*Out of My Hands* L. S. Brown, 2006 This book touches briefly on my youngest brother's life growing up and how we lost track of each other numerous times but always seemed to reunite. The love we had for each other was fully tested during a period in his life where he was finally growing up and taking responsibility. On tragic circumstances derailed his life and because of a critical lapse in judgment one night the lives of many were permanently changed forever. He tried to deal with the death of his girlfriend who died after an accident they had on his motorcycle but after six weeks he gave up and lost the battle and took his own life. This book is about a gut wrenching knock down no punches pulled fight to keep him alive because I saw in his eyes that he no longer wanted to live with the pain from his actions. Two totally different families were involved in this tragedy which took two young lives and things sometimes got out of control. This book will take you on a mental ride that I would not wish on anyone. Trying to justify his suicide was impossible but I tried. The human mind can withstand an enormous amount of pain I found that out. It also has a breaking point and my brother found that out as well. The aftermath of suicide especially for a loved one is sometimes unbearable but you have to go on. This book deals with his love his life the accident scene the hospital legal situations his suicide the funeral and how some of the members of both families were affected. I have come through this ordeal mentally intact but I still live with the thought could I have stopped my brother from taking his life. I am afraid to answer that.

**The Letters of Robert Duncan and Denise Levertov** Robert Edward Duncan, Robert J. Bertholf, Albert Gelpi, 2004 This volume presents the complete correspondence between two of the most important and influential American poets of the postwar period. The almost 500 letters range widely over the poetry scene and the issues that made the period so lively and productive. But what gives the exchange its special personal and literary resonance is the sense of spiritual affinity and shared conviction about the power of the visionary imagination. Duncan and Levertov explore these matters in rich detail until under the stress of dealing with the Vietnam War in poetry they discover deep seated differences in the religious and ethical convictions underlying their politics and poetic stance. The issues that drew them together and those that drove them apart create a powerful personal drama with far reaching historical and cultural significance. The editors have provided a critical Introduction full notes a chronology and a glossary of names.
