

Types of anarchism

There are four types of anarchism, divided into two broad categories:

Collectivist anarchism

- Philosophical roots of collectivist anarchism lies in **Socialism**. It is **collectivist** due to its belief that **human beings** are **social** - better off living together than alone - and the emphasis is placed on **social solidarity** or what **Kropotkin** called '**mutual aid**'. They believe natural order is based on **sympathy** and **harmony** and that people are linked by **common humanity**, thus there is no need for regulation and control. **Bakunin** - *"social solidarity is the first human law; freedom is the second law"*.
- **Overlap between Anarchism and Socialism, particularly Marxism:**
 - Both see **capitalism** and the **state** as **evil** and **exploitative**.
 - Both advocate **revolutionary change**, **collective ownership** and **communal living**.
 - Both advocate a **harmonious social order** without political authority.
- **However, they differ for the following reasons:**
 - How to **transition** from capitalism to communism. Marx advocated the '**dictatorship of the proletariat**' as a **transitional phase** until the state '**wither, away**', while **collectivist anarchists** advocate a **spontaneous transition**.
 - **Anarchists** see no distinction between the **bourgeois state** and the **proletarian state**. They believe both are **evil** and **corrupting**.
 - Anarchists **reject revisionist socialism** viewing it as a contradiction in terms; (1) Impossible to humanise capitalism. (2) Impossible to achieve equality via oppressive state.

Two types of collectivist anarchism:
