Philosophical And Literary Pieces:

Philosophical and Literary Pieces Samuel Alexander,1939 **Philosophical and Literary Pieces** Samuel Alexander,1939 **Collected Works Of Samuel Alexander** Samuel Alexander,2000-02-15 Philosophical and Literary Pieces Samuel Alexander,1939 *Philosophical and Literary Pieces, with a Memoir* Samuel Alexander,1939

Philosophical and Literary Pieces ... Edited, with a Memoir, by His Literary Executor (John Laird). [With a Portrait.]. Samuel Alexander,John LAIRD (Professor of Moral Philosophy in the University of Aberdeen.),1939

Contemporary European Philosophy Joseph M. Bochenski,1974 This work provides a general guide to the domain of contemporary philosophy for the nonspecialist Dictionary of Twentieth-Century British Philosophers Stuart Brown,2005-06-01 This is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after The entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date Typically the individuals included have been born by 1935 and by now have made their main contributions Contributions to the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included The dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy There are special problems about the term British in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term The intention has been to include not only those who were British subjects at least for a significant part of their lives even if they mostly lived outside what is now the U K but also people who spent a significant part of their lives in Britain itself irrespective of their nationality or country of origin In the first category are included for instance a number of people who were born and educated in Britain but who subsequently taught in universities abroad In the second category are included those who were born elsewhere but who came to Britain and contributed to its philosophical culture *Encyclopedia of Asian Philosophy* Oliver Leaman,2006-10-19 Incorporating cultural and religious contexts this unique Encyclopedia provides a vital guide to the main concepts and thinkers in Asian philosophy starting with Abhidharma and ending with Zurvan The main philosophical trends and thinkers in each geographical area are featured with an emphasis on endtemporary developments and movements The A Z structured encyclopedia emphasizes that Asian philosophy is not merely an ancient form of thought but that it is a living philosophy with roots in the past and also a potent and animate presence today This translates into the reciprocal exchange of theories between Eastern and Western thinking for example of new schools of thought such as orientalism Requiring no prior knowledge of philosophy religion or Asian cultures this book is essential reading for students teachers and the interested individual who wishes to gain an understanding of the philosophical basis to Asian cultural systems *Philosophers and Friends* Dorothy Emmet,2016-07-27 With a wealth of anecdote Dorothy Emmet looks back on the philosophers who made a

personal impact on her She brings to life the Oxford of the 1920s and writes particularly about H A Pritchard and R G Collingwood She knew A N Whitehead and Samuel Alexander and remembers philosophers who struggled with political dilemmas when a number of intellectuals were turning to Marxism Describing the post war period she recalls R B Braithwaite Michael Polanyi Alasdair MacIntyre and others Her personal portraits will interest a wide readership as well as making essential reading for professional philosophers The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Space, Time & Deity: The Gifford Lectures at Glasgow 1916-1918, 2 vols NA NA, 2016-01-06 Dimensions of Aesthetic Encounters Robert E. Innis, 2022-04-01 We encounter in our lives things and situations that elicit from us special forms of attention They affect and inform us in various ways drawing us in and holding us in their grasp or turning us away Works of art of all sorts and nature in its myriad manifestations exemplify these luring and repelling qualities and potencies Dimensions of Aesthetic Encounters explores central perceptual interpretative and semiotic dimensions of these encounters combining a wide range of examples and intellectual resources from pragmatist hermeneutical and semiotic frameworks Practicing a kind of method of rotation Robert E Innis breaks down barriers in aesthetic theory and shows their complementary powers Recurring themes link each chapter throwing a powerful light on aesthetic encounters by foregrounding such pivotal notions as play fundedness and the role of memory the defining quality of an artwork energies of objects potencies rhythm form presentational abstraction medium symbolization intuition role of the body and the non argumentative nature of art

Between Theater and Philosophy Mathew R. Martin, 2001 Between Theater and Philosophy studies the aggressive restless and critical skepticism of the major city comedies of early modern English dramatists Ben Jonson and Thomas Middleton The book places the city comedies in the context of the battle between theater and philosophy declared by Plato s expulsion of theater from his ideal republic **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **Monsters in the Classroom** Adam Golub, Heather Richardson Hayton, 2017-06-09 Exploring the pedagogical power of the monstrous this collection of new essays describes innovative teaching strategies that use our cultural fascination with monsters to enhance learning in high school and college courses The contributors discuss the implications of inviting fearsome creatures into the classroom showing how they work to create compelling narratives and provide students a framework for analyzing history culture and everyday life Essays explore ways of using the monstrous to

teach literature film philosophy theater art history religion foreign language and other subjects Some sample syllabi assignments and class materials are provided Talking about Evil Rina Lazar,2016-10-04 How can we talk about evil How can we make sense of its presence all around us How can we come to terms with the sad fact that our involvement in doing or enabling evil is an interminable aspect of our lives in the world This book is an attempt to engage these questions in a new way Written from within the complicated reality of Israel the contributors to this book forge a collective effort to think about evil from multiple perspectives A necessary effort since psychoanalysis has been slow to account for the existence of evil while philosophy and the social sciences have tended to neglect its psychological aspects The essays collected here join to form a wide canvas on which a portrait of evil gradually emerges from the Bible through the enlightenment to the Holocaust from Kant through Freud Klein Bromberg and Stein to Arendt Agamben and Bauman using literature history cinema social theory and psychoanalysis Talking about Evil opens up a much needed space for thinking in itself an antidote to evil It will be of interest to psychoanalysts psychotherapists and scholars and students of philosophy social theory and the humanities

Dictionary of World Biography: The 20th century, O-Z Frank Northern Magill,Christina J. Moose,Alison Aves,1999-11 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography *Ancient Philosophy* Lorenzo Perilli,Daniela P. Taormina,2017-12-12 We are all Greeks Our laws our literature our religion our arts have their root in Greece the poet Percy Bysshe Shelley once wrote It is in Greece that the questions which shaped the destiny of Western culture were asked and so were the first attempts at an answer and the search for a method of investigation This book tries to rediscover the propulsive force that for over two millennia spread and still lives in our system of thought By systematically quoting the very words of the leading actors and by tracing their sources it leads the reader along a path where they will be able to observe the establishment of philosophical ideas and language in an updated and balanced picture of archaic lore of the thought of the classical and hellenistic ages and of the philosophy of late antiquity The book looks closely at the progress of scientific thought and at its increasing autonomy while following the evolution of the fruitful yet problematic relationship between the Greek world and the Near East Spinoza In English, A Bibliography Wayne Boucher,1999-06-15 Spinoza in English i is the first bibliography to document the entire 300 year record of books monographs dissertations and articles in English on Benedict Spinoza as well as all translations of his works into English Arranged alphabetically by author or editor and internally cross referenced in the case of anthologies and replies this bibliography cites its own sources where appropriate and in many cases provides details on how to obtain out of

print titles and unpublished dissertations. Additionally, it restores or corrects a good deal of earlier bibliographic detail and, beginning with titles from the mid 1800s, presents the citations in a uniform style. This second edition adds hundreds of citations, including dozens of titles hitherto overlooked, thus bringing the total to nearly 2700 on the main level, with hundreds of secondary references to later editions and reprints. It also provides an index and occasionally an abstract when the author's title inadequately describes the contents. As the only source of its kind, this bibliography is an indispensable reference tool for research libraries and individual scholars concerned with the life and works of Spinoza. Wayne Boucher's introduction is augmented by a preface by Professor Manfred Walther. The most complete bibliography of works in English on Spinoza, enlarged, corrected, and improved from the first edition, with numbered entries, uniquely comprehensive, current, and authoritative, numbered entries, and subject title index for easy reference. Translations of Political and Sociological Information on North Vietnam, 1963
