**Reality's Dark Light** Maria K. Bachman, Don Richard Cox, 2003 In the midst of a Victorian culture ingrained with strict social etiquette and societal norms Wilkie Collins composed novels that contained asocial even anarchic impulses A contemporary of Dickens Collins creates a world more Kafkaesque than Dickensian a world populated by doppelgangers secret selves oddballs and grotesques The essays of Reality's Dark Light The Sensational Wilkie Collins purposefully work to expand Collins's legacy beyond *The Woman in White* and *The Moonstone* they move well past the simplistic view of Collins's works as sensation novels detective novels or even popular fiction all labels that carry with them pejorative connotations This collection represents the range of Collins's aesthetic project from various critical perspectives New methodological and theoretical approaches are applied both to his most popular and to his lesser known works giving the reader a broader picture of this multifaceted and undervalued writer The Editors Maria K Bachman in an assistant professor of English at Coastal Carolina University Her articles have appeared in *Victorian Newsletter* *Literature and Psychology* *The Dickensian* and *Dickens Studies Annual* Don Richard Cox is a professor of English and associate dean at the University of Tennessee His books include *Sexuality and Victorian Literature* Tennessee Arthur Conan Doyle and Charles Dickens's *The Mystery of Edwin Drood* An Annotated Bibliography He is the coeditor with Maria Bachman of an edition of Wilkie Collins's final novel *Blind Love*

*The Literate Eye* Rachel Teukolsky, 2009-07-30 Rather than focusing on German philosophy or the French avant gardes as many books on the history of aesthetics do Teukolsky takes up British responses to modern art controversies thus providing a unique view on the development of artistic forms and art history She considers the canonical writing of authors like John Ruskin Walter Pater and Oscar Wilde alongside texts belonging to the rich field of Victorian print culture gallery reviews scientific treatises satirical cartoons advertisements and early photography monographs among them Spanning the years 1840 to 1910 her argument also adds substance to our understanding of the transition from Victorianism to modernism a period of especially lively exchange between artists and intellectuals here narrated with careful attention given to the historical particularities and real events that stamped their imprint on such interactions

**Down and Out in Eighteenth-Century London** Tim Hitchcock, 2004-01-01 London in the eighteenth century was the greatest city in the world It was a magnet that drew men and women from the rest of England in huge numbers For a few the streets were paved with gold but for the majority it was a harsh world with little guarantee of

money or food For the poor and destitute London's streets offered little more than the barest living Yet men women and children found a great variety of ways to eke out their existence sweeping roads selling matches singing ballads and performing all sorts of menial labor Many of these activities apart from the direct begging of the disabled depended on an appeal to charity but one often mixed with threats and promises Down and Out in Eighteenth Century London provides a remarkable insight into the lives of Londoners for all of whom the demands of charity and begging were part of their everyday world Tourism, Landscape, and the Irish Character William Williams, 2012-02-24 Picturesque but poor abject yet sublime in its Gothic melancholy the Ireland perceived by British visitors during the eighteenth and nineteenth centuries did not fit their ideas of progress propriety and Protestantism The rituals of Irish Catholicism the lamentations of funeral wakes the Irish language they could not comprehend even the landscapes were all strange to tourists from England Wales and Scotland Overlooking the acute despair in England's own industrial cities these travelers opined in their writings that the poverty bog lands and ill thatched houses of rural Ireland indicated moral failures of the Irish character **Conceiving the City** Nicholas Freeman, 2007-09-20 Conceiving the City is an innovative study of the ways in which a generation of late Victorian novelists poets painters and theoreticians attempted to represent London in literature and art Breaking away from the language and style of Dickens and the static panorama paintings of William Powell Frith major figures such as Henry James and J M Whistler and crucially less celebrated authors such as Arthur Machen Edwin Pugh and George Egerton bent realism into exciting new shapes In the naturalism of George Gissing and Arthur Morrison the fragmentary impressions of Ford Madox Ford and the brooding mystery of Alvin Langdon Coburn's photogravures London emerged as a focus for dynamic explicitly modern art Although many of these insights would be dismissed or at least downplayed by subsequent generations the ideas evolved during the period from 1870 to 1914 anticipate not only the work of high modernists such as Eliot and Woolf but also that of later urban theorists such as Foucault and de Certeau and the novels and travelogues of contemporary London writers Peter Ackroyd and Iain Sinclair Nicholas Freeman recovers a sense of late Victorian London as a subject for dynamic theoretical and aesthetic experiments and shows in stimulating analyses of Conan Doyle H G Wells Arthur Symonds and others how much of our understanding of urban space we owe to eminent and not so eminent Victorian figures Written in a clear and accessible style the book restores a much needed historical perspective to our engagement with the metropolis **Catalogue of British Oil Paintings 1820-1860** Ronald Parkinson, Victoria and Albert Museum, 1990 From luminaries such as J M W Turner to the all but forgotten George Travers and through the hierarchy of genres from high art to animals fruit flowers sea and landscapes the 500 pictures covered in this catalogue form about half of the V A's collection of British oil paintings **The 'perpetual fair'** Anne Wohlcke, 2015-11-01 Each summer a perpetual fair plagued eighteenth century London a city in transition overrun by a burgeoning population City officials attempted to control disorderly urban amusement according to their own gendered understandings of order and morality Frequently derided as

locations of dangerous femininity disrupting masculine commerce fairs withstood regulation attempts Fairs were important in the lives of ordinary Londoners as sites of women s work sociability and local and national identity formation Rarely studied as vital to London s modernisation urban fairs are a microcosm of London s transforming society demonstrating how metropolitan changes were popularly contested This study contributes to our understanding of popular culture and modernisation in Britain during the formative years of its global empire Fascinating examples drawn from literary and visual culture make this an engaging study for scholars and students of late Stuart and early Georgian Britain urban and gender history World s Fairs and cultural studies     Great Britain Richard S. Tompson, 2014-05-14 An A Z reference guide to significant people ideas places and events in British history
