Nurse and Spy in the Union Army During the American Civil War Sarah Emma Evelyn Edmunds, 2010-10-01 Soldier nurse and spy for the Republic This is an extraordinary book by any standards and no short description of it could possibly do justice to its author or her book Sarah Edmunds was a lady from the northern states of America who when the great Civil War broke out between the Union and the Confederacy decided that being one who waits was definitely not her style Disguised as a man a talent she had developed since childhood she successfully enlisted in the 2nd Michigan Regiment and served in several campaigns including the battles at Bull Run Antietam and Fredericksburg without ever revealing her gender In common with many women from both sides of the conflict she later performed with distinction as a nurse to wounded troops in the field Though this was noteworthy and frequently dangerous work it was insufficient for Sarah both as a contribution to the Union war effort and for her own spirit of adventure so she embarked on a career in the Union Army Secret Service as a spy This dangerous occupation where the penalty for detection and capture was summary execution propelled her into many perilous adventures behind enemy lines often disguised as a man in a variety of personas including Confederate soldier negro labourer and Irish tinker Sarah Edmunds story is an absolutely gripping personal account of an exceptional woman s experience of war which will fascinate anyone interested in the Civil War and dauntless women in particular Available in softcover and hard back with dust jacket

EARLY in the spring of 1861 I was returning from the far West and as I sat waiting for the train which was to bear me to my adopted home in New England and was meditating upon the events which had transpired during the past few months the record of which was destined to blacken the fair pages of American history I was aroused from my reverie by a voice in the street crying New York Herald Fall of Fort Sumter President s Proclamation Call for seventy five thousand men This announcement startled me while my imagination portrayed the coming struggle in all its fearful magnitude War civil war with all its horrors seemed inevitable and even then was ready to burst like a volcano upon the most happy and prosperous nation the sun ever shone upon The contemplation of this sad picture filled my eyes with tears and my heart with sorrow

Nurse and Spy in the Union Army S. Emma E. Edmonds,2016-05-31

From an early age Sarah Edmonds longed for high adventure During the Civil War she permitted her wanderlust and daring to come to the fore and leveraged it to assist the Union Army in their fight against the Confederacy Dressing as a man Franklin Flint Thompson Edmonds was admitted into the 2nd Michigan Infantry where she nobly served her country as a field nurse Edmonds took her feats of daring cunning and skill further on a number of occasions when she imposed herself into enemy positions and territories She did so in various roles disguises and personas in an effort to learn all she could about the Confederacy s impending actions Written from a singularly unique perspective this book almost seems a work of fiction rather than a genuine accounting of the wartime life and exploits of a truly amazing and heroic woman
