**Edwin Amenta, Kate Nash, Alan Scott**

## **Patterns Of Kingship And Authority In Traditional Asia:**

Patterns of Kingship and Authority in Traditional Asia I. W. Mabbett, 2024-11-01 There has been a tendency to neglect the political life of Asia in favour of religious and aesthetic considerations The myth of the changeless East dies hard Few people are aware that the earliest legislation for the rights of the common man go back to the Sumerians and that outlines for a social contract were drawn up by Indian Buddhists two thousand years before Locke and Rousseau First published in 1985 Patterns of Kingship and Authority in Traditional Asia provides an excellent survey of traditional Asian ideas of government from the earliest kingdoms of the Sumerians and the Egyptians to the time when Western influence first made itself felt Each chapter is written by a specialist on a particular country or region of Asia who seeks to identify some of the essential features of its traditional royal or imperial authority Particularly fascinating is the way in which traditional institutions continue to have a vital influence upon Asian countries The serious reader will obtain a clear outline of traditional Asian ideas and systems of government and will indirectly acquire a deeper understanding of other aspects of Asian civilisations Patterns of Kingship and Authority in Traditional Asia Ian W. Mabbett, 1985 The outcome of a symposium held at the first biennial conference of the Asian Studies Association of Australia in Melbourne in August 1975 **Human Rights**

**Constitutionalism in Japan and Asia** Lawrence W. Beer, 2009-05-01 Less noticed in the West than wars terrorism and economic trends has been the historic development since World War II of constitutional government and law in Asia Lawrence W Beer has been a close observer of Asian linkages among law politics culture and national security issues for over fifty years His perspectives have been refined during long residence in Asia especially Japan by substantial friendly interactions with Asian legal scholars judges and attorneys involved in the world of human rights constitutional law This volume which will be widely welcomed by students and researchers brings together a selection of Beer s many works previously published in diverse venue but no longer easily accessible The collection opens with a review of constitutionalism in Asia and the United States and concludes with a recent examination of Japan s rejection of war Japan s Constitutional Discourse and Performance By way of Afterword the author offers an in depth review of Globalization of Human Rights in the 21st Century **The Palgrave Handbook of Political Norms in Southeast Asia** Gabriel Facal, Elsa Lafaye de Micheaux, Astrid Norén-Nilsson, 2024-06-07 This open access handbook aims to constitute a reference point on political norm dynamics in Southeast Asia by bringing together the array of normative repertoires that frame the possibilities for citizens to participate in set agendas for make decisions in and contest not only electoral and institutional politics but also informal and imaginary political spaces It sheds light on intersecting political and social transformations and their consequences from the vantage point of political norms While chapters lay out and analyse how political norms across Southeast Asia have been shaped in successive historical phases the core of the handbook addresses current dynamics involved in defining and transforming political norms The Invention of Politics in Colonial Malaya Anthony Milner, 2002-07-18 This innovative book

is a pioneering study of political debate in an important Southeast Asian society Now available in paperback it re examines the formative period in Malay nationalism and argues against using nationalism as the paradigm of analysis This magnificent book is certainly essential reading for Malaysianists and Malaysians interested in the intrigues and mystique of Malay politics in the past and at present Shamsul A B Asian Studies Review The Invention of Politics in Colonial Malaya is a model of its kind and will undoubtedly become a landmark in Malaysian studies and an example to those in other fields It is a stylish and highly readable essay in cultural history William R Roff Bulletin of the School of Oriental and African Studies *Vietnamese Supernaturalism* Thiện Đỗ, 2003 Popular religion in southern Vietnam is so often regarded as an indefinable mix of many different beliefs meanings and symbols with little pattern of explanation In contrast this book highlights that the beliefs of the Vietnamese can be categorized into four distinct yet overlapping spheres and that the varying attitudes which exist towards the spirit world are a direct result of unique historical and environmental circumstances Vietnamese Supernaturalism examines a wide range of religious customs from trancer possession practices to styles of self cultivation against several different backgrounds including migration settlement and the effect of colonialism Despite the ostensible differences within the practices of popular religion Thien Do controversially demonstrates two consistent similarities an abiding interest in the altered state of consciousness and the daily acts of survival employed in order to evade identity construction By brining together oral histories reports and fiction writing alongside more conventional documented sources this book reveals an area of history which has been largely neglected It will prove to be a valuable resource to students of Asian studies anthropology and all of those with an interest in the history of Vietnam The Wiley-Blackwell Companion to Political Sociology Edwin Amenta, Kate Nash, Alan Scott, 2016-09-26 The Wiley Blackwell Companion to Political Sociology is a complete reference guide reflecting the scope and quality of the discipline and highlighting emerging topics in the field Global in focus offering up to date topics from an interdisciplinary international set of scholars addressing key issues concerning globalization social movements and citizenship The majority of chapters are new including those on environmental politics international terrorism security corruption and human rights Revises and updates all previously published chapters to include new themes and topics in political sociology Provides an overview of scholarship in the field with chapters working independently and collectively to examine the full range of contributions to political sociology Offers a challenging yet accessible and complete reference guide for students and scholars *Taxation and Revenue Collection in Ancient India* Sanjeev Kumar, 2016-05-11 This is the first book to study taxation and revenue collection through a detailed analysis of public finance and financial administration in four major Indian texts namely Mahabharata Manusmriti Shukranitisar and Arthashastra as philosophers trained in the Indian classic tradition and scholars working on ancient Indian wisdom mostly prefer a more abstract approach India has a long tradition of at least two millennia of active philosophizing in the fields of logic ethics epistemology and metaphysics though many in the West feel hesitant in according it the title

philosophy in their sense of the word Furthermore few in India have taken it beyond philosophy towards active knowledge This book re visits and re interprets the contexts of these texts with logic and objectivity to bring the pearls of knowledge found within into the present day showing that Sanskrit is still the lingua franca of intellectual dialogue in India     **The Oxford Handbook of the Welfare State** Francis G. Castles,Stephan Leibfried,Jane Lewis,Herbert Obinger,Christopher Pierson,2012-09-06 The Oxford Handbook of the Welfare State is the authoritative and definitive guide to the contemporary welfare state In a volume consisting of nearly fifty newly written chapters a broad range of the world s leading scholars offer a comprehensive account of everything one needs to know about the modern welfare state The book is divided into eight sections It opens with three chapters that evaluate the philosophical case for and against the welfare state Surveys of the welfare state s history and of the approaches taken to its study are followed by four extended sections running to some thirty five chapters in all which offer a comprehensive and in depth survey of our current state of knowledge across the whole range of issues that the welfare state embraces The first of these sections looks at inputs and actors including the roles of parties unions and employers the impact of gender and religion patterns of migration and a changing public opinion the role of international organisations and the impact of globalisation The next two sections cover policy inputs in areas such as pensions health care disability care of the elderly unemployment and labour market activation and their outcomes in terms of inequality and poverty macroeconomic performance and retrenchment The seventh section consists of seven chapters which survey welfare state experience around the globe and not just within the OECD Two final chapters consider questions about the global future of the welfare state The individual chapters of the Handbook are written in an informed but accessible way by leading researchers in their respective fields giving the reader an excellent and truly up to date knowledge of the area under discussion Taken together they constitute a comprehensive compendium of all that is best in contemporary welfare state research and a unique guide to what is happening now in this most crucial and contested area of social and political development     Pre-Industrial Societies Patricia Crone,2015-07-02 Eminent historian Patricia Crone defines the common features of a wide range of pre industrial societies from locations as seemingly disparate as the Mongol Empire and pre Columbian America to cultures as diverse as the Ming Dynasty and seventeenth century France In a lucid exploration of the characteristics shared by these societies the author examines such key elements as economic organization politics culture and the role of religion An essential introductory text for all students of history Pre Industrial Societies provides readers with all the necessary tools for gaining a substantial understanding of life in pre modern times In addition as a perceptive insight into a lost world italso acts as a starting point for anyone interested in the present possibilities and future challenges faced by our own global society
