Forbes, 2003-02-28 The fourth and final volume of the *Hawaiian National Bibliography 1780-1900* records the most volatile period in Hawaii's history American business interests and the desire for a constitutional monarchy were pitted against the desire of the monarchs King Kalikau and Queen Liliuokalani to strengthen the power of the throne The convulsions of the 1887 and 1889 revolutions were succeeded by the overthrow of the monarchy on January 17 1893 Documents revealing the struggle over annexation beginning in 1893 and the counterrevolution of 1895 are an important component of this volume Annexation in 1898 was

Maretzki, 2011-04-30 This is a

significant update to the highly influential text *People and Cultures of Hawaii A Psychocultural Profile* Since its publication in 1980 the immigrant groups it discusses in depth have matured and new ones have been added to the mix The present work tracks the course of these changes over the past twenty years constructing a historical understanding of each group as it evolved from race to ethnicity to culture Individual chapters begin with an overview of one of fifteen groups Following the development of its unique ethnocultural identity distinctive character traits such as temperament and emotional expression are explored as well as ethnic stereotypes Also discussed are modifications to the group s ethnocultural identity over time and generational change which traits may have changed over generations and which are more hardwired or enduring An important feature of each chapter is the focus on the group s family social structure generational and gender roles power distribution and central values and life goals Readers will also find a description of the group s own internal social class

structure social and political strategies and occupational and educational patterns Finally contributors consider how a particular ethnic group has blended into Hawai i s culturally sensitive society People and Cultures of Hawai i The Evolution of Culture and Ethnicity will like its predecessor fill an important niche in understanding the history of different ethnic groups in Hawai i **Chinese America: History and Perspectives 1988** , *Prize Essays on Leprosy* ,1897

Chinatown, Honolulu Nancy E. Riley,2024-06-11 The Chinese experience in Hawai i has long been told as a story of inclusion and success During the Cold War the United States touted the Chinese community in Hawai i as an example of racial harmony and American opportunity claiming that all ethnic groups had the possibility to attain middle class lives Today Honolulu s Chinatown is not only a destination for tourism and consumption but also a celebration of Chinese accomplishments memorializing past discrimination and present prominence within a framework of multiculturalism This narrative however conceals many other histories and processes that played crucial roles in shaping Chinatown This book offers a critical account of the history of Chinese in Hawai i from the mid nineteenth century to the present in this context of U S empire settler colonialism and racialization Nancy E Riley foregrounds elements that are often left out of narratives of Chinese history in Hawai i particularly the place of Native Hawaiians geopolitics and U S empire building and the ongoing construction of race and whiteness Tracing how Chinatown became a site of historical remembrance she argues that it is also used to reinforce the ideology of neoliberal multiculturalism which upholds racial hierarchy by lauding certain ethnic groups while excluding others An insightful and in depth analysis of the story of Honolulu s Chinatown this book offers new perspectives on the making of the racial landscape of Hawai i and the United States more broadly
