Jeep, 2001 An encyclopedia covering the political social intellectual religious and cultural history of the German and Dutch speaking medieval world between 500 and 1500 Entries cover individuals and their deeds as well as broader historical topics      **Christ Child** Stephen J. Davis, 2014-05-13 Little is known about the early childhood of Jesus Christ But in the decades after his death stories began circulating about his origins One collection of such tales was the so called Infancy Gospel of Thomas known in antiquity as the Paidika or Childhood Deeds of Jesus In it Jesus not only performs miracles while at play such as turning clay birds into live sparrows but also gets enmeshed in a series of interpersonal conflicts and curses to death children and teachers who rub him the wrong way How would early readers have made sense of this young Jesus In this highly innovative book Stephen Davis draws on current theories about how human communities construe the past to answer this question He explores how ancient readers would have used texts images places and other key reference points from their own social world to understand the Christ child s curious actions He then shows how the figure of a young Jesus was later picked up and exploited in the context of medieval Jewish Christian and Christian Muslim encounters Challenging many scholarly assumptions Davis adds a crucial dimension to the story of how Christian history was created      *Routledge Revivals: Medieval Germany (2001)* John M. Jeep, 2017-07-05 First published in 2001 Medieval Germany An Encyclopedia provides a comprehensive guide to the German and Dutch speaking world in the Middle Ages from approximately C E 500 to 1500 It offers detailed accounts of a wide variety of aspects of medieval Germany including language literature architecture politics warfare medicine philosophy and religion In addition this reference work includes bibliographies and citations to aid further study This A Z encyclopedia featuring over 500 entries written by expert contributors will be of key interest to students and scholars as well as general readers      *Art and the Christian Apocrypha* David R. Cartlidge, J. Keith Elliot, 2013-10-23 The Christian canon of scripture known as the New Testament excluded many of the Church s traditional stories about its origins Although not in the Bible these popular stories have had a powerful influence on the Church s traditions and theology and a particularly marked effect on visual representations of Christian belief This book provides a lucid introduction to the relationship between the apocryphal texts and the paintings mosaics and sculpture in which they are frequently paralleled and which have been so significant in transmitting these non Biblical stories to generations of churchgoers      *The Quest for the Christ Child in the Later Middle Ages* Mary Dzon, 2017-03-09 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the historical and developmental details of Jesus early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus childhood medieval Christians turned to

centuries old apocryphal texts for answers In *The Quest for the Christ Child in the Later Middle Ages* Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child's development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child's poverty and rusticity Thomas Aquinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination

**The painted romanesque ceiling of St. Martin in Zillis; text by Ernst Murbach, edited and with photographs by Peter Heman, translated from the German by Janet Seligman** Ernst Murbach, Peter HEMAN, Janet SELIGMAN, 1967 *The Church Unfinished* Bernard P. Prusak, 2004 Like

human life the Catholic or universal Church is lived forward but understood backward To appreciate the Church's past however does not require that we simply repeat it Using such a framework this book puts the present period of the Church in vast historical context It traces how the Church came from the community of unexpected persons whom Jesus gathered around himself and was then shaped over the course of centuries by human decisions made in the Spirit The Church's catholicity is seen to involve an ever expanding memory embracing the immense richness of past and present times places and cultures and at the same time an openness to assimilating and possibly being transformed by a future history in which God offers new possibilities The book thus proposes that the Church's leadership would do well to nurture a renewed eschatological attitude that embraces a genuine openness to the newness and surprise of the future leaving room not only for continuity but also for the important elements of change and transformation For what the Church is only the entirety of its history will fully reveal
