Paul and his Opponents Stanley E. Porter, 2005-11-01 Who were Paul's opponents? Were they one or were they many depending upon the church concerned? These questions continue to be of interest to Pauline and other New Testament scholars and are addressed in this volume of collected essays. Moo, 2021-10-26 A landmark study of the apostle's writings by one of the world's leading Pauline scholars. Winner of the 2022 ECPA Christian Book Award for Bible Reference Works. This highly anticipated volume gives pastors, scholars, and all serious students of the New Testament exactly what they need for in-depth study and engagement with one of Christian history's most formative thinkers and writers. A Theology of Paul and His Letters is a landmark study of the apostle's writings by one of the world's leading Pauline scholars. Douglas J. Moo. Fifteen years in the making, this groundbreaking work is organized into three major sections. Part 1 provides an overview of the issues involved in doing biblical theology in general and a Pauline theology in particular. Here Moo also sets out the methodological issues, formative influences, and conceptual categories of Paul's thought. Part 2 moves on to Paul's New Testament writings, where Moo describes each Pauline letter with particular relevance to its theology. Part 3 offers a masterful synthesis of Paul's theology under the overarching theme of the gift of the new realm in Christ. Engaging, insightful, and wise, this substantive evangelical treatment of Paul's theology offers extensive engagement with the latest Pauline scholarship without sacrificing its readability. This volume brings insights from over thirty years of experience studying, teaching, and writing about Paul into one comprehensive guide that will serve readers as a go-to resource for decades to come. **ABOUT THE SERIES** The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary level textbooks for students of New Testament theology, interpretation, and exegesis. Paul and His Theology Stanley E. Porter, 2006 In this collection of articles, legal scholars consider how Nietzsche's philosophical and rhetorical interventions illuminate the failures of contemporary legal theory. *The Intertextuality of Paul's Apocalyptic Discourse* Doosuk Kim, 2023-05-08 This book attempts to investigate two strands in a single work: apocalyptic Paul and intertextuality. First, what does apocalyptic Paul mean? Is it synonymous to eschatology as a theological

notion or the end time mystery Many seminal works have delved into the intriguing yet unorganized notion of the apocalyptic Instead of attempting to provide a universal definition of the apocalyptic the author presents his understanding of the phenomenon particularly in the cultural realm The author contends that apocalyptic is neither all about the end time event nor merely a literary genre but an interpretive lens to understand the world and social phenomena one that is shaped and developed through culture and society Accordingly the term apocalyptic Paul implies how Paul views and understands the world history and supernatural phenomena through interaction with his cultural texts and context Second the author also suggests that intertextuality is not only about comparative literature study Rather intertextuality refers to cultural semiotics a sign system to deliver the meaning of text Based on this notion of intertextuality the author interprets how Paul envisages multiple phenomena heavenly ascent resurrection afterlife the origins of sin and two ages within his cultural context

'The Sufferings of Christ Are Abundant In Us' Kar Yong Lim,2009-08-11 Investigates the centrality of suffering to Paul s argument in 2 Corinthians

Paul's Utilization of Preformed Traditions in 1 Timothy Mark M. Yarbrough,2009-01-01 Mark Yarbrough assesses the question of whether traditional preformed material contributes to the message and understanding of Paul s first letter to Timothy The issue is addressed in three sections Part one evaluates previous works interacting with traditional material in the New Testament Through a critique of historically proposed criteria Yarbrough identifies eight criteria as the primary tools by which to discern units of preformed material In the second part of the book Yarbrough evaluates nineteen passages in 1 Timothy according to the criteria previously determined From this base he embraces twelve of the nineteen passages as preformed material These passages are subsequently examined in depth according to the author s distinct methodology Part three demonstrates four functions of the preformed traditions in 1 Timothy Firstly that they may be seen as strengthening the literary cohesion of the letter Secondly that the traditional units afford the author rhetorical leverage which may be best identified as the provision of authority the establishment of an instant rapport with the primary audience and the assistance conferred in addressing this implied audience Thirdly they present theological directives that confront the character and belief of the false teachers Finally Yarbrough asserts that the preformed traditions exist as a combatant against counter mission doctrine In conclusion this study displays that the traditional material which may be discerned within the letter contributes significantly to the overall message and understanding of 1 Timothy
