Nurses Over 50 Options Decisions And Outcomes:

Nurses Over 50 Jill Manthorpe, Roger Watson, JoyAnn Andrews, 2003-01-01 Drawing on interviews with policy makers employers older nurses and other stakeholders about the employment decisions of nurses aged over 50 this topical report looks at what encourages older nurses either to stay in the NHS or to leave *Nurses over 50* vbTab assesses the measures aimed at addressing the shortage of nurses and exposes the gap between policy rhetoric and practical reality vbTab explores the options decisions and outcomes for nurses over 50 as a means of shedding light on aspects of employment transitions more generally argues that current measures fail to recognise the role that older nurses could play in the NHS and provides recommendations for policy and practice *Transitions after 50 series* People are living longer yet increasingly are leaving working life well before the state retirement age The Joseph Rowntree Fountain programme *Transitions after 50* explores people's experiences decisions and constraints as they pass from active labour market participation in their middle years towards a new identity in later life Reports in this series look in particular at issues about work income and activities beyond work during this period of transition For other titles in this series please follow the series link from the main catalogue page

Older Workers In Europe Chiva, Anthony, Manthorpe, Jill, 2008-11-01 This book brings together an extraordinarily diverse collection of insights from a wide range of experts A broad overview is created by the foreword from Jumbo Klercq This sets the scene for the subsequent chapters which examine more specific approaches and ways of tackling age diversity and ageing in the workplace *Older Workers in Europe* is ideal for students of gerontology social policy sociology and human resource management It will also be of interest to policy makers and professionals working in the fields of employment and guidance policy economics labour force development and research Book Jacket **The future for older workers** Wendy Loretto, Sarah Vickerstaff, Philip J. White, 2009-04-21 Across the world governments in mature industrial and post industrial economies are concerned about the ageing population Dealing directly and exclusively with the issue of older workers this book brings together up to the minute research findings by many of the leading researchers and writers in the field The duration and quality of working lives and the timing and circumstances of retirement are of growing concern especially in those cases where employers demands and imperatives clash with employees wishes The contributions in this volume focus upon various measures taken by the state and employers to foster the employment of older workers in Britain mainland Europe the US and Japan The authors address key issues that will influence public policy exploring what workers over 50 want the impact of the ageing workforce on employer policies and the implications for governments in promoting and supporting extended working lives The book is aimed at academics students policy makers and other professionals such as training managers HR professionals and trade unionists interested in contemporary issues within social policy the sociology of ageing and human resource and diversity management It will also be of interest to older workers themselves **The World Health Report 2006** World Health Organization, 2006-03-23 The 2006 World Health Report focuses on the chronic

shortages of doctors midwives nurses and other health care support workers in the poorest countries of the world where they are most needed This is particularly true in sub Saharan Africa which has only four in every hundred global health workers but has a quarter of the global burden of disease and less than one per cent of the world s financial resources Poor working conditions high rates of attrition due to illness and migration and education systems that are unable to pick up the slack reflect the depth of the challenges in these crisis countries This report considers the challenges involved and sets out a 10 year action plan designed to tackle the crisis over the next ten years by which countries can strengthen their health system by building their health workforces and institutional capacity with the support of global partners Crossroads After 50

Donald Hirsch,2003 This report brings together the findings from 12 projects in the Transitions after 50 series and explores people s experiences decisions and constraints as they pass from active labour market participation in their middle years towards a new identity in later life Redfern's Nursing Older People Fiona M.
