Patterns of Undocumented Migration Richard C. Jones, 1984 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com *Undocumented Migration to the United States* Frank D. Bean, Barry Edmonston, Jeffrey S. Passel, 1990 Contains a collection of essays Assesses the impact of the Immigration Reform and Control Act IRCA of 1986 on illegal immigration with emphasis on undocumented migration from Mexico *Undocumented Mexicans in the USA* David M. Heer, 1990-11-30 When this volume was published in 1990 undocumented Mexican immigrants had become an important component of the US population In this book the author analyzes the results of a unique survey conducted in Los Angeles County where an estimated 44 percent of the undocumented Mexican population lived The survey allows the author to make comparisons among the groups of undocumented and legal Mexican immigrants and to study the effects of legal status on their living conditions The author also examines the findings of a number of other social scientists providing a comprehensive summary of the data on undocumented Mexicans in the US In his conclusion he turns to an evaluation of policy options for incorporating this group into the US population and for immigrants The book will be useful to sociologists and other social scientists as well as to lawyers and policy experts studying the problem of illegal immigrants Unauthorized migration ,1990 **Unauthorized Migration** ,1990 **Regional And Sectoral**

Development In Mexico As Alternatives To Migration Sergio Diaz-briquets, Sidney Weintraub, 2019-07-11 This volume examines a number of regional and sectoral developments in Mexico and assesses how they are related to undocumented migration to the United States representing efforts to identify productive alternatives to the problem of migration

Migration, Population Structure, And Redistribution Policies Calvin Goldscheider, 2019-03-08 This book analyses the links between migration and the composition structure and geographic distribution of populations It discusses the evolution of population redistribution policies in Brazil and examines internal migration between the 1930s and the 1980s

International Handbook of Migration and Population Distribution Michael J. White, 2015-12-11 This Handbook offers a comprehensive collection of essays that cover essential features of geographical mobility from internal migration to international migration to urbanization to the adaptation of migrants in their destinations Part I of the collection introduces the range of theoretical perspectives offered by several social science disciplines while also examining the crucial relationship between internal and international migration Part II takes up methods ranging from how migration data are best collected to contemporary techniques for analyzing such data Part III of the handbook contains summaries of present trends across all world regions Part IV rounds out the volume with several contributions assessing pressing issues in contemporary policy areas The volume's editor Michael J White has spent a career studying the pattern and process of internal and international migration urbanization and population distribution in a wide variety of settings from developing societies to advanced economies In this Handbook he brings together contributors from all parts of the world gathering in this one

volume both geographical and substantive expertise of the first rank The Handbook will be a key reference source for established scholars as well as an invaluable high level introduction to the most relevant topics in the field for emerging scholars Creating The Countryside Melanie Dupuis,Peter Vandergeest,2009 People active in regional environmental crises discuss the destruction conservation and creation of the countryside Working Papers ,1989
