Arab Intellectuals and American Power M.D. Walhout, 2020-10-01 Edward Said the famous Palestinian American scholar and activist was one of the twentieth century's most iconic public intellectuals whose pioneering and to some controversial work on Orientalism shaped Middle Eastern and postcolonial studies and beyond But how exactly did he arrive at his famous maxim to speak truth to power This dual biographical study examines the lives of Edward Said and the eminent Lebanese philosopher and diplomat Charles Malik a distant relative 30 years his senior whom Said knew from childhood as Uncle Charles To Said Malik was no ordinary relative in his memoir he called Malik the great negative intellectual lesson of my life and was to describe him as an ideal as I was growing up only to later claim Malik went through an ugly transformation that I could never come to terms with M D Walhout charts the development of these two remarkable figures reconstructing in the process the way in which American power in the Middle East came to have a defining effect on Arab intellectuals in the twentieth century Exploring issues of religion and nationalism Walhout shows how Said came to reject much of what Malik stood for Christian faith hardline anti Communism and the benign nature of

Quakers in the Israeli-Palestinian Conflict Nancy Gallagher, 2007-09-01 The Israeli-Palestinian conflict has resulted in the longest standing refugee crisis in the world today Based on new archival research and interviews with surviving participants this book considers one early effort to resolve that crisis while offering helpful lessons for current efforts at conflict resolution in the Middle East and elsewhere When war broke out in Palestine in 1948 the American Friends Service Committee (AFSC) a Quaker service organization had just won the Nobel Peace Prize for its peacemaking endeavors and its service to war refugees during the Second World War On the basis of that experience the United Nations invited the highly visible AFSC to provide humanitarian relief to Arab refugees in Gaza The AFSC also sent volunteers to work in Israel where they hoped to serve both Arabs and Jews Its long term goal was repatriation of the refugees and conciliation and coexistence between Israelis and Palestinians As eyewitnesses to some of the major events of the conflict the AFSC volunteers came to understand it better than most outsiders at the time By examining these early efforts at peacemaking and assistance historian Nancy Gallagher has uncovered essential insights for today's peacemakers, human rights activists and humanitarian NGOs

Historical Archives and the Historians' Commission to Investigate the Armenian Events of 1915 Yücel Güçlü, 2015-08-07 Historical Archives and the Historians' Commission to Investigate the Armenian Events of 1915 demonstrates the vital importance of Ottoman and other relevant archives in Turkey for the study of the Armenian question Historians assisted by newly discovered or recently published materials must continually reassess events of the past in order to achieve a rounder view The Armenian events of 1915 are certainly no exception This study encourages further engagement between the policy making and the scholarly communities by indicating the continued importance of past

records and documents for today's pressing debates. In order to give a fuller picture, this survey also looks at some major relevant archival sources outside Turkey, including the state of archives of the First Republic of Armenia and those of the Dashnak Party. Ycel Göl's inquiry sheds light on some of the British records relating to the First World War and its immediate aftermath, located at the National Archives in Kew, London, and he examines the special relevance of repositories in Moscow and St. Petersburg in understanding the Turkish-Armenian conflict. Göl assesses Turkey's proposal to establish an international historians' commission to investigate the Armenian events of 1915 and reviews in depth the meanings and implications of the protocols of cooperation signed between Turkey and Armenia on 10 October 2009. By turning a modern eye on historical events, this study gives great and necessary attention to discovering the precise chronology, meaning, and development of the continuing negotiations between Turkey and Armenia.

America's Dream Palace Osamah F. Khalil, 2016-10-17 As the post-war U.S. national security establishment required Middle Eastern expertise, it cultivated a beneficial relationship with universities.
