Paul Valéry An Anthology:

Paul Valéry, an Anthology Paul Valéry, 1977-07-21 James R Lawler's elegant introduction deals with Valéry's concerns and his influence and also with critical interpretations of his work. The volume begins with *The Evening with Monsieur Teste* 1896 from the famous anti novel *Monsieur Teste* for whose translation Jackson Mathews received the National Book Award in 1974. It includes such notable essays as *The Introduction to the Method of Leonardo da Vinci*, *The Crisis of Mind and Poetry* and *Abstract Thought*. The importance of Valéry's prose poetry has only recently been recognized and a selection is presented here. There are also ten of his best known poems in verse among them *La Jeune Parque* and *Le Cimetière Marin* with the French texts facing the English translations by David Paul. The anthology closes with two dialogues one dating from the twenties the other from 1943 which demonstrate the play of ideas the intellectual vigor and grace that are characteristic of Valéry's work as a whole.

This chronological survey of major influences on T. S. Eliot's worldview covers the poet's spiritual and intellectual evolution in stages by trying to see the world as Eliot did. It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry his life as an American expatriate living in London from 1915 to 1930 including his ill fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition.
