Contemporary Perspectives on Research on Child Development Laboratory Schools in Early Childhood Education Olivia Saracho, 2019-05-01 Child development laboratory schools are dedicated to research based instruction and furthering innovation in education Many of these schools are connected to universities where students are able to benefit from university resources and best practices Khan 2014 They have been in existence on university campuses for centuries in the United States The earliest colonial colleges e g Harvard Yale William and Mary University of Pennsylvania administered Latin schools or departments to prepare students for college Good Shirah 1988 Throughout the previous century college and university institutions have established child development laboratory schools In the early 1900s they were initially considered to be sites for the recent discipline of child study but their purposes have progressed gradually They also have assumed a fundamental function in promoting teaching research and service such as outreach engagement practice in child development and early childhood education However a lot of them had to struggle for their survival when economic periods turned out to be problematic Several extended operating programs were discontinued Barbour McBride 2017 In 1894 John Dewey founded the University of Chicago Laboratory School His laboratory school is unquestionably the most well known of experimental schools It was used to research develop and confirm innovative theories and principles of child development and education Later at the beginning of the early 1900s exemplary schools were developed as important centers for the preparation of teachers Dewey's laboratory school and the preparation of interns in a hospital were used as a model for laboratory schools to focus on methodical research dual faculty university appointments and the preparation of preservice teachers During the initial half of the 20th century laboratory schools increased in colleges and universities especially

between 1920 and 1940 University based child development laboratory programs assumed a critical responsibility in contributing to the knowledge base on child development and early childhood education as well as the professional development of early childhood educators This concept of the child development laboratory schools has heavily influenced modern views Researchers and educators need to understand the current sources based on theoretical frameworks that contribute to the purposes of the child development laboratory schools The contents of the volume reflect the major shifts in the views of early childhood researchers and educators in relation to the research on child development laboratory schools the role of child development laboratory programs in early childhood education and their relationship to theory research and practice The chapters in this special volume reviews and critically analyzes the literature on several aspects of the child development laboratory schools This volume can be a valuable tool to researchers who are conducting studies in the child development laboratory schools and practitioners who are working directly or indirectly in these schools It focuses on important contemporary issues on child development laboratory schools in early childhood education ages 0 to 8 to provide the information necessary to make judgments about these issues It also motivates and guides researchers to explore gaps in the child development laboratory schools literature Ebony ,1959-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Bulletin of the Department of Elementary School Principals* National Education Association of the United States.
