Pauline Churches A Socio Historical Study Of Institutionalisation In The Pauline And Deutero Pauline Writings:

The Pauline Churches Margaret Y. MacDonald,2004-12-02 The author claims that development can be traced since we have not only letters from Paul himself but also the Pastoral epistles from the beginning of the second century as well as Ephesians and Colossians writings which are characteristic of the ambiguous period following the disappearance of the earliest authorities

The Pauline Churches Margaret Y. MacDonald,1988

Secular and Christian Leadership in Corinth Clarke,2018-12-10 This volume traces the influences of first century Corinthian secular leadership on local church leadership as reflected in 1 Corinthians 1 6 It then shows how Paul modifies the Corinthian understanding of church leadership By comparing secular leadership in first century Corinthian society with leadership in the Corinthian church it has been argued that one of Paul s major concerns with the church in Corinth is the extent to which significant members in the church were employing secular categories and perceptions of leadership in the Christian community This volume has adopted the method of assessing the New Testament evidence in the light of its social and historical background Both literary and non literary sources rather than modern sociological models were employed in making the comparison

The Pauline Writings Stanley E. Porter,Craig A. Evans,2015-01-29 This volume collects the best articles on the Pauline writings from the first fifty issues of the Journal for the Study of the New Testament The range of the volume reflects the breadth of the journal itself Here the reader will find ground breaking studies which introduce new critical questions and move into fresh areas of enquiry surveys of the state of play in this particular topic of New Testament studies and articles which engage with each other in specific debates For students this book offers an invaluable critical introduction to Pauline studies More advanced students and scholars can use it to find background material or to gain an overview of the research in this area of scholarship This builds on the reputation of JSNT as a conduit for first class research and a major influence within the scholarly community

Pauline Churches and Diaspora Jews Barclay,2016 Seminal essays from a leading New Testament scholar For the past twenty years John Barclay has researched and written on the social history of early Christianity and the life of Jews in the Mediterranean Diaspora In this collection of nineteen noteworthy essays he examines points of comparison between the early churches and the Diaspora synagogues in the urban Roman world of the first century With an eye to such matters as food family money circumcision Spirit age and death Barclay examines key Pauline texts the writings of Josephus and other sources investigating the construction of early Christian identity and comparing the experience of Paul s churches with that of Diaspora Jewish communities scattered throughout the Roman Empire

Metaphors and Social Identity Formation in Paul's Letters to the Corinthians Kar Yong Lim,2017-05-05 Why did Paul frequently employ a diverse range of metaphors in his letters to the Corinthians Was the choice of these metaphors a random act or a carefully crafted rhetorical strategy Did the use of metaphors shape the worldview and behavior of the Christ followers In this innovative work Kar Yong Lim draws upon Conceptual Metaphor Theory and Social Identity Theory to answer these questions Lim illustrates

that Paul employs a cluster of metaphors namely sibling familial temple and body metaphors as cognitive tools that are central to how humans process information construct reality and shape group identity Carefully chosen these metaphors not only add colors to Paul s rhetorical strategy but also serve as a powerful tool of communication in shaping the thinking governing the behavior and constructing the social identity of the Corinthian Christ followers *The Pauline Concept of Supernatural Powers* Kabiro wa Gatumu,2009-02-20 The study of supernatural powers is fraught with vexing hermeneutical challenges which aggravate further in the African context While on the one hand Western anthropology tends to discount the idea of supernatural powers by attempting to explain them away on the other Western biblical scholarship has mainly worked from the premise of demythologizing them But none of these approaches make tangible sense to African scholars for whom supernatural powers constitute an integral component of their spiritual psyche This book based on an examination of over a thousand documentary sources both classic and modern attempts to address the issue of interpreting supernatural powers from an African worldview The author analyzes identifies and critiques major hermeneutical errors and offers a bridging hermeneutic using the method of reader response criticism *The Church's Guide for Reading Paul* Brevard S. Childs,2008 The Church s Guide for Reading Paul is the final work of a prolific and beloved biblical scholar Brevard Childs here turns his sharp scholarly eye to the works of the apostle Paul and makes an unusual argument the New Testament canon s formation was above all a hermeneutical exercise in which its anonymous apostles and postapostolic editors collected preserved and theologically shaped the material in order for the evangelical traditions to serve successive generations of Christians
