# Phenomenology Of Moods In Kierkegaard

**Céline Léon, Sylvia Walsh**

## **Phenomenology Of Moods In Kierkegaard:**

**The Phenomenology of Moods in Kierkegaard** Vincent A. McCarthy, 2012-12-06 Kierkegaard himself hardly requires introduction but his thought continues to require explication due to its inherent complexity and its unusual method of presentation Kierkegaard is deliberately unsystematic anti systematic in the very age of the System He made his point then and it is not lost upon us today But that must not deter us from assembling the fragments and viewing the whole Kierkegaard's religious psychology in particular may finally have its impact and generate the discussion it deserves when its outlines and interlocking elements are viewed together Many approaches to his thought are possible as a survey of the literature about him will readily reveal The present study proceeds with the simple ambition of looking at Kierkegaard on his own terms of thus putting aside biographical fascination or one's own personal religious situation I understand the temptation of both and have seen the dangers realized in Kierkegaard scholarship In English language Kierkegaard scholarship we are now in a new phase in which the entire corpus of Kierkegaard's authorship is at last viewed as a whole We have passed the stages of fad and of underformed Almost all the corpus is available in English or soon will be Perhaps now Kierkegaard can be viewed understood and criticized dispassionately and objectively not withstanding author Kierkegaard's personal horror of those adverbs The present study hopes to make its contribution toward this goal Kierkegaardian Phenomenologies Jeffrey Hanson, Wojciech Kaftanski, J. Aaron Simmons, 2024-02-07 Kierkegaardian Phenomenologies edited by J Aaron Simmons Jeffrey Hanson and Wojciech Kaftanski offers a substantive diverse and timely consideration of phenomenological engagements within the thought of Søren Kierkegaard Featuring original essays from a distinguished collection of established and emerging global scholars representing different schools of thought this volume explains how the interest in a phenomenological reading of Kierkegaard is not only vital but continues to grow in importance by cultivating new readers and inviting old readers to revisit their views Divided into four parts Phenomenological Explorations On Hearing and Seeing Rethinking Faith and Despair and Kierkegaard and New Phenomenology this collection not only reflects the current state of scholarly conversations in both Kierkegaardian studies and phenomenological research but also envisions new directions in which they should go exploring ways that a Kierkegaardian approach to phenomenology might help us to reenvision Kierkegaard scholarship and re-enliven phenomenological philosophy **Selfhood and Otherness in Kierkegaard's Authorship** Leo Stan, 2017-10-11 This book investigates the polysemy of the category of otherness in Søren Kierkegaard's authorship as a whole Leo Stan identifies expands upon and discusses the interconnections between four different senses of otherness the other within the human self the infinite alterity of God the paradoxical alterity of Christ and the alterity of the human other He also analyzes in detail the three stages of human existence the aesthetic the ethical and the religious His claim is that in its Kierkegaardian version otherness can be understood only within the redemption oriented framework of Christianity and in strict correlation with an ethic of singular persons *The to Z of Kierkegaard's Philosophy* Julia

Watkin,2010-03-23 *The A to Z of Kierkegaard's Philosophy* provides a contextual introduction to Kierkegaard's 19th century world of Copenhagen a chronology of events and key figures in his life as well as definitions of the key systems of his thought theology existentialism literature and psychology The extensive bibliographical section covers secondary literature and electronic materials of help to researchers The appendix includes detailed information on his writings along with a list of his pseudonyms This book is useful not only as a guide for experienced scholars but also as an introduction to new students of Kierkegaard's Philosophy     *Kierkegaard: The Aesthetic and the Religious* George Pattison,1992-06-18 These readings of Kierkegaard begin with a series of reflections on the background to his thought and writings examining Romanticism German Idealism and Danish intellectual history in the early 19th century The author analyzes the role of indirect communication in Kierkegaard's authorship     *Feminist Interpretations of Søren Kierkegaard* Céline Léon,Sylvia Walsh,2010-11-01 Even though Kierkegaard insisted on the fundamental equality of the sexes before God his entire production is highly problematic for feminism To a great degree this is due to his tendency to write under a pseudonym In this collection of 14 articles contributors take varying stands on the question of whether Kierkegaard's work was indicative of misogyny or misogamy Topics of discussion include Kierkegaard's notion of the double nature of woman and of the silent woman his idea of masculine indifference and his use of irony in his critique of the feminine Paper edition unseen 17 95 Annotation copyrighted by Book News Inc Portland OR     *The Isolated Self* K. Brian Soderquist,2013-10-01 While many studies of *On the Concept of Irony* treat Kierkegaard's irony primarily from a literary perspective *The Isolated Self* also examines irony with an eye to the fundamental problem in Kierkegaard's authorship namely the challenge of becoming a self Kierkegaard's irony is a cavalier way of life that seeks isolation from the other an isolation he considers necessary to becoming a self At the same time irony is said to be a hindrance to selfhood because the self fails to become a part of the social world in which it resides *The Isolated Self* thus puts the existential tension of *On the Concept of Irony* into relief and suggests how it sets the stage for the rest of Kierkegaard's authorship *The Isolated Self* reconstructs the horizon of understanding during Kierkegaard's time including Hegel's interpretation of both Socratic irony and Friedrich Schlegel's romantic irony In addition the work explores material from the little known Danish discussion of irony in the works of Poul Martin Møller Johan Ludvig Heiberg and Hans Lassen Martensen     ***Essays on Boredom and Modernity*** Barbara Dalle Pezze,Carlo Salzani,2009 The past thirty years saw a growing academic interest in the phenomenon of boredom If initially the analyses were mostly a historical now the historicity of boredom is widely recognised though often it is taken as evidence of its permanence as a constant quality of the human condition expression of a metaphysical malady inherent to the fact of being human New trends in the literature focus on the peculiar relationship between boredom and modernity and attempt to embrace the new social cultural and political factors which provoked the epochal change of modernity and relate them to a change in the parameters of human experience and the crisis of subjectivity The very changes that characterise modernity are the same that led to the democratisation of

boredom modernity and boredom are shown to be inextricably connected and inseparable This volume aims at contributing to the growing body of literature on boredom with a number of essays which reflect on the connection of boredom and modernity and focus on particular texts authors or aspects of the phenomenon The approach is multidisciplinary in keeping with the pervasiveness of the phenomenon in our culture and societies with essays reflecting on philosophy literature film media and psychology

**Either/or** Robert L. Perkins,1995 In *Either Or* Part One Kierkegaard presents what he calls the aesthetic form of life There he focuses on a large variety of the stereotypical views of women from a sentimental and whining appraisal of her position in the world through the view that sexual exploitation is an uncontrollable natural instinct and or drive for which men are not morally responsible to the view that woman is a jest not to be taken seriously as a moral and responsible being and then that she is just there as a sexual object or plaything to be reflectively seduced on the male s terms and for his pleasure or rejection whatever suits him at the moment Needless to say this great variety of views of the uses of woman has provoked a large critique and just as predictably that critique is as varied as the intellectual tools available for the analysis of a work that is as literary as it is philosophic The present collection of essays treats these and many other of the most important issues raised in *Either Or* in fresh and perceptive ways Even where familiar themes are argued the authors introduce innovative interpretive models new approaches and new materials are appealed to or new rebuttal arguments against previously held positions are offered Several of the articles for instance appropriate or criticize methods or insights derived from postmodernism and or feminist philosophy an approach that would have been unlikely two decades ago

**Living Poetically** Sylvia Walsh,2012-04-30 *Living Poetically* is the first book to focus primarily on Kierkegaard s existential aesthetics as opposed to traditional aesthetic features of his writings such as the use of pseudonyms literary techniques and figures and literary criticism *Living Poetically* traces the development of the concept of the poetic in Kierkegaard s writings as that concept is worked out in an ethical religious perspective in contrast to the aesthetics of early German romanticism and Hegelian idealism Sylvia Walsh seeks to elucidate what it means in Kierkegaard s view to be an authentic poet in the form of a poetic writer and to clarify his own role as a Christian poet and writer as he understood it Walsh shows that in spite of strong criticisms made of the poetic in some of his writings Kierkegaard maintained a fundamentally positive understanding of the poetic as an essential ingredient in ethical and religious forms of life Walsh thus reclaims Kierkegaard as a poetic thinker and writer from those who would interpret him as an ironic practitioner of an aestheticism devoid of and detached from the ethical religious as well as from those who view him as rejecting the poetic and aesthetic on ethical or religious grounds Viewing contemporary postmodern feminism and deconstruction as advocating a romantic mode of living poetically Walsh concludes with a feminist reading of Kierkegaard that affirms both individuality and relatedness commonalities and differences between the self and others men and women for the fashioning of an authentic mode of living poetically in the present age

*Volume 8, Tome III: Kierkegaard's International Reception – The Near East,*

*Asia, Australia and the Americas* Jon Stewart, 2017-05-15 Although Kierkegaard's reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair. As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark. While in Scandinavia the attack on the Church in the last years of his life became something of a cause célèbre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders. As his reputation grew he was co-opted by a number of different philosophical and religious movements in different contexts throughout the world. The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories. Tome III is the most geographically diverse covering the Near East, Asia, Australia and the Americas. The section on the Near East features pioneering articles on the Kierkegaard reception in Israel, Turkey, Iran and the Arab world. The next section, dubbed Asia and Australia, features articles on the long and rich traditions of Kierkegaard research in Japan and Korea along with the more recent ones in China and Australia. A final section is dedicated to the Americas with articles on Canada, the United States, hispanophone South America, Mexico and Brazil.

**Anxiety in Eden** John S. Tanner, 1992 Tanner uses Kierkegaard's thought in particular his theory of anxiety to enrich a bold new reading of Milton's *Paradise Lost*. He argues that for Milton and Kierkegaard the path to sin and to salvation lies through anxiety and that both writers include anxiety within the compass of paradise. The first half of the book explores anxiety in Eden before the Fall, original sin, the aetiology of evil and prelapsarian knowledge. The second half examines anxiety after the Fall, offering original insights into such issues as the demonic personality, remorse, despair and faith.

**The Routledge Handbook of Contemporary Existentialism** Kevin Aho, Megan Altman, Hans Pedersen, 2024-04-18 Of the philosophical movements of the twentieth century, existentialism is one of the most powerful and thought-provoking. Its engagement with the themes of authenticity, freedom, bad faith, nihilism and the death of God captured the imagination of millions. However, in the twenty-first century, existentialism is grappling with fresh questions and debates that move far beyond traditional existential preoccupations, ranging from the lived experience of the embodied self, intersectionality and feminist theory to comparative philosophy, digital existentialism, disability studies and philosophy of race. *The Routledge Handbook of Contemporary Existentialism* explores these topics and more, connecting the ideas and insights of existentialism with some of the most urgent debates and challenges in philosophy today. Eight clear sections explore the following topics: methodology and technology; social and political perspectives; environment and place; affectivity and emotion; death and freedom; value; existentialism and Asian philosophy; aging and disability. As well as chapters on key figures such as Kierkegaard, Nietzsche, Heidegger, Sartre and Beauvoir, the Handbook includes chapters on topics as diverse as Chicana feminism, ecophilosophy and the environment, Latina existentialism, Black nihilism, the Kyoto school and Southeast Asian existentialism and the experiences of aging, disability and death. Essential reading for students and researchers in the areas of existentialism and phenomenology. The

Routledge Handbook of Contemporary Existentialism will also be of interest to those studying ethics philosophy and gender philosophy of race the emotions and philosophical issues in health and illness as well as related disciplines such as Literature Sociology and Political Theory

**Red Sea-Red Square-Red Thread** Lydia Goehr,2022 Designed as a philosophical detective story Red Sea Red Square Red Thread follows the extraordinary number of thinkers and artists who have used the Red Sea anecdote to make so much more than a merely anecdotal point Leading the large cast are the philosophers Arthur Danto and S ren Kierkegaard the poet and playwright Henri Murger the opera composer Giacomo Puccini and the painter and print maker William Hogarth Strange companions perhaps until their use of the anecdote is shown as working its extraordinary passage through so many cosmopolitan cities of art and capital Lydia Goehr explores these narratives of emancipation in philosophy theology politics and the arts

Volume 13: Kierkegaard's Influence on the Social Sciences Jon Stewart,2016-12-05 Kierkegaard has long been known as a philosopher and theologian but his contributions to psychology anthropology and sociology have also made an important impact on these fields In many of the works of his complex authorship Kierkegaard presents his intriguing and unique vision of the nature and mental life of human beings individually and collectively The articles featured in the present volume explore the reception of Kierkegaard s thought in the social sciences Of these fields Kierkegaard is perhaps best known in psychology where The Concept of Anxiety and The Sickness unto Death have been the two most influential texts With regard to the field of sociology social criticism or social theory Kierkegaard s Literary Review of Two Ages has also been regarded as offering valuable insights about some important dynamics of modern society

Kierkegaard's Dialectic of Inwardness Stephen Northrup Dunning,2014-07-14 Stephen Dunning examines Kierkegaard s theory of stages in terms of his dialectic of inwardness shown here to be the Ariadne s thread uniting all the major pseudonymous works Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Melancholy and the Critique of Modernity Harvie Ferguson,2005-08-10 The connections between the emergence of modern society and the experience of melancholy are explored through a comprehensive re examination of Soren Kierkegaard s rich and insightful writings

*The Sickness Unto Death* Robert L. Perkins,2001-11 Famed for the depth and acuity of its modern psychological insights this classic work of theistic existentialist thought explores the concept of despair

*The Corsair Affair* Robert L. Perkins,1990 For the first time in English the world community of scholars is systematically assembling and presenting the results of recent research in the vast literature of Soren Kierkegaard Based on the definitive English edition of Kierkegaard s works by Princeton University Press this series of commentaries addresses all the published

texts of the influential Danish philosopher and theologian **Divine Suspense** Andreas Seland, 2018-07-23 What is suspense and why do we feel it These questions are at the heart of the first part of this study It develops and defends the imminence theory of suspense the view that suspense arises in situations that are structurally defined by something essential being imminent Next the study utilizes this theory as an interpretative key to Søren Kierkegaard's seminal work *Frygt og Bæven* *FB* *FB* is an exploration of what it means to take the story of Abraham and Isaac as a paradigmatic example of faith The study argues that a core aspect of how Kierkegaard conceptualizes faith through the figure of Abraham is suspense The argument is built upon the observation that to have faith is to be a hero To be hero means to belong to a story Stories manifests different conceptualizations of time Abraham's story as *FB* frames it is radically geared towards something imminent it is characterized by an essential relation of suspense The study then explores how suspense not only forms part of the conceptualization of faith but is also part of how this conceptualization is communicated Thus the study argues that there exists a symmetry of suspense between the rhetorical and the conceptual levels of the text

Eventually, you will very discover a new experience and exploit by spending more cash. nevertheless when? do you undertake that you require to acquire those every needs like having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to understand even more nearly the globe, experience, some places, past history, amusement, and a lot more?
