The Evolution of Legislation on Religious Offences F. A. Nazir,2019-03-14 The laws and legislation in Pakistan related to religious offences are intended to protect all religious communities but have also become a significant threat to communities of religious minorities who are vulnerable to false accusation violent retribution outside of the judicial system and erroneous convictions that sometimes even lead to the death penalty What is not well known is how these laws came about from originally being designed in Chapter XV of the Pakistan Penal Code to safeguard all religions of British India Dr F A Nazir places the discussion of offences relating to religion in the historical context of the south Asian

Adle, Chahryar,Baipakov, Karl M.,Habib, Irfan,UNESCO,2003-12-31 The period treated in this volume is highlighted by the slow retreat of nomadism and the progressive increase of sedentary polities owing to a fundamental change in military technology Furthermore this period certainly saw a growing contrast in the pace of economic and cultural progress between Central Asia and Europe The internal growth of the European economies and the influx of silver from the New World gave Atlantic Europe an increasingly important position in world trade and caused a major shift in inland Asian trade Thus 1850 marks the end of the total sway of pre modern culture as the extension of colonial dominance was accompanied by the influx of modern ideas **Recovering the Frontier State** Rasul Bux Rais,2008-01-01 The book explores how legacies of internal strife and foreign invasions have altered the balance of social and political forces that provided some measure of stability to Afghanistan The country faces structural constraints in the way of reviving itself owing to ethnic fragmentation Taliban insurgency and shallow social roots of political power The central argument is that Afghanistan needs positive international engagement to find a new balance among its fractious social groups and build effective state and nationhood

Ethno-political Conflict in Pakistan Rizwan Zeb,2019-12-12 This book critically examines the causes of the increase in insurgent violence in Balochistan and explores the relations between the national government of Pakistan and the province of Balochistan Based on historical analysis the book argues that the national government of Pakistan and the leaders of Balochistan both use a standard narrative when dealing with each other According to the Baloch narrative Islamabad exploits Balochistan s natural resources without giving Balochistan its due share and has never accepted and granted Balochistan equal rights The centre s narrative emphasizes the tribal character of the Baloch society and suggests that the Baloch elite hinder Balochistan s integration with the federation This book demonstrates that both narratives are inherently flawed and presents a precipitous picture of the problem of insurgent violence It also shows that the Baloch leadership is divided along tribal lines and lacks a unified voice and proposes that the Baloch elite use the narrative of enduring injustice only as a source of politicization of Baloch ethnicity when an actual or perceived injustice is taking place An important addition to the literature on ethno political conflicts this unique analysis of the importance of narrative in the imagination of political

movements will be of interest to scholars in the fields of South Asian studies ethnic conflicts separatist and political movements and Asian politics
