Palenque The Walker Caddy Expedition T:

The Ruins of Time David Adamson, 2023-05-03 *The Ruins of Time* 1975 examines the conquest of the Maya by the Spanish the discoveries and adventures of the first travellers among them the dramatic journeys of Victorian archaeologists and explorers and also contemporary attempts to unravel Maya hieroglyphs *Between the Meridians* Jim Christy, 1999 *Between the Meridians* is an eclectic mixture of fugitive travel pieces and essays whose basic theme is an exploration of character and culture Tied together by Christy's ironic observations on human frailty and traditional histories the adventures read like those of a hip Indiana Jones *Primera Mesa Redonda de Palenque*, 1974 *The Vaults at Palenque* Shelley Elaine Roff, 1993 **Maya Cultural Heritage** Patricia A. McAnany, 2016-09-15 Situated at the intersection of cultural heritage and local community this book enlarges our understanding of the Indigenous peoples of southern Mexico and northern Central America who became detached from the ancient Maya through colonialism government actions and early twentieth century anthropological and archaeological research Through grass roots heritage programs local communities are reconnecting with a much valorized but distant past Maya Cultural Heritage explores how community programs conceived and implemented in a collaborative style are changing the relationship among archaeological practice the objects of archaeological study and contemporary ethnolinguistic Mayan communities Rather than simply describing Maya sites McAnany concentrates on the dialogue nurtured by these participatory heritage programs the new heritage scapes they foster and how the diverse Maya communities of today relate to those of the past *Anthropology and History in Yucatán* Grant D. Jones, 2014-05-12 *Anthropology and History in Yucatán* is a collection of ten essays that offer new evidence and interpretations of the survival and adaptation of lowland Maya culture from its earliest contact with the Spanish to the 1970s These case studies reflect a growing interest in the use of historical approaches in the development of models of cultural change that will integrate archaeological historical and ethnographic data The portrait of the Maya emerging from this collection is that of a remarkably vital people who have skillfully resisted total incorporation with their neighbors and who continue even today to emphasize their cultural independence and historical uniqueness In his introduction Grant D Jones synthesizes previous studies of the anthropological history of Yucatán and summarizes the theoretical issues underlying the volume Section I which focuses on continuity and change in the boundaries of Maya ethnicity in Yucatán includes contributions by the late Sir Eric Thompson France V Scholes and O Nigel Bolland Section II presents comparative regional perspectives of Maya adaptations to external forces of change and contains essays by D E Dumond Grant D Jones James W Ryder and Anne C Collins In the closing section three articles by Victoria Reifler Bricker Allan F Burns and Irwin Press treat Maya concepts of their own history Throughout the book the authors demonstrate that models far more complex than Robert Redfield's folk urban continuum must be developed to account for the great regional variations in responses by the Maya to the pressures of economic cultural and political control as exerted by Spanish Mexican Guatemalan and British authorities over the past four

centuries The essays demonstrate a variety of methodological approaches that will be of interest to historians ethnohistorians ethnologists archaeologists and those who have a general interest in the survival of Maya culture **Catalog of Copyright Entries.
