Patrons Brokers And Clients In Seventeenth Century France

Sharon Kettering

Patrons Brokers And Clients In Seventeenth Century France:

Patrons, Brokers, and Clients in Seventeenth-Century France Sharon Kettering, 1986-06-12 A bold new study of politics and power in 17th century France this book argues that the French Crown centralized its power nationally by changing the way it delegated its royal patronage in the provinces During this period the royal government of Paris gradually extended its sphere of control by taking power away from the powerful and potentially disloyal provincial governors and nobility and instead putting it in the hands of provincial power brokers regional notables who cooperated with the Paris ministers in exchange for their patronage The new alliances between the Crown s ministers and loyal provincial elites functioned as political machines on behalf of the Crown leading to smoother regional national cooperation and foreshadowing the bureaucratic state that was to follow Patronage in Sixteenth- and Seventeenth-Century France Sharon

Kettering, 2024-10-28 The dual themes of this volume are the characteristics of patronage relationships and their political uses in early modern France The first essays provide an overview of the scholarly literature and suggest that the obligatory reciprocity of the patron client exchange was a defining characteristic The third and fourth essays compare patronage relationships with kinship and friendship while the following two focus on the patronage role of noblewomen Professor Kettering then looks at the role of brokerage in state formation in early modern France comparing this with other early modern societies In the final section she explores the role of patronage in the religious wars of the late 16th century and in the civil war of the Fronde a half century later and the ways in which it was affected by the changing lifestyles of the great nobles during the late 17th century **PATRONS, BROKERS, & CLIENTS IN 17TH CENTURY FRANCE (OP -**

CANCELLED). SHARON. KETTERING, 1986 Monarchy, Aristocracy and State in Europe 1300-1800 Hillay

Zmora, 2002-01-04 *Monarchy Aristocracy and the State in Europe 1300 1800* is an important survey of the relationship between monarchy and state in early modern European history Spanning five centuries and covering England France Spain Germany and Austria this book considers the key themes in the formation of the modern state in Europe The relationship of the nobility with the state is the key to understanding the development of modern government in Europe In order to understand the way modern states were formed this book focusses on the implications of the incessant and costly wars which European governments waged against each other which indeed propelled the modern state into being *Monarchy Aristocracy and the State in Europe 1300 1800* takes a fascinating thematic approach providing a useful survey of the position and role of the nobility in the government of states in early modern Europe **Intimate Bonds** Jennifer L. Palmer, 2016-07-28

Following the stories of families who built their lives and fortunes across the Atlantic Ocean *Intimate Bonds* explores how households anchored the French empire and shaped the meanings of race slavery and gender in the early modern period As race based slavery became entrenched in French laws all household members in the French Atlantic world regardless of their status gender or race negotiated increasingly stratified legal understandings of race and gender Through her focus on

household relationships Jennifer L Palmer reveals how intimacy not only led to the seemingly immutable hierarchies of the plantation system but also caused these hierarchies to collapse even before the age of Atlantic revolutions Placing families at the center of the French Atlantic world Palmer uses the concept of intimacy to illustrate how race gender and the law intersected to form a new worldview Through analysis of personal mercantile and legal relationships *Intimate Bonds* demonstrates that even in an era of intensifying racial stratification slave owners and slaves whites and people of color men and women all adapted creatively to growing barriers thus challenging the emerging paradigm of the nuclear family This engagingly written history reveals that personal choices and family strategies shaped larger cultural and legal shifts in the meanings of race slavery family patriarchy and colonialism itself *Historical Dictionary of France* Gino

Raymond, 2008-10-23 From the construction of Notre Dame and the Eiffel Tower to the Fall of the Bastille and the Declaration of the Rights of Man and the Citizen to Napoleon Bonaparte's defeat at Waterloo to Albert Camus L'Etranger and the existentialism of Jean Paul Sartre France has been a part of some of the greatest and most memorable events in human history Author Gino Raymond relates the history of these events in the second edition of the *Historical Dictionary of France* Through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on kings politicians authors architects composers artists and philosophers a thorough history of France is presented **Patrons of**

the Old Faith Jaap Geraerts, 2018-09-24 *Patrons of the Old Faith* is the first full length study on the Catholic nobility in the Dutch Republic Based on a detailed prosopographical analysis and through the examination of their marriage strategies interaction with Protestants religiosity and contributions to the Holland Mission Jaap Geraerts shows how the behaviour of the Catholic nobility was highly distinctive and differed from their co religionists and Protestant peers as it was influenced by a specific set of noble and Catholic values Due to the synthesis of their noble and confessional identities the Dutch Catholic nobility in Utrecht and Guelders acted as patrons of their faith and were instrumental for the survival of Catholicism in the Dutch Republic **State Formation in Wallachia, 1740-1800** Vasile Mihai Olaru, 2024-12-21 This book explores the

transformation of the state in Wallachia an Ottoman tributary principality between 1740 and 1800 by focusing on three administrative techniques regulations paperwork registers identification certificates and weights and measures The implementation by the central power of regulations bookkeeping certificates and standard units of measurement was not smooth but it nevertheless heralded the beginning of the struggle against localism and the efforts to extend the boundaries of legitimate state action The author challenges the mostly Romanian historiography of the Phanariot period which has portrayed the state as a set of institutions undertaking certain responsibilities and has insisted almost exclusively on its extractive function and abusive character Instead this book takes a closer look at how the Wallachian state functioned examining how its means of interacting with its subjects changed in the second half of the eighteenth century Rethinking the problem of the state in eighteenth century Wallachia traditionally regarded as a mere instrument of Ottoman domination it

claims that it was precisely during this time that the bases of modern statehood were laid in a context defined by imperial rivalries Ottoman Habsburg Russian in the region Making the case for state formation in the absence of preparation for war the author also stresses in contrast to recent contributions that decentre the state the need to study the process whereby the effect of state coherence is produced While focusing on Wallachia this book provides valuable reading for those interested in early modern administrative and legal history the history of state formation and Southeast European history more generally

Russian Practices of Governance in Eurasia Gulnar T. Kendirbai, 2020-03-04 This book analyses the role of the mobility factor in the spread of Russian rule in Eurasia in the formative period of the rise of the Russian Empire and offers an examination of the interaction of Russian authorities with their nomadic partners Demonstrating that the mobility factor strongly shaped the system of protectorate that the Russian and Qing monarchs imposed on their nomadic counterparts the book argues that it operated as a flexible institutional framework which enabled all sides to derive maximum benefits from a given political situation The author establishes that interactions of Russian authorities with their Kalmyk and Qazaq counterparts during the mid 16th to the mid 19th centuries were strongly informed by the power dynamics of the Inner Asian frontier These dynamics were marked by Russia's rivalry with Qing Chinese and Jungar leaders to exert its influence over frontier nomadic populations This book shows that each of these parties began to adopt key elements of existing steppe political culture It also suggests that the different norms of governance adopted by the Russian state continued to shape its elite politics well into the 1820s and beyond The author proposes that by combining key elements of this culture with new practices Russian authorities proved capable of creating innovative forms of governance that ended up shaping the very nature of the colonial Russian state itself An important contribution to the ongoing debates pertaining to the nature of the spread of Russian rule over the numerous populations of the vast Eurasian terrains this book will be of interest to academics working on Russian history Central Asian Eurasian history and political and cultural history Politics and Political Change Robert I. Rotberg, 2001 This collection shows how the study of past politics can be deepened by theory and practice from political science sociology and economics and how the application of quantitative methods to received assumptions can expand our understanding of all political history

Yeah, reviewing a books **Patrons Brokers And Clients In Seventeenth Century France** could mount up your near friends listings. This is just one of the solutions for you to be successful. As understood, ability does not recommend that you have fabulous points.

Comprehending as well as arrangement even more than further will present each success. next to, the notice as with ease as keenness of this Patrons Brokers And Clients In Seventeenth Century France can be taken as with ease as picked to act.
