 Jewel in the Crown aired on British and American television in the early 1980s many people who had never read Paul Scott's  
 Raj Quartet on which it is based became engrossed in his sweeping tale of India in the waning days of the Raj At the same  
 time however some literary critics displaying a scholarly prejudice against popular success dismissed the literary worth of  
 Scott's novels In this comprehensive study of all thirteen Scott novels Francine Weinbaum takes issue with these critics and  
 makes a persuasive claim for The Raj Quartet as a masterpiece of twentieth century literature After a biographical chapter  
 Weinbaum discusses Scott's earlier novels as thematic and technical precursors of The Raj Quartet The Jewel in the Crown  
 The Day of the Scorpion The Towers of Silence and A Division of the Spoils She traces in the Quartet a dynamic of reality and  
 illusion that underlies the protagonists' struggle for love the antagonists' striving for power and privilege and the central  
 theme of the search for union between England and India whites and nonwhites and soul and body A final chapter  
 demonstrates how the protagonists of the early and middle novel repressed depressed introverted and inadequate figures are  
 transformed into the life affirming tragic figures of The Raj Quartet who are imprisoned not so much by psychological forces  
 as by historical and social ones In exploring the theme of thwarted union in The Raj Quartet and relating it to Scott's own life  
 and inner world Weinbaum opens a new door into the works of Paul Scott for both scholars and the reading public     Nelson
