Pattern Of Maugham:

The Pattern of Maugham Anthony Curtis,1974 This interesting and thorough study evaluates the whole of Maugham's huge literary output as dispassionately as possible The author formerly with the London Times Literary Supplement is guided by his affection and sympathy with the man and his work In tracing the ideas which influenced Maugham the social background which formed him and the intellectual climate of the times the author offers a portrait of a man whose one real passion was literature Maugham wrote short stories novels and plays which are discussed and analyzed in detail This is not a biography of the man but of the writer and the struggles and successes he found in his chosen profession Self-same

Songs Roger J. Porter,2002-01-01 Self Same Songs constitutes a major contribution to the growing literary study of autobiography Using a range of authors including Homer Edward Gibbon Benjamin Franklin Somerset Maugham Franz Kafka and Eugène Delacroix Roger J Porter offers a broad based examination of the autobiography and the varied techniques used by its practitioners over time In a style that is both graceful and erudite Porter focuses on the diverse motivations and rhetorical functions that the act of self writing serves for particular writers He reflects on the texts not only as an exploration of self identity but also as the writers attempts to modify the life in the act of writing about it Then stepping out of his critical role Porter ends each chapter with an autobiographical discussion of his professional and personal engagement with the autobiographer under discussion creating an intriguing and absorbing literary autobiography within the critical text
