Curran, 2002-06-06 The critical century between the arrival of Constantine and the advance of Alaric in the early fifth century witnessed dramatic changes in the city of Rome In this book Dr Curran has broken away from the usual notions of religious conflict between Christians and pagans to focus on a number of approaches to the Christianization of Rome He surveys the laws and political considerations which governed the building policy of Constantine and his successors the effect of papal building and commemorative constructions on Roman topography the continuing ambivalence of the Roman festal calendar and the conflict between Christians over asceticism and real Christianity Thus using analytical literary and legal evidence Dr Curran explains the way in which the landscape civic life and moral values of Rome were transformed by complex and sometimes paradoxical forces laying the foundation for the capital of medieval Christendom Through a study of Rome as a city Dr Curran explores the rise of Christianity and the decline of paganism in the later Roman empire **Pagan and**

Historical Pictures of Pagan and Christian Rome Frances Elliot, 2008-06-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work Pagan Rome and the Early Christians Stephen Benko, 1984 As perceived by the average Roman citizen the early rites and behavior of Christians laid them open to charges of cannibalism immorality and the practice of magic and conspiring and fomenting rebellion against the state The early church fathers rejected these accusations and portrayed pagans as victims of misinformation or perpetrators of ill will Benko proposes to give the pagans the benefit of the doubt and analyzes their charges against Christianity under the premise that they may have been right within the context of the times He has provided a persuasively argued and refreshing if controversial perspective on the confrontation of the pagan and early Christian worlds The Last Pagans of Rome Alan Cameron, 2010-12-21 Rufinus vivid account of the battle between the Eastern Emperor Theodosius and the Western usurper Eugenius by the River Frigidus in 394 represents it as the final confrontation between paganism and Christianity It is indeed widely believed that a largely pagan aristocracy remained a powerful and active force well into the fifth century sponsoring pagan literary circles patronage of the classics and propaganda for the old cults in art and literature The main focus of much modern scholarship on the end of paganism in the West has been on its supposed stubborn resistance to Christianity The dismantling of this romantic myth is one of the main goals of Alan Cameron s book Actually the book argues Western paganism petered out much earlier and more rapidly than hitherto assumed The subject of this book is not the conversion of the last pagans but rather the duration nature and consequences of their survival By re examining the abundant textual evidence both Christian Ambrose Augustine Jerome Paulinus Prudentius and pagan Claudian Macrobius and Ammianus Marcellinus as well as the visual evidence ivory diptychs illuminated manuscripts silverware Cameron shows that most of the activities and artifacts previously identified as hallmarks of a pagan revival were in fact just as important to the life of cultivated Christians Far from being a subversive activity designed to rally pagans the acceptance of classical literature learning and art by most elite Christians may actually have helped the last reluctant pagans to finally abandon the old cults and adopt Christianity The culmination of decades of research The Last Pagans of Rome overturns many long held assumptions about pagan and Christian culture in the late antique West *Historical Pictures of Pagan and Christian Rome. Addressed to Strangers* Rome (Italy), 1835* **Christian and Pagan in the Roman Empire** Tertullian, 2001-09 In this volume Robert D Sider undertakes a judicious pruning of the

original texts and brings a fresh accessibility to the important writings of Tertullian *The Final Pagan Generation* Edward J. Watts, 2015-02-06 The Final Pagan Generation recounts the fascinating story of the lives and fortunes of the last Romans born before the Emperor Constantine converted to Christianity Edward J Watts traces their experiences of living through the fourth century's dramatic religious and political changes when heated confrontations saw the Christian establishment legislate against pagan practices as mobs attacked pagan holy sites and temples The emperors who issued these laws the imperial officials charged with implementing them and the Christian perpetrators of religious violence were almost exclusively young men whose attitudes and actions contrasted markedly with those of the earlier generation who shared neither their juniors interest in creating sharply defined religious identities nor their propensity for violent conflict Watts examines why the final pagan generation born to the old ways and the old world in which it seemed to everyone that religious practices would continue as they had for the past two thousand years proved both unable to anticipate the changes that imperially sponsored Christianity produced and unwilling to resist them A compelling and provocative read suitable for the general reader as well as students and scholars of the ancient world **Pagan and Christian Rome** Rodolfo Amedeo Lanciani, 1893 **Historical Pictures of Pagan and Christian Rome** , 1996 *The Quarterly Review* William Gifford, Sir John Taylor Coleridge, John Gibson Lockhart, Whitwell Elwin, William Macpherson, William Smith, Sir John Murray IV, Rowland Edmund Prothero (Baron Ernle), George Walter Prothero, 1900 *Pagans and Christians in the Late Roman Empire* Marianne Sághy, Edward M. Schoolman, 2017-10-10 Do the terms pagan and Christian transition from paganism to Christianity still hold as explanatory devices to apply to the political religious and cultural transformation experienced Empire wide Revisiting pagans and Christians in Late Antiquity has been a fertile site of scholarship in recent years the paradigm shift in the interpretation of the relations between pagans and Christians replaced the old conflict model with a subtler complex approach and triggered the upsurge of new explanatory models such as multiculturalism cohabitation cooperation identity or group cohesion This collection of essays inscribes itself into the revisionist discussion of pagan Christian relations over a broad territory and time span the Roman Empire from the fourth to the eighth century A set of papers argues that if paganism had never been fully extirpated or denied by the multiethnic educated elite that managed the Roman Empire Christianity came to be presented by the same elite as providing a way for a wider group of people to combine true philosophy and right religion The speed with which this happened is just as remarkable as the long persistence of paganism after the sea change of the fourth century that made Christianity the official religion of the State For a long time afterwards pagans and Christians lived in between polytheistic and monotheist traditions and disputed Classical and non Classical legacies **Pagan and Christian Rome ... Illustrated** Rodolfo Amedeo LANCIANI, 1892 *Pagans and Christians in Late Antique Rome* Michele Renee Salzman, Marianne Sághy, Rita Lizzi Testa, 2015-11-12 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that

the once dominant notion of pagan Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome Together the essays demonstrate that the fourth century city was a more fluid vibrant and complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century
