about charity projects in which celebrities and tourist businesses were involved Slumdog Millionaire served as a global example of a developing country's uneven but unique modernisation. This book examines such mobilities of ideas art tourism and activism together In doing so it reveals the significance of Mumbai as a post colonial city in discussions of modernity a form of mobile adaptation to new world realities Tzanelli examines the various agents involved in controversies through multiple virtual and real journeys to India's colonial history and present social complexity with a view to actualise a post colonial future a destiny as the country's serendipitous destination Addressed to interdisciplinary audiences the book will be a useful text for students and scholars of globalisation mobility tourism media and social movement theory the End of Oil Maynard Kaufman, 2008-09-15 Adapting to the End of Oil Toward an Earth Centered Spirituality Americans who burn more fossil fuels than any other country will have a hard time adapting to the end of cheap oil This book explains how our materialistic values evolved to make us such wasteful consumers and how corporations profit at our expense The bad news is that rising prices of oil may bankrupt our economy unless we learn how to reduce our energy use The good news is that earth centered values are being affi rmed by increasing numbers of people The book shows how earth centered spirituality can help us live more modestly on the earth and preserve the climate Grounding God Arianne Conty, 2023-12-01 Now that we have entered the Anthropocene the geological age in which humans have altered the natural world to such an extent that nature and culture can no longer be separated the modern dichotomies of mind versus body and culture versus nature have become implausible and need to be replaced In Grounding God Arianne Conty argues that it is in the field of religion where we can find a new ontology better suited for the Anthropocene Conty calls this new religious ontology the grounding of the sacred in that it seeks to deconstruct the binaries of modernity and provide in their place a revalorization of the immanent earth and the more than human beings that inhabit it Such a grounding of the sacred is a potent means to overcome the exploitation and desecration of the earth and its nonhuman beings and to provide in its stead an inclusive cosmopolitics that extends mind into matter and culture into nature Tracing such a grounding in the Christian Buddhist neopagan and animist traditions Conty seeks to elaborate an interdisciplinary ecosophy one that uses philosophy anthropology and religious studies to provide new values for the present age **Shalom - The Jesus Manifesto** Andrew Francis, 2016-04-01 Shalom is the motif of God's peace and well being Jesus is the embodiment of that In this extraordinarily liberating book Andrew Francis explores seven different once marginalized movements in their search for shalom in the life ministry and example of Jesus What would it look like to create a manifesto for Jesus shaped living What does it mean to say that the Spirit of the Lord is forming shalom through his church
