**Ethics and Perplexity** Javier Muguerza,2022-06-08 Dialogical reason requires dialogue among the members of a community Thinkers like Habermas and Apel have proposed that judgments of both fact and value become objects of public debate The debate should determine whether these judgments can earn the assent of the community If so they attain a degree of intersubjective validity Javier Muguerza s Ethics and Perplexity makes a highly original contribution to the debate over dialogical reason The work opens

with a letter that establishes a parallel between Ethics and Perplexity and Maimonides's classic Guide of the Perplexed. It concludes with an interview that repeatedly strikes sparks on Spanish philosophy's emergence from its long quarantine as Muguerza puts it. These informal pieces witty informative conversational orbit the nucleus of the work a formidable critique of dialogical reason. The result is a volume by turns vivid and profound. Muguerza insists that the experience of perplexity is inseparable from the exercise of philosophy. Perplexity is linked to aporia and wonder which the ancients identified as the origin of their activity. The only solidarity among philosophers is that of searching and philosophy is hardly more than a set of questions unceasingly posed and posed again of forever open problems of perplexities that assail us over and over again. Perplexity avoids both the certainty of dogmatism and the ignorance of skepticism. In fact it is the only philosophical ailment capable of immunizing us against both. Philosophy is always a guide to the perplexed. The series Philosophy in Spain founded to bring Spanish philosophy to the attention of English speaking philosophers seeks outstanding works by classic and contemporary Spanish thinkers as well as books on Spanish philosophy.

In facing death, individual response is inevitably moulded by the values, attitudes and beliefs of one's culture. Despite the large Chinese emigrant population in major cities in the world, available material in English on death, dying and bereavement among Chinese people is scarce. As Hong Kong is a place where East meets West, most professionals working in the field of death, dying and
