G. Chitkara,1996     **Pakistan** Donald Newton Wilber,1964     Mainstreaming the Tribal Areas (ex-FATA) of Pakistan Bordering Afghanistan Asghar Khan,2022-08-23 The book addresses why the Pakistani state is facing persistent challenges in extending and consolidating its governance authority throughout its territories especially in the former Federally Administered Tribal Areas ex FATA Even after the de jure merger the question still remains valid that how Pakistani state could establish its governance in these tribal areas Through multi dimensional approaches and multi pronged analysis of state centric top down society centric bottom up and state in society mixed horizontal approaches the book explains factors and dimensions that pose challenges to Pakistani state governance in ex FATA The main hypothesis is that

societies where state governance is absent turn to informal governance and create informal institutions as a substitute for the weak central state governance thereby challenging the domination and control authority of the state The book presents policy recommendations for bringing these tribal areas into the mainstream governance system of Pakistan *International Bibliography of the Social Sciences* International Committee for Social Sciences,1967-04 First published in 1967 Routledge is an imprint of Taylor Francis an informal company Finance and Society in 21st Century China Junie T.
