Paul In His Hellenistic Context:

Paul in His Hellenistic Context Troels Engberg-Pedersen, 2004-10-27 Universalism in Judaism and Christianity Alan F Segal Yes No How Far the participation of Jews and Christians in pagan cults Peder Borgen Paul and the Hellenistic schools the evidence of Galen Loveday Alexander Transferring a ritual Paul's interpretation of baptism in Romans 6 Hans Dieter Betz Enthymemic argumentation in Paul the case of Romans 6 David Hellholm Romans 7 7 25 as a speech in character Stanley K Stowers The quest for honor and the unity of the community in Romans 12 and the oration of Dio Chrysostom Halvor Moxnes Determinism and free will in Paul the argument of 1 Corinthians 8 and 9 Abraham J Malherbe Stoicism in Philippians Troels Engberg Pedersen Human nature and ethics in Hellenistic philosophical traditions and Paul some issues and problems David E Aune

Paul and Ancient Rhetoric Stanley E. Porter, Bryan R. Dyer, 2016-02-24 The Apostle Paul lived and breathed in a Hellenistic culture that placed high value on the art of rhetoric and recent advances in rhetorical criticism of the New Testament have resulted in a new emphasis on the rhetorical aspect of his letters As many scholars have pointed out however it is not clear to what extent ancient rhetoric actually influenced Paul and his writing or how important rhetoric is for interpreting the Pauline corpus This volume containing contributions from major figures in the field provides a nuanced examination of how ancient rhetoric should inform our understanding of Paul and his letters The essays discuss Paul's historical context present innovative advances in and trenchant critiques of rhetorical theory and offer fresh readings of key Pauline texts Outlining the strengths and weaknesses of a widely used approach Paul and Ancient Rhetoric will be a valuable resource for New Testament and Classics scholars

Paul Within Paganism Alexander Chantziantoniou, Paula Fredriksen, Stephen L. Young, 2025-11-04 Leading and rising scholars introduce a burgeoning new approach to the study of Paul which situates the Jewish apostle to gentiles within the wider world of ancient Mediterranean religion

Early Christian Ethics in Interaction with Jewish and Greco-Roman Contexts Jan Willem van Henten, Joseph Verheyden, 2012-11-29 Early Christian Ethics in Interaction with Jewish and Greco Roman Contexts focuses upon the nexus of early Christian Ethics and its contexts as a dynamic process The ongoing interaction with Jewish Greco Roman or early Christian traditions as well as with the social historical context at large continuously transformed early Christian ethics The volume proposes a dynamic model for studying culture and its various expressions in a society composed of several ethnic and religious groups The contributions focus on specific transformations of ethics in key documents of early Christianity or take a more comparative perspective pointing to similar developments and overlaps as well as particularities within early Christian writings Hellenistic Jewish writings Dead Sea Scrolls and Jewish inscriptions

Jesus and Paul in the Context of Judaism and Early Christianity Donald A. Hagner, 2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were

concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament

Paul and Philosophy Troels Engberg-Pedersen, 2023-11-20 This volume collects sixteen essays published by Troels Engberg Pedersen between 1994 and 2023 in which he analyses Pauline texts and themes philosophically often using ancient philosophy particularly Stoicism as a comparison to invigorate traditional theological exegesis of Paul Published in chronological order the essays are preceded by a substantial introduction tracing their analytical development This leads to a final account of Paul s message bringing all the issues together in a single strand Among the central themes tackled are the relationship between theology and ethics the logical form of Pauline moral exhortation the understanding of flesh and spirit the logic of action personhood and Paul s soteriology Along the way Paul s apocalypticism and his relationship with Judaism gain in importance with the analysis reaching its goal in an explication of the notion of the Christ circle

Paul's 'Spirit of Adoption' in its Roman Imperial Context Robert Brian Lewis, 2016-01-28 Robert Lewis examines Paul s use of the phrase Spirit of Adoption in Romans 8 12 17 against the background of its Roman Imperial context in order to shed light on interpretation of Paul s Letter to the Romans Whereas other scholars have explored what Paul may have meant when he uses the term adoption Lewis instead explores the reasons behind Paul s coupling of it with the term spirit Having examined theories for a possible Jewish antecedent for Paul s use of this phrase and found them less than persuasive Lewis unlocks the data within the term s Roman Imperial context that significantly clarifies what Paul means when he uses the phrase Spirit of adoption Lewis shows that when Paul wrote his letter to the Romans adoption had become a feature of Imperial succession Roman religion gave a great deal of prominence to the Roman family spirit the genius The Emperor s genius became identified as a deity in Roman religion and its veneration was widespread in Rome as well as the provinces When Romans 8 12 17 is read against this background a very different kind of exegetical picture emerges

Paul and the Creation of Christian Identity William S. Campbell, 2008-04-03 In the dominant interpretation of the Antioch incident Paul is viewed as separating from Peter and Jewish Christianity to lead his own independent mission which was eventually to triumph in the creation of a church with a gentile identity Paul s gentile mission however represented only one strand of the Christ movement but has been universalized to signify the whole The consequence of this view of Paul is that the earliest diversity in which he operated and which he affirmed has been anachronistically diminished almost to the point of obliteration There is little recognition of the Jewish form of Christianity and that Paul by and large related positively to it as evidenced in Romans 14 15 Here Paul acknowledges Jewish identity as an abiding reality rather than as a temporary

and weak form of faith in Christ This book argues that diversity in Christ was fundamental to Paul and that particularly in his ethical guidance this received recognition Paul's relation to Judaism is best understood not as a reaction to his former faith but as a transformation resulting from his vision of Christ In this the past is not obliterated but transformed and thus continuity is maintained so that the identity of Christianity is neither that of a new religion nor of a Jesus cult In Christ the past is reconfigured and thus the diversity of humanity continues within the church which can celebrate the richness of differing identities under the Lordship of Christ

St. Paul, the Natural Law, and Contemporary Legal Theory Jane Adolphe, Robert Fastiggi, Michael Vacca, 2012-03-22 The editors of this unique collection of essays exploring the relationship of St Paul and the natural law bring together contributions by scripture scholars theologians philosophers and international lawyers Inspired by the special Jubilee Year from June 2008 to June 2009 proclaimed by Pope Benedict XVI to celebrate the 2 000 year anniversary of the birth of St Paul the chapters in this book are the fruit of the contributors collaboration during the celebration of the Year of St Paul They share a common appreciation of the natural law as a basis for civil law and contemporary legal theory and each chapter examines the foundations of the natural law particularly in the writings of St Paul giving special recognition to the Catholic contributions to natural law and contemporary legal theory

Paul and the Ancient Letter Form Stanley E. Porter, Sean A. Adams, 2010 Throughout the last century there has been continuous study of Paul as a writer of letters Although this fact was acknowledged by previous generations of scholars it was during the twentieth century that the study of ancient letter writing practices came to the fore and began to be applied to the study of the letters of the New Testament This volume seeks to advance the discussion of Paul's relationship to Greek epistolary traditions by evaluating the nature of ancient letters as well as the individual letter components These features are evaluated alongside Paul's letters to better understand Paul's use and adaptations of these traditions in order to meet his communicative needs
