work in early twentieth century Paris a vibrant portrait of a deeply unhappy man Publishers Weekly In 1920 at the age of thirty five Amedeo Modigliani died in poverty and neglect in Paris much like a figure out of La Bohème His life had been as dramatic as his death An Italian Jew from a bourgeois family Modi had a weakness for drink hashish and the many women including the Russian poet Anna Akhmatova who were drawn to his good looks His painting thrived on chaos but his bohemian lifestyle combined with a youthful case of tuberculosis eventually took a fatal toll His friends included Picasso Utrillo Soutine and other important artists of his day yet his own work stood apart generating little interest while he lived Today's art world however acknowledges him as a master whose limited oeuvre sculptures portraits and some of the most appealing nudes in the whole of modern art cannot satisfy collectors demand With a lively but judicious hand biographer Jeffrey Meyers sketches Modigliani and the art he produced illuminating not only this little known figure but also the painters writers lovers and others who inhabited early twentieth century Paris with him

**Sex Offenders** Fabian M. Saleh, John M. Bradford, Dr. John Bradford, Daniel J. Brodsky, 2021 In his annual lecture to second year medical students Dr Fred Berlin describes an interview he had early in his career with a man whom he was evaluating following the man's arrest for child sexual abuse Halfway through the interview the arrested man interrupted Dr Berlin's questions and said You know Doctor your society takes a newborn baby boy gathers family and friends takes a knife and without any anesthesia cuts skin off the tip of his penis This is accepted as a religious act I bend over and kiss that same penis and I am arrested as a child sexual abuser Can you explain that to me Berlin 2000

*Republican China (1911-1949)* Amanda Wangwright, 2021-08-16 The first monograph devoted to women artists of the Republican period *The Golden Key* recovers the history of a groundbreaking yet forgotten force in China's modern art world. Through its detailed examination of the lives and careers of six female artists Guan Zilan Qiu Ti Pan Yuliang Fang Junbi Yu Feng and Liang Baibo this book argues that women were central to the emergence of modernist art in early twentieth century China and to the nation's larger modernization project. Amanda S. Wangwright's analysis of a wealth of primary sources demonstrates how these women constructed public personas negotiated space within art societies applied feminist thought to their artistic praxis and surmounted obstacles to their careers wielding art as the golden key to professional advancement and gender equality.
