Dido Medea and other heroines to their lovers the *Heroides* represents Ovid's initial attempt to revitalize myth as a subject for literature In this book Howard Jacobson examines the first fifteen elegaic letters of the *Heroides* In his critical evaluation Professor Jacobson takes into consideration the twofold nature of the work its existence as a single entity with uniform poetic structure and coherent goals and its existence as a collection of fifteen individual poems Thus fifteen chapters are devoted to a thorough analysis and interpretation of the particular poems while six additional chapters are concerned with problems that pertain to the work as a whole such as the nature of the genre the role of rhetoric theme and variation and the originality of Ovid Special attention is given to the application of modern psychological criticism to the delineations of the pathological psyche in the letters In an additional chapter on the chronology of Ovid's early amatory poetry the author challenges and revises the traditional dating of the *Heroides* Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Military Religion in Roman Britain Georgia Irby-Massie, 2018-07-17 This volume deals with the religions of the Roman soldiers in Britain and the religious interactions of soldiers and civilians Drawing on epigraphic and archaeological evidence the discussion shows the complexities of Roman Eastern and Celtic rites how each system influenced the ritual and liturgy of the others and how each system was altered over time The first part presents discursive chapters on topics such as the cult of the emperor Mithraism in Britain the cults of Celtic warriors and healers the Romanization of Civilian religions and Christianity the second part consists of an annotated catalogue of the epigraphical sources Of significance is the broad range of materials synthesized to show the extent to which native religions influenced and were influenced by imported Roman and Eastern cults

Flawed Commanders and Strategy in the Battles for Italy, 1943-45 Andrew Sangster, Pier Paolo Battistelli, 2023-02-23 The authors offer a very different perspective on this campaign and are very frank in their assessment of the performance of the Allies and Germans on many levels New York Journal of Books Wars never run according to plan perhaps never more so than during the Italian campaign 1943-45 where necessary coordination between the different armies added additional complexity to Allied plans Errors in the strategies tactics the coalition tensions and operations at campaign command level can clearly be seen in firsthand accounts of the period This new account examines the Italian campaign from Sicily to surrender in 1945 exploring the strategy intentions motives plans and deeds It then offers a detailed insight into the five commanders who led the battles in Italy the two British commanders Montgomery and Alexander two American Patton and Clark and the leading German commander Field Marshal Kesselring Their personal notes and accounts taken alongside archival material provides some surprising conclusions Montgomery was not quite the master of war he is portrayed as

Patton had serious flaws exposed by wasting men's lives to save a relative and overlooking the shooting of prisoners of war. Clark lost lives to bolster his image. Alexander the Gentleman was far too vague to be effective as a senior leader. Meanwhile, condemned war criminal Kesselring appears to be the most efficient and also like Alexander one of the most popular leaders.
