Changing Rice Bowl: Economic Development and Diet in China Elizabeth J. Leppman, 2005-03-01 The book deals with a topic of perennial interest to Chinese and non Chinese alike Chinese food Chinese culture is exceptionally food oriented and non Chinese are curious about what Chinese people in China actually eat as contrasted with meals in ever popular Chinese restaurants Furthermore foreigners have long received the impression that Chinese people are inadequately fed but the picture today is considerably more complex At its best the Chinese diet is among the world s

healthiest and access to adequate nutritious food has made enormous progress in recent years The content of the Chinese diet and its nutritional adequacy vary over space not only in the vastness of China but even within one province All these strands examined after the end of food rationing opened new choices to Chinese consumers are portrayed in a text that is easily accessible to the general public and that is supplemented with maps graphs and photographs Beginning with background concepts in nutrition culture and economic development the book proceeds to describe foods that Chinese traditionally eat and the farming system that has produced them for hundreds of years It then gives an overview of rural urban contrasts at the national level A summary geography of Liaoning Province in China s northeast provides background for the detailed study of the dietary regime in a sample of households at five sites within the province The book concludes with some suggestions of possible future implications of the findings

Nutrition Planning ,1979 , Everyone Eats E. N. Anderson,2005-03-01 Everyone eats but rarely do we ask why or investigate why we eat what we eat Why do we love spices sweets coffee How did rice become such a staple food throughout so much of eastern Asia Everyone Eats examines the social and cultural reasons for our food choices and provides an explanation of the nutritional reasons for why humans eat resulting in a unique cultural and biological approach to the topic E N Anderson explains the economics of food in the globalization era food s relationship to religion medicine and ethnicity as well as offers suggestions on how to end hunger starvation and malnutrition Everyone Eats feeds our need to understand human ecology by explaining the ways that cultures and political systems structure the edible environment

Shared Wealth and Symbol Lenore Manderson,1986-12-26 This 1987 volume brought together for the first time a range of essays on the anthropology of food in Oceania and Southeast Asia The essays reflect research in the field primarily that undertaken by Australian scholars The volume focuses on four main concerns factors that influence the production of food and dietary behaviour the way in which people think and speak about diet and nutrition including concepts of hunger and the classification of foods infant feeding practice including the promotion of bottle feeding and the roles of government agencies and multinational corporations The regional focus of the volume also allows for discussion of common trends especially those that have arisen as a result of societies in the region having been incorporated into the world economy Applicable elsewhere in the world the volume offers a basis for a comparative analysis of food in culture and society

Cooking and Coping Among the Cacti Roberta D. Baer,2014-05-01 Using data collected from 105 households in Sonora Mexico the author combines detailed ethnographic research with quantitative analyses of income diet and nutritional status to examine the dietary patterns of residents who cook and cope among the cacti Employing a new analytical concept of

available income which can differ greatly from total income and provide valuable insight into why people eat what they do the work explores a variety of social and cultural factors that affect food expenditure and consumption Home production of food and the extent to which women are employed outside of the home are just two of the many variables discussed that influence available income and how it is used But even among groups with similar available incomes variables of ethnicity prestige nutritional knowledge and the desire for consumer goods come into play
